ANNOUNCEMENT

Philatelic Index is the name of a new stamp publication that enters a field that has been heretofore regarded too difficult to admit of successful handling. Its particular mission is to list prices in all leading auction sales. So far as we know, no one has ever attempted to do this. A number of stamp papers have, at different times, reviewed certain auctions, and prices have been gathered at the end of the season and compiled for future reference. Such is not the plan of this publication. It will be issued semi-monthly during the auction season. It will mean little to those who do not follow its plan, but much to all auction bidders who desire to know the limits that secured the lots they bid upon.

The listing of all auction prices is made possible through the devising of a plan which will price an average sized auction, say 1600 lots, upon two pages the size of an auction catalogue. And yet, by this plan, the ascertaining of the price of any lot is a very simple task. The plan consists of the listing of the prices received for ten lots in one line in consecutive order. At the beginning of the line is indicated the lots priced. Thus:

Lots 1-10—\$20, 1.40, 2.80, \$300, \$30, 10.80, 40c, \$8, 9.90, 8.85.

By counting from left to right you can locate in that line the price of any lot from one to ten, inclusive.

To give you an idea of the compactness of this plan suffice is to say that for the big Worthington sale, which totalled \$120,000, consisted of 3100 lots and covered 120 pages of catalogue, but 300 lines of prices, fewer than six pages of auction-catalogue size are required.

To use this publication, the subscriber preserves the catalogues of the sales in which he enters bids. When the publication reaches him (and it will be published promptly on the 10th and 25th of each month, he can look for the lots in which he is particularly interested. He can mark the prices on the margin and know what the successful bidder paid for any lot in the sale.

For Future Reference

The Index is printed in the chosen form with a specific purpose in view. The pages are purposely a little smaller than the page of the standard auction catalogue. The prices are listed upon one side of the leaf, in case the sale will admit of it, or on both sides of the leaf or leaves for larger sales. This is done so that you may take leaf or leaves out and fasten them into the auction catalogue to which they refer. This will give you a complete priced catalogue of each sale which may be filed away for future reference.

To use this Index you ascertain the lot you desire to price. Find the line containing the index thousand, hundred and ten represented in the lot in question. After locating this line, count forward until you find the lot sought.

For example: In the Worthington sale lots ran to 3100. Suppose you desire the selling price of Lot 2689. Locate the lots indexed 2681 to 2690. Count forward, giving the first price for 2681, the next 2682, and so on, until you mark off the next to the last price in the line as 2689. Or, by the quicker way in this case, take the second price from the right end of the line, knowing that the last figures are for 2690.

A Great Convenience to Auction Bidders

The publisher of Philatelic Index is an advanced collector purchasing chiefly in auctions. He has felt need of some means of securing auction prices without being compelled to send for priced catalogues of all sales in which he entered bids. He has also desired to know what specimens brought upon which he might later wish to bid. The plan adopted and explained herewith makes this possible.

Every collector to whom the plan has been presented has been impressed by the compactness yet simplicity of the plan. Nearly all have promised their financial support. The year's subscription is One Dollar—less than the charge of a single fair-sized priced catalogue. We believe serious collectors will find a subscription to this paper the best investment they can make. The service is to be authentic. The publisher is an experienced proof reader and all prices will be compared by him with the copies compiled at the sales.

All Leading Sales to Be Listed

All recognized auction dealers will have full reports of all sales held by them. This will guarantee the subscribers reports of the sales in the following cities: Boston, New York, Philadelphia, Columbus, Indianapolis, Chicago (Voorhees of La Grange), St. Louis. We do not promise to list those sales where printed catalogues are not mailed upon request. Mail auctions conducted through newspaper advertisements solely will not be considered within the scope of this publication.

The News Feature

It is not the intention to make this publication a disseminator of Philatelic news other than that pertaining to auction sales to be held or that have been held. In the case of auctions where rarities are to be sold, mention will be made in issues preceding the sales. Special reviews of sales of importance will be given, listing particularly the prices of those items which are of more than passing notice. This initial issue contains such a review of the Worthington sale held in New York.

We are not well known in Philatelic circles. We are a member of the A. P. S. 4866 and S. P. A. 2600. We ask no one to pay his subscription until we have proven that we propose to fulfill our agreement. We are willing to wait until we have issued the last December number before you remit your subscription. We ask no one to advance a year's subscription until they feel guaranteed of our sincerity of purpose and ability to fulfill our agreement. With this rather lengthy presentation of the matter, we beg to present for your consideration the initial number of The Philatelic Index.

No attempt is to be made to make this paper particularly attractive in appearance. Its value is found in the service it will render. Those who use it to best advantage will cut it up and fasten the different pages into the catalogues to which they belong. Next issue we will begin our bi-monthly review of the exceptionally good auction offerings in coming sales.

THE WORTHINGTON SALE---Part I, August 21, 22, 23---MORGENTHAU & CO.

A sale of more than passing notice was that of the first section of the much advertised Worthington collection, which was held by J. C. Morgenthau & Co. in New York, August 21, 22, and 23. One can gain an idea of the magnitude of this sale when it is mentioned that the total receipts exceeded the total of all the sales held in any one year by this firm by \$4,000. This statement means all the more since this firm in 1915-16 held fifteen sales, totalling \$116,353.70. This sale of the first section of the Worthington collection brought \$120,891.25, which is one-sixth of the grand total received by the Morgenthau's in 129 sales previously held since 1905.

For those who have a catalogue of this sale, the prices listed in this issue will prove of absorbing interest. Such may now price their entire catalogue or fasten the pages into their catalogue where it will serve as a reference whenever they desire to consult it. This is the service that this paper offers its subscribers. File your auction catalogue away and subscribe for The Index—you can then do intelligent bidding or pass a pleasant hour ascertaining what any lots brought in which you are interested.

Knowing that many to whom this paper goes will not have a catalogue of this big sale, and since we had to return ours, in order to get it priced for this review, none can now be secured from the firm. This sale is by far the most noteworthy that has been held for some years, and we feel that a more extended account of the rarities sold and the prices will be of interest to all Philatelists. This portion of the collection embraced the stamps of our own country. In this it was particularly complete, most of the issues being represented not only by superb single copies, but in many cases by unused pairs and blocks. It will be impossible in this review to do justice to even the U. S. section and we will confine our present remarks to them. There were 1530 lots covering the period of regular postal issues (1847-1910).

A block of four unused 5c 1847 red brown, fine margins at top and sides, some defects, cat. \$40, brought \$140, while a block of six of the same stamp (one defective) sold for \$310.

A used copy of 28b, 5c orange, cat. \$7, sold for \$48.

A horizontal strip of four 10c black, cancelled in red, cat. \$24, brought \$155, while a cancelled block of four went soaring nearly twenty times over catalogue, being knocked off at \$460. Three bisects of the 10c all on original cover with the post mark covering the cut, sold as follows: Upper right diagonal half, \$130; upper left diagonal half, \$92.50; right vertical half, \$115.

ISSUE OF 1851-6—Unused 1c blue (30) plate III type I sold for \$230; a used strip of three of the same stamp, \$310; while a vertical strip of three showing types I and III brought \$250.

Three copies of the 3c and a vertical third of another used together to make a ten cent rate sold for \$200.

A block of three of the 5c red brown, unused, brought \$410.

Upper left diagonal half of 12c used as 6c, \$100; 12c black and lower right half of unsevered 12c used to make 18c rate, \$125; upper right diagonal half of 12c used with three cent to make 9c rate, \$105.

The First of the High Boys

Bidders at the sale got their first realization of the high prices that some of the rarities would command when a cancelled copy of the 30c orange (38) on cover New York to Lyon, France, went to its new owner for a cool thousand dollars. This cover is unique and rare in that it proves the use of the 30c imperforate.

1857 ISSUE—A sheet of 100, plate three, 1c blue unused brought \$1100.

A block of four 5c brick red (45) o. g. finely centered, cat. \$400, brought \$910, while a block of six of the same stamp, variety (46) brought \$900.

BRIGGS
12/30/44

1861 AUGUST ISSUE—Block of four 10c dark green, cat. \$300, sold for \$370; 12c black (59) unused, cat. \$750, at \$1200—a great rarity from the Ayer collection; 30c red orange unused (61), from same collection, cat. \$500, brought \$660; 90c dull blue (62) o. g., from Luff collection, \$875, while a horizontal pair of the same unused sold for \$810.

A block of 12 (4x3) with imprint and plate number 12, 3c pink, cat. \$600, sold for nearly double, \$1100.

A copy of the 1867 30c orange, grill covering entire stamp, brought \$655, while an equally rare item, 3c rose, grill 18x15, commanded \$415. From Luff collection.

The real climax of the sale was reached when the 1869 inverted centers were sold. Little did the press feeders who inadvertently got the sheets reversed, think of the money copies of their mistakes some day would bring. The New York Times, in their mention of the sale, speaks of the bidding for these gems as follows:

"Colonel Green, who was an unsuccessful bidder for these rarities, got turned to New York from his honeymoon trip, spent nearly \$10,000 yesterday for some of the rarest specimens of United States postage stamps at the sale of the celebrated George H. Worthington collection, which is estimated to have cost Mr. Worthington, of Cleveland, more than \$1,000,000. Its United States stamps have long been acknowledged as the finest in the world, and his entire collection, including foreign stamps, is only excelled by one or two abroad. * * * The keenest competition centered in the very rare inverted centers of some of the 1869 two-colored issue. One of these, the 15-cent brown and blue, unused, brought the highest price of the sale, \$4,100. It was purchased by the Nassau Stamp Company for a private collector. The 30-cent, blue and carmine, perfectly centered, was obtained by the same buyer for \$3,550. The 24-cent, green and violet, said to be the only known unused copy with the inverted center, brought \$2,850.

"Colonel Greene, who was an unsuccessful bidder for these rarities, got a lightly canceled copy of the inverted 30-cent stamp for \$1,500. This was the highest price he paid for a single stamp, although he bought several well above \$100 each."

PAN-AMERICAN INVERTS—Horizontal strip of three 1c unused, \$135; a block of four of the same stamp, \$177.50. A fine copy of the 2c went \$5 over catalogue, bringing \$505. A copy of the 4c, although never regularly issued, brought \$61.

BLUE EXPERIMENTALS—A fine block of four 4c brown, \$300; block of four 5c blue, \$133; block of four 8c, olive green, \$255; block of four 13c green \$121.

The Departments

The Departments were complete in singles and blocks of various sizes. We will mention at this time only the blocks.

Executive—Superb block of 4 from Andreini collection, \$91; 3c, block of 4, \$46; 6c, block of 4, \$120; 10c, block of 4, \$103.

Justice—Blocks of four of each denomination sold as follows: 1c, \$3.70; 2c, \$13; 3c, \$9.25; 6c, \$8.25; 10c, \$15.25; 12c, \$12.10; 30c, \$87; a horizontal pair of the 90c brought \$60. All the above were unused and excellent copies.

Navy—2c green error, \$31.50; strip of 3 imperforate, \$61; block of 6, \$210.

State—\$5, upper right perforation gone, \$105; same, in better condition, \$140, both unused. Two unused copies of the \$10 brought \$39 and \$52. Two unused copies of the \$20, \$36, and \$32.

The State Department was represented by two complete sheets of ten stamps each. These sold as follows: \$10, \$650; \$20, \$450. A block of four of the two dollar brought \$170, other blocks sold: 24c, \$85; 15c, \$47; 10c \$18.50; 7c, block of six, \$47.50. All unused. A block of four Agriculture 1c, American print, unused, \$62.

We regret that our space will not permit of a more extended account of this excellent collection. A study of the catalogue shows that it was gathered with the utmost care in regard to condition. It is also convincing proof that it pays to hunt for choice specimens for all through the sale the prices range from catalogue upwards.

The Index, as stated elsewhere, will not attempt to treat of Philatelic matters except those pertaining to auction sales. We feel that collectors will appreciate a more extended report of this big collection and in our next number we will have more space that can be given to it.

PHILATELIC INDEX WELL RECEIVED

Many Compliments Sent by Subscribers—Help Boost the List by Mentioning It To Your Friends

The appearance of "The Philatelic Index," with scarcely five days' advance announcement to collectors, claiming to solve a Philatelic puzzle which had, up to that time, only been toyed with by other papers, came as a genuine surprise to all. Even the auction dealers had received but a few days' notice that something new as to be sprung.

The claim of being able to concisely and accurately list all current auction prices no doubt was read with misgiving by many who have wished for such a service. Collectors all over the country sent their requests for a copy of the first issue. A few sent their subscriptions and money the day they read the editorial comments upon the new plan in Mekeel's Weekly, desiring as one put it, "even though it be only a reasonable effort I subscribe to encourage that effort." (We have since met this reader and had the pleasure of hearing him endorsing our effort to others.)

The publisher is well pleased with the reception the paper has received from collectors. While the plan has been announced but two weeks, it has received the support of a large number of auction buyers. The dealers are pleased with the plan as it overcomes the most serious drawback to the quoting of auction prices—the reader must associate condition and price. We cannot state the object of this paper in any better way so we quote the words of Editor Severn, of the Mekeel's Weekly: "The Burner Index is to all intents and purposes a priced catalog, the price of which is reduced to a mere trifle."

No stronger claim can be made for your support of this paper. We have entered upon this work with a determination to command the support of all auction buyers by rendering an accurate and prompt service.

We know that the service to be of value to collectors must be accurate. We are glad that we are a collector. We would not attempt to publish this sort of a publication if we were not acquainted with the subject matter to be handled. Without boasting we merely state that we have been a student of Philately for twenty years. We have a fair knowledge of the value of stamps and when a priced catalog announces that some lot sold high we **must** know why before we take the statement "on the margin" as authentic. In this issue an item appeared in the furnished priced catalog. The description did not warrant such a price. A letter to the dealer to verify the same brought to light a slight clerical error. We mention this not to criticize, for we all make mistakes, but to emphasize the fact that we are giving our personal attention to the preparation of this paper. Every priced index is compared carefully with the copy furnished by the dealers.

To us the preparation of this paper is a pleasure because we know that we are serving those who gain pleasure from the same pursuit—philately. We realize

that it will require the cooperation of all to make the publication we have launched self-supporting. We believe serious collectors will support an efficient and accurate auction service. We propose to give that kind of a service.

From the many letters received during the past two weeks, we gather the following words of encouragement:

"Fills a long-felt want. All success to you.

" H. G. ZERVAS, Lewiston, Maine."

"An excellent idea. I hope the support you receive will warrant your keeping it up.

PHILIP H. WARD, JR., Germantown, Pa."

"Well worth \$5. if reports are correct.

"L. B. LINCOLN, Bushnell, Ill."

"Yes; very much in favor of same. Would be willing to double the amount, if necessary.

N. LE ROY CARPENTER, Holliston, Mass."

"We have received copies of The Index, and wish to compliment you on the really remarkable work done. You deserve success in your venture and we shall recommend the plan to all our customers.

"J. C. MORGENTHAU & CO., New York City."

"I enclose \$1 for 'Philatelic Index.' Very fine idea. Sure ought to make a hit.

" F. P. GIBBS, Olean, N. Y."

"I consider your idea of publishing current auction prices of the greatest interest to collectors and dealers. A most excellent feature is the paper is so made up that a person keeping a file of auction catalogs can remove the pages for one sale without conflicting with those for another. Enclosed find \$1 for a year's subscription.

PERCY G. DOANE, New York City."

"It is a splendid idea and will be a boon to hundreds.

"HENRY J. HOWLETT, New York City."

"Your system as per remarks in Mekeel's seems along proper lines, and I enclose my dollar for subscription to same. Kindly get me on the mailing list at once. With best wishes for success.

"WILBUR L. LE CRON, M. D., Milwaukee, Wis."

"Your scheme is a good one and I wish to subscribe to The Index. Enclosed you will find one dollar.

STANLEY B. ASHBROOK, Cincinnati, Ohio."

"I am glad to see you start this paper and hope it will be a great success. Enclosed find N. Y. check for my subscription.

"GABRIEL CANNON, Spartanburg, S. Carolina."

"I am in receipt of the first number of the Philatelic Index and think this will fill a niche that has been ever vacant. I am indeed glad to subscribe and herewith enclose my dollar.

CHAS. S. FORBES, Belleville, Mich."

"Enclosed find \$1. It strikes me your scheme is very feasible and I think it is a dollar well spent by a dealer or a collector. I congratulate you on getting out a publication of this kind.

H. F. COLMAN, Washington, D. C."

"The first number alone is worth the entire subscription. I enclose \$1 to pay my subscription.

HARRY B. MASON, Washington, D. C."

"A splendid idea. Wish you success."

"CLARENCE G. WEISBROD, Los Angeles, Cal."

"An excellent idea. A ready reference for a busy man.

CLAUDE DAVIS MILLAR, Cincinnati, Ohio."

In closing we wish to thank those who have answered the first call for supporters. We know you are interested and we trust you are pleased with the service. You can lend valuable assistance in our publicity campaign. An insert of this issue is in the form of a printed letter to a collector. When you tear up your copy to insert the pages in the respective catalogs mail that letter with the letter you owe your collecting friend. Or, send us his name and we will be pleased to mail him a sample copy of both numbers now issued.

Anything our readers do to extend the acquaintance and thereby the usefulness of our service will be appreciated. Thanking all for their words of encouragement and support, we pledge our sincere effort to render an auction price service that will merit the support of all.

A COMING SALE OF IMPORTANCE**J. M. Bartels Co. Offer First Part of Bronson Collection at Auction October 17 and 18—A Collection of Fine Specimens in Singles, Blocks and on Original Covers**

The 1917-18 Auction Season opens auspiciously. Many rare items are coming onto the market and finding new owners who will prize their possession. Many rare items are offered by J. M. Bartels Co. in their 66th sale—a part of the Bronson collection.

The sale comprises 1271 lots, all but 100 of which are from this collection. The catalog states: "The Bronson Collection was arranged in 50 Oriet volumes and every page was a filled unit. The owner generally included a few blocks or covers of each country. He informs us that we would scarcely find one stamp in the collection with a thin spot. Throughout he was most careful in the selection of his specimens. The U. S. are particularly fine and desirable.

The first 65 lots are U. S. on Original covers. The greater number are prior of 1870. Fifteen lots consist of 1847 5c and 10c bearing a variety of postmarks. The gem of this collection is "a pair of 10c red bar canc., also in red "New Haven, Conn., 22 May, 1849 (from Seybold collection).

Vertical Strip of three 1857 5c red brown on cover, New Orleans to Bordeaux. Also a similar cover with vertical strip of three of the 5c brown.

U. S. IN BLOCKS—Unused blocks of four. Many larger blocks. (Lots 66 to 221 inclusive). To collectors whose fancies run to more than one of a kind, this section will prove of absorbing interest. The lots cover the period from 1851 to date, including a good sprinkling of departments, postage dues and booklet panes. Also a sheet of the 5c error perforated 11.

U. S. SINGLES UNUSED—A rather complete offering from 1847 to date, consisting of 279 lots, carefully described by the cataloguer. Among the choicer items are 10c 1847 (really unused); 5c red brown 1851, splendid margins all sides; 5c buff 1861, also 5c brown yellow; 3c scarlet 1862 mint copy; 3c 1867 grilled all over; Reissue 1861 complete; 1869 complete, also the Reissue. From this date on practically complete to 1917. Bluish papers complete featuring the scarce 4c and 8c—both nice copies. The departments practically complete except the four high values State.

USED U. S.—Lots 491-700. A splendid list of desirable copies covering the entire period of postal issue. Among the less frequently offered items are found the following: 1851, 1c, type I, strip of 3, pl I, Nos. 7, 8, 9, first state, right pane; (Issue of 1851—31 lots; 1857—38 lots; 1861—27 lots); 1867, 3c grilled all over; 1870 grilled, 12c, well centered; 1895 6c and 8c on Revenue paper.

U. S. POSSESSIONS—159 lots from Canal Zone, Cuba, Guam, Hawaii, Philippines and Porto Rico.

British North America and Colonies

A fine lot of Canada, some blocks; 50 lots from New Foundland (some with two or more stamps to the lot); New Brunswick, Nova Scotia and Prince Edward Island.

The remainder of the sale from the Bronson collection consists of nearly 200 lots covering British Colonies in Western Hemisphere (19th Century).

The final 100 lots are unsold items from two former sales. Here the general collector will find much to interest him. Some rare items such as U. S. 3c scarlet 1862, unused; 1908 5c Bluish paper; British Guiana 1862 4c black on blue. Also a number of lots from many countries.

In all, the sale is one of more than passing interest.

"Your plan is an excellent one. It deserves the support of every auction buyer.
"LOWELL J. RAGATZ, Madison, Wis."

TO NEW READERS

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. Ascertain from the catalog the lot you wish to price. Locate in this Index the line whose index numbers embrace the number of the lot you desire to price. Count forward until you mark off the price of the lot sought. Ex. Price lot 437—first glance down the index column until you locate the line indexed (431-440). The first price is lot 431; second, 432; third, 433; fourth, 434; fifth, 435; sixth, 436; seventh, 437—the one you desire. Similarly any lot in the sale may be priced.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

NEXT WORTHINGTON SALE NOVEMBER 20, 21, AND 22

Part III of This Fine Collection To Be Sold by Morgenthau the Coming Month

Interest in Philatelic auctions was never at a higher pitch than today. The season has not lagged but on the contrary has gone with a push from the opening sales. In a large measure this may be due to the fact that the philatelic ardor did not wane during the summer months as it generally does. The stimulation given by the appearance of the 5c error probably should come in for its full share of credit for the way the fall season has started.

New York has been the scene of the greatest interest due to the selling of the big Worthington Collection. The second part is being sold at the time this paper goes to press. The sale will be fully reported next issue.

The sale of the third consignment will take place November 20, 21 and 22.

It will contain the following countries: Austria, Bosnia, Hungary, Luxemburg, Belgium, Congo, Netherlands, Colonies—Cyprus, Malta, Griqualand, Labuan, Madagascar, Borneo and Sarawack.

Catalogs will be ready November 1st. The firm will be glad to supply one to interested bidders. The address is J. C. Morgenthau & Co., 37 Nassau Street, New York City.

Since the above was prepared for publication we have received a copy of the catalog. In all there are 1512 lots. The cataloguer, for the convenience of his bidders, has indexed the book, giving the following lots to the countries as here enumerated: Austria 1 to 143, Belgium 520 to 621, Bosnia 187 to 213, Congo 622 to 651, Curacas 795 to 830, Cyprus 915 to 977 Danube S. N. Co. 185 to 186. Dutch Indies 831 to 877, Griqualand 1001 to 1127, Hungary 214 to 282, Labuan 1128 to 1272, Lombardy Venice 133 to 184, Luxemburg 283 to 519, Madagascar 1273 to 1345, Malta 980 to 1000, Netherlands 652 to 794, North Borneo 1346 to 1453, Sarawack 1454 to 1512. Surinam 878 to 914.

From the extended account we give of the first session of Part II some may infer that these sales contain nothing of interest to the possessor of a moderate sized collection. Such is not the case. Part III is filled with items that any collector of these countries can afford to buy. While this big collection was replete with the rarities yet it was a complete collection and the medium priced stamps are present not only in singles but many times in pairs and blocks.

NEXT SECTION IN PREPARATION—Early in December Part IV will be sold. This will consist of U. S. Colonies and Protectorates. We hope to be able to give full details of this sale in our issue of November 15th.

NOTES FROM THE PUBLISHER

RECOGNIZED BY THE GOVERNMENT

It is with no little degree of satisfaction that we announce on our first page that this paper has been admitted by the Post Office Department for transmission through the mails as second-class matter. This concession is often withheld for several issues and the granting of it within a month after the publication was started is an indication that its list of subscribers came with a rush. Had it not been for the misinterpretation of one of the statements in the application the request would probably been granted two weeks earlier. We have been recognized as a legitimate publication by the authorities, by the dealers and each day by a larger number of auction buyers. The latter are recognizing The Index as a necessity.

To Call It To Mind—Some to whom this paper is being sent as subscribers may, by this suggestion, recall signing a card to the effect that, should the publisher decide to launch the venture, they would support the paper with a year's subscription. These cards were sent out as a feeler, through the courtesy of our friend, B. L. Voorhees. The percentage of replies was so large, nearly 80 per cent favorable, that the paper was started. This number of subscribers have the honor of being the band whose encouragement gave the publisher courage to attempt the work. We are, however, deviating from the original scheme in that The Index is published semi-monthly instead of monthly, as so stated on the cards these collectors signed. We are confident that had the number of auction buyers addressed at that time been five times as great the percentage of favorable replies would not have been any smaller.

The service The Index desires to give its readers will require a larger list than we now have. If you wish to help place The Index before others, we will appreciate the names of any to whom you desire a sample copy sent. When you meet a friend whom you think will be benefited by the service, you can help our publicity campaign by showing him how the plan works.

If you like THE INDEX tell your collecting friend—he will enjoy it, too.

Tell Them You Are An Index Reader.—When asking auction dealers, whose sales are announced in The Index, for a catalog, tell them you are an Index reader. It will tell them, without further comment, that you are following auctions. They are always pleased to place their catalogs in the hands of such collectors.

A subscription to The Index will give you more Philatelic pleasure than any other dollar you can spend on the hobby.

VOORHEES' SIXTY-THIRD NOVEMBER 24TH**Another Public Auction To Be Held in Chicago by the Popular Dealer**

B. L. Voorhees, 339 South 8th Avenue, La Grange, Illinois, will hold his 63rd sale at the Great Northern Hotel, Saturday evening, November 24th. The Voorhees' sales are all conducted by a licensed auctioneer and we can recommend his methods in the warmest terms. That his sales are held in high regard is evidenced by the many who attend, some from distant cities.

This sale will be one of the best held by Mr. Voorhees recently. It will include, first, a nice lot of original covers of U. S. and B. N. A.; also a fine specialized collection of U. S. 20th Century, including the imperforates, Gov. part perforates and private perforation varieties, all in mint condition; second, specialized collections of Canal Zone and Panama; third, a very good general collection of U. S. and Foreign.

Collectors of Private perforations will find this section of especial interest. All the better departments (only the \$2 State) are present, many in mint condition. Some very fine U. S. Revenues, among them an uncanceled copy of \$1000 1914 documentary. A lot of choice stamps from U. S. Provinces. We advise collectors to give this sale a careful study as it contains much of interest to all.

Catalogs will be ready November 1st and if you are not on Mr. Voorhees' list, he will be glad to send you a copy upon request.

OHLMAN'S NOVEMBER SALE**Number 37 by This Wide-Awake New York Dealer Will Prove of Interest to the Large Mass of General Collectors**

M. Ohlman, 75-77 Nassau Street, New York City, is holding fine two-night sales which interest the great mass of collectors of both U. S. and Foreign. His November sale, 7th and 8th, is filled with items of interest, while from what we can judge from advance information, his December sale will be in keeping with the holiday spirit and be a genuine feast for collectors of all stages of advancement.

To review his sales in detail in the space we have is impossible. The Ohlman auctions may properly be termed popular auctions. In them advanced collectors find items that appeal to them; the beginner finds much to attract him, and the average general collector must have trouble to decide upon which lots he will bid.

The sales are what are justly styled "Public Auctions," being cried by that well known New York philatelic auctioneer, Walter S. Scott.

In the November sale among the U. S. we notice 13c bluish paper, mint, superb, 5c error perforated 11, strip of three on piece of cover, precancelled "Salem Oregon."

Great Britain 1901, 1 pound, vertical used pair, 1 stamp perfection, other with minor defect.

Papua 1901 2sh 6p, No. 8, a rarity.

The second night a good general collection and a long list of good Foreign make up the sale. The two nights embrace 1223 lots. A catalog alone will do Mr. Ohlman's sale justice.

**COMING TWO NIGHT SALES in Nov. Dec. Jan.**

Three more Magnificent 20th Century Collections, mostly British Colonies, thru pound values, White Backs, War Stamps, etc., also some nice U. S., Foreign, 19th Cent. Wholesale, etc.

Next Sale Nov. 7 and 8.

FRANKLIN'S FIFTEENTH SALE

The Franklin Stamp Co. held their 15th sale in Philadelphia the 24th of this month. Sale in charge of licensed auctioneer. The sale contained an especially choice lot of copies of 1840 Great Britain 2d blue. There were in most cases three copies to the lot or horizontal pairs. To those who may not have a catalog of this sale, we designate the lot numbers so they may secure the prices from the index below. Lots 233 to 246, both inclusive, 3 copies each, cat. \$6 per lot; lots 248 to 261, both inclusive, horizontal pairs—all the above with red cancellations. Lots 262 to 273 both inclusive, three copies each; lots 274 to 298, both inclusive, horizontal pairs—all black cancellations.

Other items of note and the selling prices are as follows:

St. Louis, 1845, 5c greenish outer frame cut and tiny defect lower left corner, cat. \$125—sold \$50.

1902, \$5 dark green o. g. perfection, cat. \$8.50, brought \$7.

The \$2 Omaha upheld its usual record, a well centered copy bringing two-thirds catalog at \$4.

A superb copy of \$2 State o. g. brought \$11.50, which is considered low for this stamp.

Cyprus 1880, 1d red. block of 4, plate No. 184, priced \$100 in French catalog. "g" and "h", cat. \$35, brought \$22.

Ivory Coast, Postal Packet, 1903, 1fr on 10c gray, brown, perfection, catalog \$200, brought \$135, while 4fr on 60c brown in horizontal pair showing surcharges brought \$30.

Time will not permit of giving a further review of this sale. The sale consisted of 715 lots, the first 584 of which were for collectors and the remainder wholesale. Collectors who gave the sale attention before it was held could not help but profit for the stamps sold worth the money. The catalog is concise, being the work of Messrs. Poole and Parrish, in whose hands the destiny of the Franklin Co. now rests, the other members of the firm being, as we understand, with the colors "somewhere in France." The complete prices follow, The Index having a special representative present at the sale in order to list them in this issue and thus give our readers the figures while they are fresh and of value.

HAVE HELD NEARLY THREE HUNDRED

**B. L. Drew & Co., 7 Water Street, Boston, Mass., to Hold 295th Sale on Wednesday
Evening, November 7th**

The well known firm of B. L. Drew & Co., which is now owned by Daniel F. Kelleher, announce their 295th auction for Wednesday, November 7th, at 24 Hayward Place, Boston. This is a public auction. Wm. L. Aldrich is the auctioneer.

The holding of so long a succession of successful sales speaks of itself in strong terms for the high standing of the firm among auction buyers.

In announcing this sale the cataloguer announces as follows:

"United States—Some choice items. The proofs and essays are particularly fine and desirable.

"Twentieth Century: 333 lots in superb condition.

"Nineteenth Century. Nice lot in unusually fine shape."

The sale is not one of rarities but of the medium and better grade of U. S. covering the postal period. Especially is this true of the earlier issues represented in many cases not only by fine mint copies but also by proofs and essays as well. 1857 issues all higher values in mint gems; 1861, 3c August type mint never hinged, cat., \$40; 3c rose (65c) represented by both in vertical and horizontal pair imperforate; 1867, 24c gray lilac (99) unused trifle close N; 1879, 90c (191) on chemical paper, a perfect mint gem; 1883, 2c (211b) on both horizontally and vertically laid paper; 1890, 4c and 5c imperforate each printed in the color of the other.

A Columbian cover; 1c to \$5 used, lightly cancelled on entire U. S. envelope; 90c No. 1416.

5c Red Error in entire sheet, double error perfectly centered, perf. 11.

The departments are represented (Executive, Justice, Navy and State) most of the scarcer stamps in unused designated "mint gems."

The remainder of the U. S. embrace Postmasters' Provisionals (Baltimore, New York, Providence); Newspapers, Dues, Cut Square Envelopes and Revenues, of the latter only the better items offered.

The Foreign Section is classified into 20th and 19th Centuries. In all 600 lots are offered embracing countries from A to Z. Many of the hard to get items are to be found cataloging as high as \$50. This item is Hawaii 1852-3 5c, No. 5, unused, a little weak at southwest corner.

19th Century Canada offered in nearly sixty lots, some in blocks and squares.

Both U. S. and general collectors will find much to interest them in this sale. The terms as to condition mentioned above are the words of the cataloguer. If you desire a catalog address the firm at the above address.

189TH AUCTION SALE NOVEMBER FIRST**Scott Stamp & Coin Co. Offer Many Desirable Items in U. S. and Foreign**

The Scott Stamp & Coin Co., 127 Madison Avenue, New York City, will hold their 189th auction Thursday, November 1, in the Collectors' Club Rooms, 118 West 49th Street. We very much regret that the catalog was received so late that the review could not be made in our former issue. Our readers will please bear with us until the dealers become acquainted with the service we are attempting to give our readers and so advise us in advance as to their sales. However, we advise our subscribers to ask the dealers to place your name on their mailing lists. The mention that you are a reader of Philatelic Index will be sufficient to show them that you are following the auctions and they will be glad to send catalogs to all serious bidders.

Our observation has been that each sale held by this well-known firm is replete with choice items and we dare say many of our readers have already sent in their bids. The sale will be priced in our next issue.

A CHANGE IN OUR PLAN

**Commencing With This Issue We Place the Ten Prices in Each Line Into Ten
Vertical Columns—Locating Any Lot Much Easier Now**

Our readers will note the change we make this issue in pricing the sales. The finding of the price of any lot is made much easier and quicker by placing the ten prices given in each line into ten vertical columns. The index numerals at the top indicate that all lots whose numbers end in that numeral are to be found in that particular column. All you are required to do now is to locate the line which embraces the lot you desire to price, then follow the line across to the column whose index is the unit numeral of the lot you desire to price.

This was our original plan but, on account of the extra cost due to slower composition it was thought impractical. It is so far superior to the consecutive order used in the previous numbers that we are adopting the better form regardless of the additional cost. It is our aim to give Philately an efficient auction guide. We have every reason to believe that collectors will support the service when they
(Continued on Page 20)

TO OUR READERS

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

DECEMBER SALE A BIG ONE

M. Ohlman Arranging Big Two-Night Sale Just Before Christmas

M. Ohlman, 75-77 Nassau Street, New York, held a fine two-night sale November 7 and 8. Twelve hundred lots were sold, among which were some very desirable stamps which were purchased by collectors from all over the country. He is now arranging his holiday sale which will be one of the best he has ever held. Collectors who plan to give their collections a holiday present will do well to give the catalog of this sale careful consideration. The date of the sale is December 17 and 18.

In the 37th sale just held a number of choice items were sold but the large majority of the lots were cataloging from two dollars upwards. Mr. Ohlman's sales abound in stamps that are being sought by the great mass of collectors which accounts for the popularity of his auctions. As we have said, a number of the scarcer items were sold among them we note the following. A superb mint copy of 13c 1908 bluish paper, sheet margin, cat. \$35, sold \$18.10; 5c error, center block of 9, mint, \$4.40; 1851, 10c, perfection, cat. \$1.50 sold \$3.40; 12c, same issue, very fine, cat. \$2.50, sold \$3.10 (both these showed part of adjoining stamp); 1857, 10c, a beauty, cat. 75c, sold \$1.10, while 10c No. 50d, unused, cat. \$4, sold \$3.80. The 6c, 10c, 15c re-issue of 1869, perfection copies, brought \$4.70, \$6 and \$5.10, respectively. Perfection copies Columbian \$2, \$3, \$4 and \$5 brought \$3.10, \$4.40, \$5.10 and \$5.40, respectively; 1894, \$5 perfection, cat. \$12, brought \$8.70.

A PRECANCELLED ERROR—Collectors have been interested in watching the auction prices of the 5c Error. This sale gives a quotation on a variety we have not heretofore noted—precancelled. The error was in the center stamp of a strip of three, precancelled "Salem, Oregon" on piece of cover, and brought \$7.75.

The complete prices realized at the two sessions are given below:

U. S. DOLLAR REVENUE BRINGS NEARLY A HUNDRED

A Beautiful Copy One Dollar Proprietary on Violet Paper Sold by Vahan Mozian at \$98.25

The chief attraction to many bidders in Vahan Mozian's 22nd sale held October 27th, was a beautiful copy of 1871 One Dollar Proprietary black and green on violet paper, cat. \$125—it found a new owner at \$98.25. This was not the only rarity sold. Bolivia 1909 10c, 20c and 2 bolivar, center inverted cat by Gibbons \$90, brought \$50; while the 5c, 10c, 20c and 2 bolivar, Tete Beche, priced in same catalogue at \$120, brought \$55.

The sale contained many stamps in perfection, superb and very fine condition. Such lots went from two-thirds to catalog, clearly demonstrating the part condition plays in the price a lot brings. In this connection let us remind our readers that here is where The Index serves all impartially—you are forced to associate the price received and the condition for you must refer to the catalog.

No matter what stage of advancement a collector has attained he will find Mr. Mozian's sales interesting. The well-known New York auctioneer, Mr. Walter Scott, conducts Mr. Mozian's sales. To experienced collectors no other comment is necessary.

SOME INTERESTING ITEMS FIND NEW OWNERS

**The Well-Known Auction Dealer, P. M. Wolsieffer, Opens Season With Fine Sale—
Another Follows November 21st**

Some interesting stamps found new owners at The Philadelphia Stamp Co.'s 213th sale on October 31. The complete prices are given herewith. For those who may not have a catalog, we mention the following items of especial interest:

Single Errors, perforated 11, in blocks of 9, sold \$3.10 to \$3.50; single stamps of the same brought \$2.80.

A perfection copy of \$20 Probate of Will brought \$22.25.

A specialized collection of Cape of Good Hope triangulars went as individual lots as the bid as a whole did not exceed the combined prices. The twenty-eight lots which sold brought in round figures \$160.

A very fine copy of Spain 1853 2r No. 21 cat. \$50, sold for \$31.

The aggregate amount for the 760 lots was \$2,993.60.

214th Sale November 31st

Mr. Wolsieffer's next sale is November 21st, mention in detail of which was made in our last issue. Among the United States rarities are the following:

1857 5c No. 46, unused, not o. g.; August 1861 issue, 3c (56) 1qc (58) both unused; 90c Justice, o. g.; \$20 Probate of Will, tiny nick at R, otherwise fine.

The sale consists of 730 lots and contains many medium priced items that hundreds of collectors are lacking. A catalog of Mr. Wolsieffer's sales alone will do justice. He will be glad to send you one, if interested.

Mr. Wolsieffer prides himself upon his fair methods of conducting sales. He informs us that not only are his sales conducted by a licensed auctioneer, but are held at Philadelphia Stamp Club Rooms and that two members of that society act as his clerks.

CATCHING UP WITH THE SEASON

We Are Pricing Two Sales Held So Far This Season by George R. Tuttle, 116 Nassau Street, New York City

This issue we give our readers complete prices for two sales held by Mr. George R. Tuttle, of New York City. Mr. Tuttle is one of the country's veteran auction dealers, the sales being his 261st and 262nd. His 263rd sale will be held before our paper reaches our readers. (November 17th.) So, as we say, we are catching up with the season as regards this dealer. We have promised to price all public auctions and are glad to include Mr. Tuttle's sales. While both of these are long past, we are pricing them so that our readers may file them away if they choose. All three of the sales held by Mr. Tuttle were worthy of careful consideration. In the future we will be able to review his sales early enough to be of value to our readers.

A Reconstructed Sheet of the 5c Error—In the sale held October 20th was an interesting item—a reconstructed sheet of the four panes of plate No. 7942, perforated 11. It sold for \$25.00.

A UNITED STATES FEAST

Voorhees' 63rd Sale Exceptionally Strong in Mint Copies, Government Part Perforates and Private Perforations, Scarce Departments and Revenues

A very attractive sale is B. L. Voorhees' 63rd sale to be held Saturday, November 24th, at the Great Northern Hotel, Chicago. It consists of 997 lots, and on account of its length will begin promptly at 7 o'clock. We have attended this dealer's sales and from personal observation can highly recommend his methods.

This sale is especially strong in United States, especially unused. Over 600 of the lots are from our country and colonies. Included is a specialized collection of Panama of 687 pieces. Forty-two lots are original covers. The balance of the United States are large mint copies. The collector of Private perforations will find this a feast for him.

Mr. Voorhees mailed a large list, but if you did not get a catalog, he, no doubt, can supply you. If you have received one and not yet sent in your bids, better give the sale another perusal. You will find something of interest, we are sure.

Among the better items are two strips of four 10c yellow (330b) perf. vertically, one has guide line. Among the other Government part perforates are 3c (325c and 325d) the latter with guide line. In fact, these stamps are represented almost complete.

Private Perforations—Nearly 200 lots in mint condition, pairs and strips.

Departments—The better stamps cataloging from \$3 up. Among them the 90c Justice, both used and unused, \$2 State and other of the harder-to-get ones.

United States Revenues—Nearly fifty lots of only the scarcer ones. Some imperforates. Second Issue, \$1.30, \$1.60 \$10, \$20, \$25, and \$50. Third Issue, nearly complete with a very nice copy of the \$20. Spanish-American—a number of imperforate pairs of the proprietaries.

The gem of the revenues is a perfection uncanceled copy of the \$1000 (without gum) of the 1914 issue.

United States Colonies—Over fifty lots from Canal Zone, Cuba, Guam, Hawaii, Philippines, including two specialized collections.

The Foreign section is filled with medium priced stamps, a number of the lots containing sets.

The Voorhees sales are always well patronized and if one can judge at all by what is offered this one will be the exception by exceeding its predecessors.

A CHANGE IN OUR PLAN

(Continued from Page 1)

realize its value. The paper is not yet two months old and the co-operation we have received from both collectors who buy in auction, and the dealers is gratifying.

We believe we are giving collectors the biggest dollar's worth of philatelic information offered this season. We are led to think this because no fewer than forty of our subscribers have voluntarily said so. We feel certain that there are enough collectors who will appreciate the service enough to lend their financial support to make our publication possible if they can only be made acquainted with the service.

If our readers feel that the service is worthy they can help make it a permanent one by joining our subscribers "Every One Get One" campaign. If you have a friend whom you think would be interested in The Index service, tell him about it. Send us his name and we will be pleased to mail him a copy.

This paper has no premiums to offer to induce collectors to subscribe. We are catering to those who know a dollar's worth and we have no fear of our paper not satisfying such without a premium. We are giving you a service that has long been desired but never before attempted. We need the co-operation of every one of our patrons in securing others to partake of the benefits of this service. Anything you may say or do to extend the circulation of this paper will be greatly appreciated, first, by the publisher and later by the one you interest in the service.

It is our intention to make the service the best we possibly can. We feel assured that the placing of the prices in the vertical columns will meet with unanimous favor.

Thanking all for their support and trusting that each of you will assist us in extending the acquaintance of the paper by mentioning the service to your friends, we beg to remain,

Yours very truly,

C. A. BURNER.

"I think your publication the biggest dollar's worth ever given collectors, and that without a 'string tied to it.' It's a straight, clean proposition. I congratulate you.

THE FOURTH WORTHINGTON CONSIGNMENT

**Over 1400 Lots from Cuba, Guam, Hawaiian Islands, Philippines and Porto Rico
To Be Sold December 10, 11 and 12**

Just as we go to press we received the catalog of Part IV of the Worthington Collection sales. As we have announced before, this sale embraces U. S. Colonies and Protectorates.

Cuba is represented by 224 lots covering the period from 1855 through the American administration, also the issues of the Republic through 1910. There are 25 mint lots from Guam. The Philippine section is very complete, nearly 600 lots from 1854 to 1910. Many are mint blocks of four, and larger some cataloging near \$300. There are many moderate priced lots especially from the period of U. S. ownership which really interests the larger number of collectors. Lots 828 to 1000 are from Porto Rico (1873 to American Dominion 1899).

The great rarities of this magnificent collection will be sold the third session of this section when the stamps of our Mid-Pacific Island possessions—Hawaiian Islands—are sold.

Heading these are the 1851 Missionary stamps, six lots cataloging the trifling sum of \$14,900. Not that we presume that any great number of our readers will desire to bid on all of these but because of their Philatelic importance we are giving the cataloger's description of the six lots. In all there are 437 lots from Hawaii.

Lot 1001 2c, 5c (1, 2), used together with pair of U. S. 1851 3c to make up the regular 13c rate, from Honolulu to New York. The Hawaiian stamps cancelled in black, the cover cancelled in red "Honolulu October 4, U. S. Postage Paid" in circle. The U. S. 3c have the San Francisco cancellation in black. This cover is so well known as one of the classic rarities in the stamp world that we do not

The cover cancelled in red "Honolulu, Hawaiian Islands, Oct.," with day indistinct also "San Francisco, Cal. 1 Nov.," in black and has in addition hand stamped "Forwarded Via S. Francisco by G. D. Gilman Lahaina" in oblong, a very rare cover. Catalog \$1,200.

Lot 1004 13c blue unused type I (3), fine margins top, bottom and left and clear of the outer line at right, a wonderfully fine copy of this great rarity. Catalog \$2,500.

Lot 1005 13c blue type I (3), lightly cancelled, fine margins at bottom and right, good at top and left, the stamp slightly defective at upper right corner and at the left toward the top, but very little gone, a far better than average copy of this rarity. Catalog \$1,000.

Lot 1006 13c blue type II (4) used on small piece of original, fine margin at top, good at bottom and right, and the outer line intact at left, the stamp lightly cancelled in blue at upper left corner. Collectors of Hawaii will find this sale replete with the items they need to close up vacant spaces. Many of the items are represented by a number of copies in many cases in blocks and even sheets. The great majority are mint specimens in perfection condition.

The prices obtained at this section will give collectors of Hawaii the latest quotations and in this connection we might add that those who read The Index will receive the information as well as all the other auction prices without any effort upon their part.

"Your Philatelic Index is the most practical idea that has been introduced since the catalogs were standardized. Your reports will stabilize the whole stamp business because accurate quotations will be obtainable and definite values known.

NOTES BY THE EDITOR

A GUIDE FOR READING PRICES—Last week we met one of our subscribers and in complimenting us on the change or pricing, he showed us a clever little device he had made which served as a straight edge and at the same time placed the number of the column right below the prices. He grants us permission to use his scheme and we have made one for each of our readers. You will find it enclosed. We know you will find it most convenient.

DELAYED ENROUTE—We had this issue on the press December 1st but with the prices of Part III of the Worthington sales missing. The information arrived on the last evening mail and we held our forms to insert these figures, which we know are of interest to so many of our readers. The fault was not the auction firms; the priced catalog was delayed in the mails.

THANKS FOR HIS FAITH—Rev. Max J. Philipps, of Columbus, Ohio, has placed himself into a class all his own by remitting for three years. We appreciate his confidence and will do our best to fulfill our part.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

VOORHEES' 63RD SALE PRICED

A Large U. S. Collection Distributed to Many New Owners November 24th in Chicago—Some Interesting Covers—\$1000, 1914 Revenue Brings the High Dollar

B. L. Voorhees held his 63rd sale at the Great Northern Hotel, Chicago, Saturday evening, November 24th. It was well attended by Chicago philatelists.

The Covers—A copy of type I, 1851, 1c blue catalog \$75, sold \$30.50; a 1c Baltimore Carrier with 1857 3c, cancellation covering both, cat. \$15, sold \$12.50.

A New Brunswick bisect consisting of a horizontal pair 1851 3p and a diagonal half of another, cancellation on stamp and cover over bisect brought \$15.25.

The sale was largely one of mint copies of U. S. especially strong in Part Government Coils, Imperforates and Private Perforations.

Bluish Papers. A fine copy of the 5c bluish paper sold for \$20.75; 6c \$310; 10c, \$5.50; 15c, \$3.25.

The Red Error, perf. 10, brought \$4.20 while the 11 went at \$3.00.

Rare Part Perforates—These were very complete. A pair of 3c purple 1908, perf. vertically brought \$12.75; with guide line, \$15.50; same perf. horizontally, a pair, sold \$6.85. Two pairs of the 10c yellow perf. vertically brought \$8.20 and \$7.40, while the same in a strip of four with guide line brought \$22.50.

A mint copy of the \$2 State, perforations just touching at top, sold for \$7.75.

Brings High Dollar—So far as we have seen a copy of the 1914. \$1,000 Revenue brought the high dollar. It was a beautiful copy and though it had brought in "its bit" yet it had escaped cancellation. It sold for \$92.

Goes Over Catalog—Among the desirable foreign was a 4p Blue, Cape of Good Hope "Wood block" cataloged at \$20 which brought \$20.50.

The prices for all the lots are given below. Mr. Voorhees is arranging a fine sale for early in January. We understand it will comprise a fine collection and list a number of very choice items. Mr. Voorhees' sales are conducted by a licensed auctioneer and where no bids are received by the cataloger the competition is left to those who are present. On these lots the floor bidding is generally quite spirited.

REMAINDER OF BRONSON COLLECTION SELLS DECEMBER 14

Lots from South and Central American Republics—Good U. S. and Foreign from Other Collections Offered

Catalogs have just been mailed by J. M. Bartels Co., 99 Nassau Street, New York City, for their 68th sale—the remainder of the Bronson collection, and other properties.

The lots from the Bronson collection are from South and Central American Republics—about 300 lots. These will interest all collectors of these countries as the lots are of moderate priced stamps, mostly unused but some choice items postally used. There are also a number of blocks of each country Mr. Bronson was very careful in the selection of his specimens and collectors can bid in full confidence of being well pleased with any lots they may secure.

The sale opens with an attractive lot of U. S. and Foreign covers, a recent find, which have never been in a collection. These are of early issues with a few Carriers and Confederates. There are 70 lots in all, half of which are foreign. The catalogers in many cases has given the size of the covers in inches.

The U. S. lots are particularly strong prior to 1880. A very fine copy of 1851 1c type III (one of the most satisfactory seen by cataloger) is among the lots. The 1851, 1857 and 1861 issues are exceptionally good. Two fine copies of 3c pink on piece of cover.

Used copies of most of the dollar values represent the more recent issues. There are a number of the better Departments carefully cataloged; some revenues and Confederates. The Foreign lots are stamps that the great majority of collectors can use and with all you will find this sale worthy of your careful consideration. The date is December 14, so you have time to secure a catalog and return bids if you act today.

ORDERS INDEX SEALED—Because the custom officers took too long to read his Index, Mr. Patterson, of Montreal, orders it sent by first-class mail, as he does not want to miss an issue nor wait for it either.

PHILADELPHIA STAMP CO.'S 214TH SALE

A Sale That Interested Many Collectors and Dealers—Next Sale in January—
More Wholesome Lots Coming

P. M. Wolsieffer held his 214th sale November 21st at the Philadelphia Stamp Club's rooms. The sale was not one of rarities but of the moderate priced stamps that all collectors may own. This fact and also the presence of a number of desirable wholesale lots brought many bids and from this point of view the sale was one of the best held by Mr. Wolsieffer. Prices as a whole on the fine desirable material were very good and indicate a strong market. The wholesale lots show conclusively that good stamps do not go begging for here some very good prices were realized. One lot that caught our notice was four copies of 10g, 1901, Netherland, catalog \$20, which sold for \$16. A copy of the same stamp singly sold for over catalog.

A vertical pair of 1c No. 40, 1857 U. S. brought \$20.10; 5c, 1861, Mustard, \$7.50, brought \$6.75, due to superb condition. A slightly defective (nick at R) copy of \$20 Probate of Will, cat. \$35, sold \$15.75.

As we have said, the sale was not one of rarities but of fine copies of moderate priced stamps. The total was \$2,761 for the 730 lots.

Mr. Wolsieffer has arranged for a fine sale early in January. He has several in preparation and in each of these there will be from 150 to 300 lots of desirable wholesale. These come from several good stocks that have been placed in his hands for sale via the auction route.

In the next sale a specialized collection of about 150 lots, of Siam will be offered separately and as a collection, selling the way it brings the most.

The complete prices for the 214th sale follow.

FIRST SALE UNDER NEW MANAGEMENT

Drew & Co.'s 295th Sale Priced—Reputation of Long Standing Fully Maintained by New Owner

The first sale by B. L. Drew & Co., of Boston, since Mr. Kelleher took charge of the company was held November 7th. We had hoped to price this in our last issue but the catalog was received too late. The sale contained a number of interesting items and we mention a few of these so that those who may not have a catalog may know of the lots. One was a cover carrying the set of Columbians from 1c to \$5 on an entire 90c envelop No. 1416. The combined catalog value was \$29—it brought \$17. A superb mint block of four \$1 Columbians sold \$7.80.

A superb copy 5c 1847 brought \$4.10; another, \$3.80; an India proof block of 4, \$3.60. A superb copy of the 10c went over catalog at \$8.75.

Mint gems. 30c and 90c 1857 sold at \$5.60 and \$11, respectively. A perfect copy of 1879 (No. 191) 90c chemical paper brought \$5.50. Superb mint copy 1882 1c (206B) cat. \$10, \$590; mint gem, 1883, 2c (211B) horizontally laid paper, cat. \$20, \$7.90; same on vertically laid paper at \$7.90.

A complete sheet of 5c double error, perf. 11, sold for \$7.50.

A mint block of 4 Providence 5c No. 18 sold for \$9.25.

A used copy of 1909 2c (42A) Canal Zone, inverted center, with straight edge, cat. \$15, brought \$7.80.

The foreign lots brought prices from third to full catalog, owing to condition. There was a large consignment from Canada and other British Colonies which sold well worth the money, being very carefully cataloged. The full list of prices follows:

ENLARGES QUARTERS FOR HIS SALES

Mr. M. Ohlman, 75-77 Nassau street, New York City, has added another room to his office. The wall will be removed so that the entire space will be available for his sales which he will hereafter hold in his own room, which will be far more convenient to those attending. Mr. Ohlman's interesting two-night sales are attracting the attention of many who attend in person and his increasing patronage demands more room.

When remitting, W. E. Lord, of Sunbury, Pa., adds: "It surely is worth the price for the endless amount of information given."

THE STAMP HERALD,

Official Organ S. P. A.,

2715 Indianapolis Ave., Indianapolis, Ind.

Contains Many Choice Stamps—Several U. S. Rarities Offered—Foreign Consists of Over 500 Lots of Better Stamps

The Franklin Stamp Co. will hold its 16th sale, Monday, December 17th, at 8 o'clock, at its offices in Philadelphia. The sale consists of 867 lots featuring U. S. and Confederate covers; U. S. and Philippines; Rare Great Britain and good Wholesale.

The First Issue of U. S. is represented by eight copies of the five and five of the ten cent. The early issues are very good and present in a number of duplicates. Among the choicer items of the Centennial period is a perfectly centered block of 2c of the Reissue of the 1869.

Dollar Values—Beginning with the Columbians mint copies of all the dollar values are present, mostly superb or perfection copies.

Fine Departments—Collectors whose departments are lacking will find these well represented here. Mostly mint copies. The Executive is complete. The better stamps from the other departments are present including such items as the 90c Justice, 7c Navy, 2c green error Navy, 90c State, etc.

There are 25 lots of Newspapers and Periodicals, many of the rarer items, such as 1879 \$12, \$24, \$36, \$48 and \$60 in perfection, o. g. copies.

Six Cent Proprietary—Among the Revenues are copies of some of the better ones and two of the rarities are present. A skillfully repaired copy of the 6c Proprietary is offered. This is the first time this stamp has been offered at auction this season, if we have kept our notes correctly. Another rarity is the \$5 proprietary black and green on violet paper; it is a very skillfully repaired copy. Other desirable revenues are the \$5 surcharged on newspapers (both types); the \$100 1899 and \$50 of 1900.

Proofs and Essays—Collectors of these very pretty "trials" will find quite a number to interest them.

There are over 500 lots of Foreign and Good Wholesale. Among these are many of the hard-to-get type, but space will not permit of mentioning them. The sale is over two weeks off and those of our readers who have not a catalog will have time to read about the sale by requesting one.

The Franklin sales are public auctions, being cried by a licensed auctioneer. The cataloging is done by Mr. B. W. H. Poole, who is too well known to all collectors to need of introduction. The catalog is very precise and one can bid with confidence, being guided by the words affixed after each lot.

THE FOURTH WORTHINGTON CONSIGNMENT

**Over 1400 Lots from Cuba, Guam, Hawaiian Islands, Philippines and Porto Rico
To Be Sold December 10, 11 and 12**

Just as we go to press we received the catalog of Part IV of the Worthington Collection sales. As we have announced before, this sale embraces U. S. Colonies and Protectorates.

Cuba is represented by 224 lots covering the period from 1855 through the American administration, also the issues of the Republic through 1910. There are 25 mint lots from Guam. The Philippine section is very complete, nearly 600 lots from 1854 to 1910. Many are mint blocks of four, and larger some cataloging near \$300. There are many moderate priced lots especially from the period of U. S. ownership which really interests the larger number of collectors. Lots 828 to 1000 are from Porto Rico (1873 to American Dominion 1899).

The great rarities of this magnificent collection will be sold the third session of this section when the stamps of our Mid-Pacific Island possessions—Hawaiian Islands—are sold.

Heading these are the 1851 Missionary stamps, six lots cataloging the trifling sum of \$14,900. Not that we presume that any great number of our readers will desire to bid on all of these but because of their Philatelic importance we are giving the cataloger's description of the six lots. In all there are 437 lots from Hawaii.

Lot 1001 2c, 5c (1, 2), used together with pair of U. S. 1851 3c to make up the regular 13c rate, from Honolulu to New York. The Hawaiian stamps cancelled in black, the cover cancelled in red "Honolulu October 4, U. S. Postage Paid" in circle. The U. S. 3c have the San Francisco cancellation in black. This cover is so well known as one of the classic rarities in the stamp world that we do not think it necessary to describe in detail the small defects in the stamps, cat. \$6,000.

Lot 1002 5c blue, unused (2), good margins at sides and bottom, very large margin at top, a simply magnificent copy of this great rarity, and of the greatest value. Catalog \$3,000.

Lot 1003 5c blue (2) used on cover from Honolulu to Portland, Maine, the stamp in remarkably fine condition, with the usual black bar cancellation. The cover cancelled in red "Honolulu, Hawaiian Islands, Oct.," with day indistinct also "San Francisco, Cal. 1 Nov.," in black and has in addition hand stamped "Forwarded Via S. Francisco by G. D. Gilman Lahaina" in oblong, a very rare cover. Catalog \$1,200.

Lot 1004 13c blue unused type I (3), fine margins top, bottom and left and clear of the outer line at right, a wonderfully fine copy of this great rarity. Catalog \$2,500.

Lot 1005 13c blue type I (3), lightly cancelled, fine margins at bottom and right, good at top and left, the stamp slightly defective at upper right corner and at the left toward the top, but very little gone, a far better than average copy of this rarity. Catalog \$1,000.

Lot 1006 13c blue type II (4) used on small piece of original, fine margin at top, good at bottom and right, and the outer line intact at left, the stamp lightly cancelled in blue at upper left corner. It has small tear at the left toward the bottom, but nothing gone, a really fine copy of this rarity. Catalog \$1,200.

Collectors of Hawaii will find this sale replete with the items they need to close up vacant spaces. Many of the items are represented by a number of copies in many cases in blocks and even sheets. The great majority are mint specimens in perfection condition.

The prices obtained at this section will give collectors of Hawaii the latest quotations and in this connection we might add that those who read The Index will receive the information as well as all the other auction prices without any effort upon their part.

The sale is not a large one but contains a fine lot of stamps such as you find sold at auction when a collectin of merit is offered. All the more common items have been omitted a• this is a sale largely of single stamps cataloging from two dollars upward.

Among the U. S. are 1857 5c brick red No. 45; 90c blue, No. 54, perfectly centered, unused; block of 4, 1861, 3c lake, o. g.; 1888, 90c purple block of eight; Panama 4c Invert, surcharged "Specimen" o. g.; 1902 5c blue, imperforate block of four with sheet margins.

A Superb State Rarity—A superb used copy of the \$5 State, well centered, lightly cancelled, good color which is by many conceded to be the scarcest U. S. stamp, is offered. In such condition it will no doubt be sought by many, as the space is more frequently vacant than filled.

Some Scarce Revenues—Only the better items such as horizontal pair 1c playing card imperforate; \$1.90 Foreign exchange, imperf.; \$15 mortgage, imperf.

First Issue Perforated—4c playing card, \$1 passage ticket, \$15 mortgage \$20 Probate of Will skillfully repaired and others.

Second Issue Inverts—The scarce 1c blue and black, also the 50c blue and black.

An expertly repaired copy of the 1852, 3 sgr. vermilion, No. 3, Brunswick, is among the rare ones. There are interesting stamps seldom offered anywhere from a large list of countries. Hawaiian early issues are well represented, also Panama, Oldenberg, British colonies in Western Hemisphere, Philippines, Switzerland.

The Scott Stamp and Coin Co. sales are always interesting and those of our readers who are not on their mailing list will find it worth the trouble to follow the sales which are always replete with the items that appear in the auction market but a few times each season.

DECEMBER SALE OUTCLASSES PREDECESSORS

Ohlman's Christmas Time Auction Replete with Superb Copies Needed in Most Any Collections—December 17 and 18

M. Ohlman is mailing catalogs for his two-night December sale, which is the best one held this season by this auction specialist. It is replete with so many fine items that to give it due consideration is out of the question in the space we have. The dates are far enough distant to permit of our readers reviewing the sale for themselves and we know the evening will be an enjoyable one, and to carefully consider the 1225 lots will require that time.

The cataloger has simplified the work by arranging the lots not only by countries and their colonies, but into 19th and 20th century groups as well. The sale is strong in French and German colonies. The latter are as fine a lot of stamps as we have ever seen in an auction. There is also a fine lot of Netherlands and her colonies and another group from South American countries and Europe. The greater part of the sale is from one collection which was gathered with great care.

There is included a specialized collection of Netherlands and colonies and one of Bulgaria. A fine lot of China and British colonies of all grades.

This sale has enough of the rarities to interest the advanced collector and so many lots that all collectors may bid upon that it is indeed a popular offering.

Of interest to many are the full sheets of New Foundland, 1863, Nos. 18, 20, 21, 22 and 23.

There are many hard-to-get U. S. as well as foreign. The sale closes with over a hundred lots of the better grade Wholesale.

If you are not on this dealer's list you should ask for a copy of his December sale catalog. Mention The Index when doing so for Mr. Ohlman is an enthusiastic endorser of our service and is glad to send catalogs to those who follow up the sales.

95TH SALE DECEMBER 12TH

Western Stamp Co., of Omaha, Offer First Lot of U. S. and Colonies

The Western Stamp Co., 214 Farnum Bldg., Omaha, announced their 95th sale for December 12th. It consists of 963 lots from U. S. and Colonies. The early issues are particularly strong. The first issue is represented by eight lots on covers and nearly 25 off covers. Some idea is gained as to the number of items when it is noted that there are 340 lots up to 1870. From 1870 to date are many blocks and mint copies.

The revenues are very complete, many items being represented in strips and blocks. The high values of the Spanish Americans being present in a vertical pair of the \$100 and a similar pair of the \$1,000, lightly cut. There are over a hundred lots from U. S. colonies. U. S. specialists will no doubt find much in this sale to interest them as there are many stamps represented by from ten to twenty specimens.

RIDING YOUR HOBBY VIA THE AUCTION ROUTE

**Those Who Derive Pleasure in "Pursuit" as Well as "Possession" Get Their

TODAY'S MARKET REFLECTED BY AUCTION RESULTS

**Philatelic Index Offers You a Priced Catalog Service That Will Save You Money
As Well as Add Pleasure to "The Charm of Stamp Collecting"**

Some writer, in commenting upon the "Man without a Hobby," has paraphrased Shakespeare thus: "He's fit for treason, stratagem or spoils." We have never positively known any man who did not have a hobby, but we know one miserable tightwad who has a perpetual grouch who we fear is thus afflicted. We consider him the most miserable and lonely being of our acquaintance. Every happy and contented person has a hobby of some sort, and the better he rides it, the happier he is. With the readers of The Index, as well as ourself, it is stamps. We are not attempting to prove this to be a better hobby than the one the other fan is following. The remarks we feel inclined to make are not on this phase of the subject. We want to give our views as to the most pleasant route over which to ride this hobby—via the auction way. This issue is being mailed to a number of collectors who we believe are failing to get all the pleasure they are entitled to receive for the time and money they are devoting to the pursuit because they are not riding the best route. These remarks may not be apropos for those who are our regular readers, but if the facts will help some brother collector to learn of a better route, we are sure that the regulars will not object.

In riding a hobby, the old adage that "there is more pleasure in pursuit than there is in possession," sums up the entire situation better than any other summary we think of. For this reason, we hold that the stamp collector who overlooks the Auction Route—the best avenue of "pursuit"—is not deriving his full share of the pleasure the hobby may afford.

The opinion prevails in the minds of many collectors that auction sales are for only those who may be termed advanced collectors, with large means at their command. No greater mistake can be made. The one admirable thing about stamps is that you can derive the same pleasure from the cheaper class as you can from the rarest gems—lose yourself to them.

As a general rule, auction sales are of entire collections. This includes the common stamps as well as the rare ones. It may also be added that in such

collections the commoner varieties are always represented by the very choicest specimens obtainable. In nearly every sale are to be found lots which contain a number of the cheaper varieties. Even though you have some of these, the new ones may be better copies and the price such that you feel that the old ones may well be discarded and traded to some other collector for something you do not have. Such lots are invariably attractive surprises and sold well worth the money.

The very best things are coming onto the market via the Auction Route, and the very stamps used to fill your want list were probably bought by your dealer in some sale just held. We believe that there is no better way to build a collection and derive so much pleasure from the pursuit as by following the auctions as you are today able to follow them. We have tried all the ways from want lists to approvals and all others pale into insignificance when compared to the auction way.

CATALOGS GOOD GUIDES

We have heard the complaint that you are buying a "cat in a sack." If you will pardon a personal reference, we will state that we are a condition crank of the worst type. Auction dealers will bear us out in this statement if it needs verification. (Continued on page 28)

PRICES FOR DOANE'S SALE HELD DECEMBER 1ST AND 8TH

Percy G. Doane held his 103rd sale December 1st and 8th (two Saturday afternoon sessions.) The sale contained many fine stamps which sold well worth the money. A beautiful copy of the 1900 \$50 gray U. S. revenue uncanceled sold for \$10.60, which is quite reasonable, considering condition.

A reconstructed sheet of 1860 2½c yellow green (5a) Colombia (except 3 stamps) sold for \$55, while a partially reconstructed sheet of the 1 peso 1860 (No. 11) brought \$37.

• A defective copy of New Brunswick 1sh, red violet, No. 3, brought \$52, and a defective copy of Newfoundland, No. 9, 1sh, sold for \$81. Both were very good appearing copies. The two sessions contained 1292 lots which are individually priced below.

BRONSON SALES II AND III

J. M. Bartels Co. Complete Distribution of A. W. Bronson Collection November 27, 28 and 30, and December 14

J. M. Bartels Co., 90 Nassau Street, New York City, have completed the distribution of the A. W. Bronson Collection. Part II was sold the last of November and Part III December 1. The complete prices for these two sales are published in this issue. A number of original covers brought good prices. A pair of U. S. 1847 brought \$12.60. A copy of Charleston 5c local with exceptional margins brought \$14.50 and an entire 5c blue on white Columbia-brought \$12.70, both above catalog. One of four known copies of 5c blue green or buff, Galatin, Tenn., brought \$52.

Among the Foreign were many British Colonies which sold well. Space will not permit enumerating these. There were no great rarities but a long list of items that interested a large number of collectors. Prices were good as the stamps were gathered with great care and, consequently, attracted many bidders.

Among the British North Americans was a complete set of 8 in vertical pairs imperforate 1908 Quebec issue. The set sold at \$45.

The December sale contained a lot of U. S. on covers. A pair and a single 1857 1c Type I, very fine, sold at \$22.10; its catalog value is \$22.50. A copy of Baltimore 1851 1c black horseman brought \$5.80, while the 1c blue of the same semi-official 1856 brought \$11.50. Among Foreign covers was one bearing two copies Wurtemberg, 1858, 18kr cat. \$52, selling at \$28. Bahamas, 1862, 4p. 3 copies on letter, cat. \$16, brought \$10.50. Roman States, 1852, 50c blue cat. \$10.15 sold \$19.

U. S. OFF COVERS—1851 1c type III, cat. \$40, brought \$34. 1902 \$200 used block of 4, \$4.20. The portion of this sale from the Bronson Collection was about 200 lots from South and Central America. The prices realized tend to refute the statements often seen that the stamps from these countries are "rubbish." The lots comprised many fine mint sets as well as postally used copies.

VOORHEES' NEXT SALE JANUARY 26

B. L. Voorhees is now sending out catalogs for his 64th sale, which will be held at the Great Northern Hotel, Chicago, Saturday, January 26. This sale will consist of a good general collection. There will be a lot of stamps on original covers that will interest those who collect entires. Mr. Voorhees' sales are always interesting and this one will be no exception to the rule. He informs us that he has just about closed negotiations for a large collection of both U. S. and Foreign which will be sold through his auctions. This purchase will give him a list of items that will include many of the rare items and some specialized groups that will interest advanced collectors. Since the collection is very complete it will be of interest to those collectors who are in the market for a great number of varieties rather than a few of the rarer ones. It will pay to keep posted on what this dealer may offer soon.

BIDDING DID NOT LAG

A friend of the writer attended the sessions of the last Worthington sale, printed elsewhere in this issue. In writing us concerning the sale, he states:

"The famous 2c Missionary on cover started at \$5,500 and, jumping \$50 at a time, sold for \$6,100 to a collector in this city who was present, but had handed his bids to a dealer to execute. However, everyone knows who was the buyer."

THE CLOSE OF THE WORTHINGTON SALES

Hawaiian Missionaries Command Fancy Prices—Much Advertised Sales
Completed

Part IV of the Worthington sales was held by J. C. Morgenthau & Co., December 10, 11 and 12. This sale contained U. S. Colonies and especially complete were the Hawaiian issues. The 1851 Missionary stamps were the bone of contention. A reader who attended the sales said these started at a good figure and advanced at leaps of \$50 each until near the final figure.

The famous cover carrying a two-cent and a five-cent of this famous issue, cataloged at \$6,000 found a new owner at \$6,100. A magnificent copy of the 5c unused, sold for \$1250. A cover with 5c blue cataloged at \$1,200 sold for \$910. An unused copy of 13c type I, cat. \$2,500, brought \$1,250, while a cancelled copy slightly defective brought \$350. A used copy on piece of cover 13c, type II, cat. 1,200, sold for \$660. The six lots sold for \$10,520.

The total for the fourth section of the collection was \$33,082.45. Neither time nor space will permit of further comment. The fourth part consisted wholly of U. S. Colonies and Protectorates. There were 1437 lots. Those having catalogs may now price them.

COMBINING TWO ISSUES IN ONE

In this, our January first issue, we are pricing all the sales for which we have been able to receive figures up to and including January 1, 1918. When work should have been done on our mid-December issue, we were not in possession of enough priced catalogs to make an issue. When the copy did arrive, we were so busy with other printing that it was impossible to print the issue before the last week of the month. We decided to make it January 1 and, now that we are getting a fair start with the work of the new year, we hope to be on time hereafter.

UNABLE TO INTEREST THEM—We have promised to price all auctions held, and have tried to do so. There are one or two auction dealers who have not complied with our request for the results of their sales. We had hoped to have every sale held so far priced in this or preceding issues. We have notification from one missing dealer that his prices will be sent shortly. If we are not able to give the figures of these next issue we shall feel it in justice to ourselves to state to our readers the auction dealers who have failed to send us priced catalogs, either through neglect or for other cause. If we have not already priced the sale you are looking for, let us know, giving the name of the dealer and the number of the sale. No sales included prior to Part One of the Worthington sales last September.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

SCOTT'S STAMP & COIN 190TH SALE

A sale made up of many of the harder-to-get stamps was the 190th held December 7 by the Scott Stamp & Coin Co. Those who are receiving catalogs of this company's sales may look up any items they are interested in. We enumerate a few items which are always noted with interest, not only by those who have them but also by those who are yet in the market.

A blue cancelled copy 10c 1847 on entire cover brought \$12.75; a block of 4 1861 3c lake No. 66, unused, brought \$25; essays of the 1869 sold at from \$6.75 for block of 4 of the 1c to \$10.25 for strip of 3 of the 3c in red brown. A used block of 8 of 90c 1888 well centered sold at \$10; a mint block of 261a \$1 type **FI** 1894, superb, brought \$26.50—cat. \$30. Block of 4 1902 5c blue imperforate sold \$8.90.

4c Pan-American Invert overprinted specimen sold for \$30. This stamp sold in the Worthington sale at \$61. The Worthington specimen had straight edge and guide line at top and no mention of word "specimen." This we have seen very skillfully removed—having seen the stamp before and after the operation.

A superb copy of \$5 State sold for \$101.

Some Good Revenues. A fine horizontal pair of 1c playing card imperforate cat. \$30, brought \$32.50; a fine copy of the \$1.90 imp., brought \$47, and an unusually fine copy of \$15 mortgage sold for \$15. An inverted medallion second issue 1c cat. \$50 sold for \$38. The \$50 green and black, 1902, uncut well centered cat. \$75, sold \$31.

AMONG THE FOREIGN—Bavaria, 1849, 1 kr gray black, superb, cat. \$20, sold \$21; Ceylon, 1857, 1sh violet, No. 11, sold over cat. at \$10.25 while 1sh 9p green, No. 12, brought \$28. Danish West Indies, 1873-96, 14c lilac and green, block of 4, mint, sold half catalog at \$30. Mexico, 1892, 10p carmine, No. 229 o. g. cat. \$50, brought \$45.25.

Two prices in this sale demonstrate that serious collectors want only good stamps. A superbly repaired copy (looks superb) Brunswick, 1852, 3sgr vermilion, cat. \$500, brought \$15, and a copy of Hanover 1859 3p green, No. 17, sold "as is" cat. \$25, went for \$1.10.

The sale was one of many choice items which brought from half catalog upwards.

WE MAY PRICE COIN SALES

A number of our subscribers have urged us to publish an Index to price coin sales. We have decided to give the matter a trial to see how many desire such a service. We shall be pleased to hear from all our Philatelic readers who are also interested in the coin sales. If you know of any coin collectors who might be glad to secure a service similar to the one we are rendering you for the stamp sales we shall appreciate your co-operation if you will let us have their names and addresses.

We Priced It November 15th—In the December issue of the Illinois Philatelist, just received, we note the editor of the precancel column mentions the fact that a precancelled copy of the 2c red error was sold in M. Ohlman's sale, and that he hopes to later give his readers the price it brought.

The stamp in question was the center one of a strip of three precancelled Salem, Ore., and was on a piece of the cover. It brought \$7.75 and was sold November 7th. Our readers had this information in our issue of November 15th. Our brother publisher may feel free to use this information.

IT PAYS TO BE OBSERVING—Not long ago we received a request for a copy of The Index, giving the price realized on the 2c Pan-American Invert. The party added: "I am not a collector but am interested in these inverts, holding at one time five of them."

Such a statement would make any collector gasp for breath. We inquired further and learned that the gentleman has sold two at very good prices and still holds the other three. The five cost him a dime. It certainly paid him to be observing.

OLD ADAGE HOLDS TRUE—The old adage that "There is more pleasure in pursuit than there is in possession," holds true with many a philatelist. One of these is Mr. John E. Lord, of Chicago. Mr. Lord has an almost complete collection of Nicaragua and is now busy hunting for used blocks of 20th Century U. S. He is looking right now for the high values of the 1902 issue. Collectors who happen to have any blocks (any size) of the 20th Century issues and wish to dispose of them will find Mr. Lord glad to consider them. His address is: 6215 Rhodes Avenue, Chicago.

The Philatelic Index has no premiums to offer to induce you to subscribe. We rely upon giving you a full dollar's worth of information. Buy it the old way and then decide for yourself.

WILL SOON REACH THE 300TH

B. L. Drew & Co. held their 296th sale December 20th. The total realized for the 784 lots was \$2,208. It contained a few high priced stamps, which shows that it was of interest to many collectors.

A red cancelled copy 1847 10c black sold at \$20.25 while it catalogs \$7. Mr. Kelleher adds: "good for a copy off cover." We say so, too. It was cataloged as a "gem." It had to be to command three times catalog.

Reprints of 1857-60 sold as follows: 1c, \$1.55; 3c, \$7.15; 5c, \$10.25; 10c, \$5.75; 12c, \$7.40; 24c, \$8.20; 30c, \$5.75; 90c, \$9. All unusually fine.

A very fine centered copy of 90c 1869 sold \$10.20.

A single error in block of 6, perf. 11, brought \$2.85.

Departments—90c Justice, gem copy, despite slight trace of crease, no gum but perfectly centered, \$15.75; \$20 State, average copy, \$24.60.

The Foreign consisted of a clean lot of stamps cataloging from \$2 upwards. Good prices prevailed from half catalog upwards, due to condition.

HAD TO WITHDRAW MANY LOTS

M. Ohlman December Sale Scene of Spirited Bidding—Many Collectors Present

Ohlman's December sale was the scene of much spirited bidding from the floor, which was augmented by a long list of mail contenders. Especially was this true on German Colonies and postally used British Colonies. The floor bidders were stubborn and stayed to the finish, resulting in nearly two-thirds of the lots going to those in the room.

The second night found 107 lots of specialized Bulgaria, China, Netherlands and Colonies withdrawn by court order awaiting the Court's decision as to the ownership of these stamps. They will be offered in a later sale.

In January Mr. Ohlman will offer, among other things, a superb lot of 20th Century British Colonies containing nearly all the Edward and George issues through the pound value.

The complete prices for his 38th sale held in December are as follows:

THE END

A SPECIAL MESSAGE TO THREE HUNDRED

We are mailing three hundred copies of this issue to collectors who have received one sample copy, with the hope that they will weigh carefully the value of the service we are offering philatelists. There is no way so fascinating to add to your collection as through auction buying. You find in the sales just the stamps you want, it matters not whether you are looking for rarities or moderately priced items, either singly or in sets. There's an element of chance that makes riding the hobby via the auction route most enjoyable; it lends variety to the enchantment found in building a stamp collection.

We know that if these collectors will become subscribers to this auction service that at the end of the present season they will thank us for being so persistent in soliciting their support. We have granted our subscribers the privilege of paying at the expiration of the first half of their year. Those who subscribe now for one year may pay in June if they choose. If you are not a subscriber and receive this copy, we trust you will give our proposition careful consideration. You may now know the prices of all stamp auctions held in the U. S., for only One Dollar a year.

NEXT SALE JANUARY 24TH AND 25TH

The next sale by M. P. Lyons, Jr., of Philadelphia, will be the F. T. Richards collection, January 24th and 25th. This is a very fine collection of early issues, mostly prior to 1890, U. S. in superb condition. Catalogs will be ready soon. Address 1631 Chestnut street, Philadelphia, Pa.

RIDING YOUR HOBBY VIA THE AUCTION WAY

(Continued from page 2)

cation. In our own collection we are endeavoring to place nothing but superb copies. We have secured most of our specimens in the auctions and have experienced no difficulty in following the catalog descriptions. If you wish to look before you buy, the privilege is yours at a small expense. The collector who gives a little study to the wording of catalogs and who is ready to give the dealer a fair deal, by telling him that he is looking for a certain class of stamps, in case he is exacting as to condition, will find that the auction dealers are a square bunch and that he can buy in the sales with full assurance of fair treatment. The privilege of return where the stamps are not according to descriptions, necessitates care upon the dealers' part in preparing catalogs. After seeing a few lots, you will find it easy to know the condition described by the catalogs. But, as we have said, examination is permitted under very favorable terms.

The very choicest specimens of all stamps are to be found in auctions. The rarities are seldom to be obtained in any other way. The specialist turns first of all to this source. Dealers who have clients who delegate to them the gathering of their specimens watch all auctions with great care. The philatelist who rides the hobby to drive "dull care" away finds following the auctions a source of great pleasure. To him "pursuit" is ninety per cent of the game and the auction route affords him the best opportunity to indulge.

Then there is the element of chance that adds to the enjoyment. The chance that the other fellow wants the lot you desire. Will he outbid you? What can I afford to pay? What is such a specimen worth? Will it bring half, three-fourths, full or over catalog value? These are the questions that always present themselves. The element of chance has been, in the past, just as marked as it is today.

Following the auctions has taken on a new phase which many have volunteered to say has added greatly to the pleasure derived from collecting. In the seasons passed you were left in the dark as to what the lots you failed to secure brought. How often has the writer wondered how much the ones he failed to secure brought. Often our curiosity would get the better of us, for curiosity does not belong entirely to the gentler sex, and we would write for the prices of a hundred lots or a full priced catalog. This took too much of our appropriation for stamps and the result is—you are reading a copy of it now. Our readers tell us that they, too, have been bothered by the same unsatisfied curiosity, and that The Index has added pleasure to the pursuit of their chosen hobby.

Collectors may now follow the auctions intelligently. You may know how every lot sold during the season in all the public auctions. The price for all these sales is now less than you formerly paid for a single two-night sale. We offer you a service that is authentic and convenient. By detaching the leaf or leaves pricing any sale, and pasting them into your catalog for that sale, you have for all time a priced catalog ready for immediate reference. If you desire to list certain lots upon the margin the information is at hand.

The Index is the only paper attempting such a service. We have no hesitancy in asking you to ride the hobby via the auction route. You will find it the most pleasurable of all ways, especially if you buy a round trip ticket so that the prices are brought to you without effort every fortnight. In all probability one hundred sales will be priced during the season. Priced catalogs do not cost much today.

If you are not a subscriber you are asked to join the excursion party that is getting so much enjoyment out of stamp collecting via the Auction Route.

NEXT SALE JANUARY 24

The Western Stamp Co., of Omaha, Nebraska, will hold their 96th sale on January 24th. It contains nearly a 1,000 lots of fine U. S. and Foreign. The prices for their 95th sale were received too late for this issue, but will be given January 15th.

**Priced Catalogs Mailed Just Before the Tie-Up Are Still Enroute—Going to Press
With What We Have**

We had hoped to place this issue into the mails January 15th, with all sales held so far priced. Failure to do so is no fault of the dealers or ourselves. We have letters from those whose prices are missing saying that the prices were being mailed, but the "tie-up" came before the consignments could get through. We are going to press with what we have and will print the others in our next issue.

Catalogs of sales to be held are also missing, but most of our readers will receive these as soon as mail service becomes normal.

The last letter we received before the blizzard was from Mr. J. C. Morgenthau, stating that prices for his 136th sale and a catalog of the 137th to be held January 28, 29 and 31st were in the mails. The mails still have them, as well as priced catalogs of Tuttle's December and Egan's Third Mail Auction.

PRICING OUR FIRST COIN SALES

**Separate Edition to Be Printed After We Get Service Established—Send the Pages
to Your Numismatic Friend**

We announced last issue that we were considering the pricing of coin sales. We have not made complete arrangements for the priced catalogs of all dealers, but will soon be giving a complete service for the coin sales.

Until we get the coin division well established the prices will be printed in connection with the Philatelic Index. This will enable us to reach prospective coin subscribers without so great an outlay as was necessary in the case of The Index.

If you are not interested in coin sales but have a friend who is, you will be extending us a favor by sending him the pages from this issue which prices the coin sales held by Mr. Low and Mr. Chapman.

We shall also appreciate your help by sending us the names of any collectors who might be interested in the service.

DOANE'S 105TH SALE JANUARY 5TH

This sale opened with forty-six lots of a specialized collection of the first issue (1852) of Netherlands. Good prices prevailed.

The first item of the U. S. was a copy of 1845 New York 5c, without signature. Catalogued at \$12 it brought \$14.25.

The U. S. were largely unused from 1869 on and sold from half to catalog, according to condition.

Some Rare Revenues.—The first issue was complete, although the scarcer items were not the choicest of specimens. Off center copies of the 4c playing card brought \$1.75, \$2.25 and \$3.40. A slightly defective uncanceled copy of the much sought 6c Proprietary brought \$25.50. A superb looking copy of the \$20 Probate, crease and small tear, sold for \$8.75.

Among the better Second Issue items—fine copy \$1.30 at \$2.20; very fine copy of \$1.60 at \$6.25. 1c with head inverted, light herring bone, cat. \$50, sold \$17.50, and a very fine copy of the 50c sold for \$10.25, while a punched cancelled copy of the \$1 invert sold for \$35.50.

The 50c Proprietaries, both very fine, sold—on violet, cat. \$20, \$9.50; on green, cat. \$25, \$12.30.

The foreign contained no rarities, but was a good average lot of the better medium grade stamps. The prices for the entire sale follow.

End of Sale

PHILADELPHIA'S 215TH SALE FEBRUARY 6**A Specialized Collection of Siam to Be Offered—Balance of Sale Good U. S. and Foreign**

Catalogues will be mailed soon by the Philadelphia Stamp Co., P. M. Wolsieffer, for the 215th auction. The sale will be held February 6th. This sale will be of especial interest to many collectors as it will contain a specialized collection of Siam, the property of the late Mr. C. B. Bostwick. This specialized collection is being arranged and cataloged by Mr. Philip H. Ward, Jr., the well-known Siam specialist. It will be offered both singly and as an entire collection.

In addition to the specialized collection there will be a fine lot of United States and many good lots of foreign. To close there will be about 150 lots of very choice foreign, mostly from such popular countries as Cayman Islands, Crete, Congo, French Colonies, United States. This section will appeal to many dealers as the majority of the lots are such as are not often obtained from the regular wholesale trade.

WESTERN'S 96TH SALE JANUARY 24TH

The Western Stamp Co., of Omaha, will hold their 96th sale January 24th at 2 p. m. The sale consists of nearly 1,000 lots—250 of them desirable wholesale. the early U. S. are especially attractive. Two used copies of type III 1851 1c blue and several copies each of the 5 and 10c 1847; several copies each of the different stamps of the issues of 1851, 1857, 1861 and 1869.

Among the Foreign are a number of British colonies and a good representation from other countries from A to Z. Catalogs have been mailed.

INDEX SUPPLEMENT, JANUARY 15, 1918.

Since the regular issue was printed, the following information was received. Rather than delay it until next issue, we are printing it in supplement form.

ANOTHER WORTHINGTON SALE

Part V To Be Sold January 28, 29 and 31—Sixteen Hundred Lots from India and States, Portugal and Colonies, Shanghai and Other Minor Countries

While setting type for the supplement the catalog for the fifth Worthington sale came. It will be held at the Collectors' Club, in New York City, by J. C. Morgenthau & Co. the last of this month.

The first session consists of India and States. Five hundred lots, including many blocks, some postally used, but largely mint specimens.

The second session consists of 500 lots from Portugal and Colonies.

The third session consists of about 500 lots from Bulgaria, Montenegro, Serbia, Egypt, Orange River Colony and Shanghai.

The sale closes with a number of Original Confederate covers addressed to Alex. H. Stephens, vice-president of the Confederacy. Among them are the following: Athens 5c dull purple, 5c red (very rare); Fredericksburg 5c blue; Memphis 5c red (two copies); Mobile 5c blue; New Orleans, 5c brown, (vertical pair). There are also a number of the general issues of the Confederacy on original covers. In all there are thirty-five lots in the supplemental section at the close of the sale.

The total for the four sales already held from this great collection is \$211,440. This total is nearly double the total for the Morgenthau's largest previous season (1915-16). It is nearly a third as large as the grand total for 129 sales held from 1905 to the close of the season of 1916-17.

Bidders in these sales who are readers of The Index have the prices for all the sales for only One Dollar. To purchase the catalogs the old way would cost each reader ten dollars. For good measure they will get the remainder of the Worthington sales and all the others held during the season. We believe we are offering the biggest philatelic dollar's worth upon the market today. Tell your collector friends.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

Covers a Wide Range of Items—A Fine Lot of Entire U. S. Envelopes—Considerable Wholesale

After the regular issue was printed, Voorhees' 64th sale catalog came to hand, and we are calling attention to it, as the sale will be held before our next issue. There are 823 lots, divided as follows: Eighty-five original covers—U. S., Confederate, British Columbia, Canada, Germany, New Brunswick, Nova Scotia, Prince Edward Island; a U. S. collection of 279 varieties, one of cancellations 1870 to 1890 (1150 stamps). U. S. Postage Departments, etc., 135 lots; U. S. Entire Envelopes, about 200 lots (many of the hard-to-get); 225 lots Foreign. Among these forty lots of better grade Canada and 100 lots by countries and 50 or more lots of wholesale.

This sale is consigned by fourteen parties and includes a dealer's stock. Among the items of more than ordinary importance is Canal Zone, 1904, 5c blue (2A) Inverted Surcharge, guaranteed by Coleman, cat. \$45.

Collectors of U. S. envelopes will find this sale especially interesting, the issues from one to sixteen, inclusive, being well represented. The original covers are also very attractive. Throughout these are of issues prior to 1880 and are largely of the 50's and 60's.

Catalogs may be secured by addressing B. L. Voorhees, 339 South 8th Avenue, La Grange, Illinois

EGAN'S FOURTH MAIL AUCTION

B. F. Egan, United Bldg., Indianapolis, held his 4th mail auction December 4th. The sale was largely U. S. and many copies of the low values were present showing all sorts of odd cancellations. Those collectors who prize these freak and queer cancellations found much to interest them. These same lots presented many shade varieties which are also much sought by many who find more than one copy necessary to satisfy their philatelic desires.

All through the sale were many of the rarer stamps which sold well. The sale is herewith priced complete for those who have catalogs.

End of Sale

36,000 LOTS PRICED—Up to and including our issue of January 1st we priced thirty-seven auctions, consisting of a total of 36,676 lots. It has probably been a number of years since so many lots were sold at auction in the first third of any auction season as were this fall. The four big sales from the Worthington Collection, of course, swelled the grand total. Interest in philately was never keener than it is today. While we admit that we look at the situation through biased eyes, yet we believe that today's auction prices reveal the true market, and by following the sales one is able to get a better insight into prices than in any other way. Auction prices are now within reach of all collectors. Those who are getting the greatest pleasure out of philately are passengers via the Auction Route.

LYON'S NEXT SALE JANUARY 24TH AND 25TH

Much Fine U. S.—General Issues and Revenues and Better Grade 19th Century Foreign From Richards Collection to Be Sold

Mr. M. P. Lyon's, Jr., 1631 Chestnut Street, Philadelphia, has issued catalogs for his next sale, which will be held at the Philadelphia Stamp Club rooms January 24th and 25th, licensed auctioneers in charge. The stamps will be on exhibition at his office January 21, 23, 24 and 25, and in New York at the Nassau Stamp Co.'s 118 Nassau Street, January 22. The sale contains one thousand lots, 218 of which are better grade U. S. The bulk of the sale is from a fine collection compiled by Mr. F. T. Richards.

U. S.—Among the first issues are two pairs of the 5c and one of the 10c 1847. The Issue of 1857 is nearly complete in mint condition. Better items from the issues down to 1870 are present, mostly mint. Re-issue of 1869—fine copies of 1c, 3c, 12c, 15c, 24c, and 90c. The intervening issues 1870 to 1890 well represented with mint copies. From 1890 to 1912 is nearly complete in fine mint copies, blue experimentals are missing.

Departments—There is a fine lot of departments. About the only ones we note missing are the \$5, \$10 and \$20 State values and the misprinted Navy.

A few locals and newspapers and dues bring us down to the Revenues.

The Revenues—Imperforates. Sixteen lots, mostly single items, cataloging from \$5 up. A fine appearing (repaired) uncanceled copy of \$20 Probate of Will.

Perforates—All the better items from \$1.00 values up, except \$20 Probate. A few second and third issues. Thirty Spanish Americans. An uncut copy of the 1899 \$100.

The Foreign are of the better grade, cataloging from \$1 upwards. Also many lots of a number of stamps from a country which will make fine "surprise" packages for the collector with many spaces to fill. Such lots as these always make excellent "buys" and afford good trading stock after those missing from the buyer's collection have been removed. The foreign is strong on British Colonies. Catalogs have been mailed. Others desiring one, please mention The Index when making request.

HEINTZE COLLECTION SELLS FEBRUARY 13TH AND 15TH

J. M. Bartels Co. Preparing Most Attractive Auction—One Night Entirely of U. S. and 19th Century Foreigns

We have made mention before of the approaching sale of the F. Heintze Collection by the J. M. Bartels Co., 99 Nassau Street, New York City. We are now able to give our readers the date—February 13th and 15th. The Heintze collection is especially strong in British, French and Portuguese Colonies. It is the property of a resident of Costa Rica and in the attractive stamps of that and other Central American republics it is said to have few equals.

The first night will be U. S. and 19th Century foreign. There are a number of nice covers from U. S. and Roman States.

Among the rarities is a 1sh Nova Scotia. There are many other lots. Catalogs will be mailed about January 20th.

Attempting But One Thing—It was not the desire of the publisher of this paper to rob any other philatelic paper of its field. We desired to see the auction phase of philately handled in an efficient manner. After several attempts our plan of pricing was originated, and, to warrant making the effort to establish an exclusive auction service, the plan was protected so that its control is with the publisher.

It was not without some misgivings that the publication of an auction guide was commenced. No one knew how many collectors were possessed of the same.

amount of curiosity as ourselves about what the auction lots brought which our bids failed to secure. After computing the cost of printing the paper, we found we could finance it till January first with our yearly stamp appropriation, and so decided to forbear buying this season in order to test the scheme out. This was why we asked you not to pay until January first, for if it could not be financed we knew it could be discontinued.

We are going right ahead, for we are frank to admit that the preparation of the paper has proven as pleasant to us as many of our readers have volunteered to say the reading of it has to them. We are now in sight of the required number to make the paper self-supporting the first year. We must secure another hundred subscribers in order to break even after donating our own services. If you can help us secure one of the hundred we shall feel indebted to you, but, beyond extending our thanks, we have no remuneration to offer. We have felt from the start that the service we are offering is worth the dollar asked, so we are adding no added attractions to induce any one to subscribe. We are endeavoring to build a permanent auction service, and nothing permanent is possible unless the service rendered is needed and worth the money. To our way of thinking no argument along this line is necessary.

We are indebted to the cooperation of collectors all over the country, and to the auction dealers for the success so far attained. We desire to thus thank all who have in any way helped build the list of subscribers the paper has gained in the first four months of its existence.

We are now in a final roundup to secure the full number of supporters to make the first year's publication a financial success.

If you have a collecting friend who you believe will appreciate The Index, we shall be pleased to send him a sample copy. We shall also appreciate any mention of the service you feel inclined to give to him when you meet or write him.

Thanking our readers for their support, and wishing all a prosperous and happy philatelic year, I pledge myself to give you the best auction service possible.

C. A. BURNER, Publisher.

SUBSCRIPTION:
ONE DOLLAR A YEAR

AT THE REQUEST OF A FRIEND

If you are not a subscriber to this paper and receive a copy of this number you are receiving it at the request of some collecting friend who has found out how the paper adds to "the charm of collecting" and wants you to see for yourself.

The Index is the newest idea in Philately and is offering collectors a service that will cost one hundred dollars a season to secure in any other way. Since we charge but one dollar a year for this service we feel that it would be an insult to your sense of value to offer a premium. If the service is not desired a premium would not induce you to subscribe unless it was worth over the subscription price. We are not dealing in stamps but are endeavoring to give our brother collectors an auction service that is within reach of all. We have enough faith in the service to say that you will find stamp collecting takes on added pleasure if you buy at auction and by reading The Index know how all the lots sell.

The plan of pricing is given at the foot of this page. We can supply a few complete files which will give the prices for all sales held this season if you have preserved the catalogs. Your support is needed to make the venture a success. May we have it? Your subscription may commence with any month you desire.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

FINE U. S. COLLECTIONS SOLD

**Morgenthau's 136th Sale Totalled \$8,724—Mostly All From Our Own Country—
Many Rarities Included**

What would have been heralded as a great sale in an average auction season was the sale held by Morgenthau & Co. January 7 and 8.

The property was a fine U. S. collection and embraced a wide range of items seldom sold but once during a season but which have been so often upon the auction block this season that their presence does not disturb the philatelic equilibrium these days.

Copies of the 1847 5c and 10c on covers sold all the way from \$5 to \$10.

Off Covers—Block 4 Providence 5c black, mint, \$10.25; horizontal pair 5c 1847, \$10.20; same with stitch watermark, \$16; same horizontal pair \$10.20. 1851-24c lilac, o. g., cat. \$175, sold \$115. A block of 8, 1857 10c green (50c) cat. \$32, sold \$26, two stamps creased, while a block of four 10c (50d) cat. \$16, sold \$16.80. Reprints of the 1857 issue sold as follows: 1c, \$1.50; 3c, \$4.25; 5c, \$4.70; 10c, \$8; 12c, \$6.50; 24c, \$5.80; 30c, \$9.50; 90c \$13.50.

1861 August Issue—5c brown (57) o. g., \$150; 10c green (58) o. g., off at bottom, \$21.50; 24c violet (60) lightly cancelled, cat. \$40, \$35.50.

A very fine copy of 3c grilled all over, cat. \$12, sold \$13.

SOME INVERTS AND BLOCKS

In the 1869 issue were three items of great interest. The 15c invert sold at \$217.50, while the 24c invert brought \$295. Both were used copies and, as is usually true of the 1869 issue, were not centered.

A block of six of the 90c lightly cancelled proved an item much desired. Catalogued at \$90 it finally found a new owner at \$255.

The reissues of 1861 and 1869 sold from half to two-thirds catalog.

The Special Printing of 1875 on hard white paper (Scott's Nos. 167 to 177 inclusive) in fine mint condition, sold close to catalog, as follows: 1c, \$45; 2c, \$35; 3c, \$55; 6c, \$55; 7c, \$36; 10c, \$55; 12c, \$25.50; 15c, \$25; 24c, \$28; 30c, \$55; 90c, \$54.50.

The Special Printing of 1880 sold as follows: 3c (194) \$91; 12c (198) \$71; 24c (200) \$30.50; 90c (202) \$71; 5c (205c) \$25.

Columbian Error—The 4c error (233a) o. g. cat. \$100, sold \$71.

Pan-American Inverts—1c, \$37.50; 4c, \$32.50.

Rare Departments—90c Justice, o. g., off at bottom, \$0.50; Navy 2c green error, off at top, \$23.50; State \$5, o. g. trifle off at bottom, \$77; same, very fine, \$96; \$10, two very fine copies at \$35.75 and \$37.75; \$20 perfs. touch at R, \$25.50.

SPECIMEN ERRORS—Agriculture 1c, \$25; 2c, block of 4, \$35.50; 3c, \$25.50.

REVOLUTIONARY RELIC—An unused copy of the well known revenue in brown, which was one of the causes of the Revolution, elicited but little interest, selling for \$9.50.

First Issue Imperforate—Several of the rare ones we notice are \$1.30, cat. \$50, sold \$46; \$1.90, fine margins, cat. \$65, sold \$47; \$2.50, cat. \$50, sold \$49; \$15 Mortgage, cat. \$25, sold \$10.50; \$20 Probate, creased, cat. \$50, sold \$16; \$200, very fine, cat. \$35, sold \$18.

A pen cancelled copy of the \$1 Invert, cat. \$75, sold \$24, and another at \$35 (both punched).

PROPRIETARY RARITIES—50c on violet paper at \$9.50 and on green paper at \$12.75. A fine copy of the \$5 on green paper, minute tear, cat. \$250, sold \$101.50.

PERFORATED—2c Bank Check, orange on green paper, cat. \$15, sold \$11.50.

SECOND ISSUE RARITIES—Lightly cancelled copy of \$200, blue, black and red, cat. \$150, sold \$83. A well centered remarkably fine copy of the \$500, cat. \$400, sold at \$305.

50c blue and black, inverted medallion, not cancelled nor punched, sold \$11.

This sale makes an interesting study for the U. S. collector. It gives those who have a catalog an opportunity to study today's prices of U. S. of more than ordinary importance.

FOR ALL CLASSES OF COLLECTORS

In talking with a number of collectors recently, we were surprised to hear several give their opinions to the effect that auctions are for advanced collectors only. The fact that these collectors were not familiar with auctions was very evident. The one nice thing about "riding the hobby via the auction route" is that you can select sales that contain the sort of stamps you are buying.

To be sure, there are sales which will appeal only to those whose means permit of buying rare items. But there are far more where you may buy medium priced stamps. Many lots by countries furnish excellent "buys" for even the beginner, or for those who find great pleasure in trading duplicates or selling what they do not need through the society circuits.

The fellow who rides the hobby for pleasure will find no other route so delightful as the auction route.

INDEX TO BE CONTINUED AS A WEEKLY.

It has not been the policy of the publisher of this paper to leave a task unfinished. Last fall we decided we could give collectors the prices of all philatelic auctions. We still believe our plan has merit and is feasible, and if it is the last thing we do in philately, we are going to fulfill our promise of last fall and price all public auctions held this season.

The season has been an unusually active one. This, added to the work of establishing an entirely new service, has overtaxed our own time. Our resources have not permitted employing enough clerical help to do the work as it should be.

Through the hearty co-operation of both dealers and collectors, we have secured a very creditable list of subscribers to the new service. Without this co-operation we could not have accomplished this. Neither could it have been done had the plan not been one of merit.

We have been able to arrange our work so that the publishing of this paper with regularity will be possible. With no apologies to offer for the past but with a firm determination to accomplish our purpose and give collectors a real auction service, the following announcement is made:

The Index is to be issued weekly. The service, to be of value, must reach the subscribers soon after the sale. Nothing short of a weekly service will suffice. We have promised to give our readers their money's worth. We shall not have fulfilled that promise, from our point of view, until we have priced complete every sale held this season and at the time you desire the information.

The paper will go to press Monday of each week and bear date of the following Thursday. This will enable us to give our readers the prices soon after the catalogs are received. Coin sales are to be priced. As far as possible, the prices of stamp sales will be printed on one side of the leaf and coin sales, write-

ups of coming sales, and, we hope a few advertisements, on the reverse sides. This will make the consulting of prices an easier task as the pages may be fastened into the catalogs with all the prices exposed to view.

We are far behind with our pricing, but have the figures for all the sales which have not been priced, in type. We shall publish these as fast as our space will permit, giving first preference to the more recent sales.

We know the change to a weekly will overcome the greatest fault that has existed in the service. We have the utmost faith that enough serious collectors will eventually support this service to make its preparation a service of pleasure and, possibly, one that will be remunerative.

Several have volunteered to double their yearly subscription, stating that the price asked is "far too little;" others have interested themselves to the extent that other collectors have been added to the subscription list. To all such we extend our sincere thanks. We believe the paper can be financed at the subscription asked. We know it can if each of our present subscribers assists us by adding a new name to the list. Our list is made up largely of advanced collectors—men who are not desiring public praise—so we refrain from publishing the names of those who have assisted the cause by voluntarily becoming our subscription agents. The list would include attorneys, professors, importers, manufacturers and business men of note. To realize that the writer has designed a service that adds pleasure to the hours these men spend "with themselves" is a remuneration in which we take pride.

The task has been too great for the time we could devote to it in the past. We are going to carry the project through and if we find it necessary to charge more next year, we shall have the courage to come to our readers and tell them so. But we prefer to double our list rather than our price. With the co-operation of all, we know this can be done.

Thanking all our subscribers for their patience, and spurred on by words of encouragement from many, we turn to the task with renewed vigor, trusting that we may succeed in rendering an auction service that will please all.

R. J. AUCTION SERVICE GROWING

We are pricing this issue the fifth sale (February 15th) and the sixth sale (March 23rd) held by the R. J. Auction Service, of Herrin, Illinois. The monthly increase in the size of this new firm's sales indicate that it is growing in favor with collectors who buy and have duplicates to sell.

The seventh sale will be held the last of the present month.

PART VI PRICED COMPLETE

Sixth Sale from Worthington Collection Totals Nearly \$50,000—Totals for Six Sales Exceeds Quarter of a Million

To those of us who have "just a few stamps" the totals of the Worthington sales are appalling. Part six sold the last of February and first of March in five sessions and is priced complete below. This sale totals \$49,684.90. The grand total for the six sales heard from is over \$260,000. The countries represented in the sixth sale are Ceylon, Fiji and Australia. The extent of the collection is realized when it is stated that there were 2650 lots in the sale.

The fact that the lots averaged nearly \$20 should not lead you to believe there were no lots the average collector could not bid successfully upon. The high average was brought up by a number of rarities, chief among them a copy of Western Australia 1854, 4p blue, frame inverted, of which fewer than ten copies are known which sold at \$1,500. Space will not permit to list these rarities. From the index of prices those possessing catalogs may study them to their heart's content.

SCOTT'S 193RD AUCTION

New York Firm Holds Excellent Sale March 12, 13 and 15—Many Rare Items Included

The Scott Stamp & Coin Co. have held some fine sales this season, but probably their best was that of March 12, 13 and 15. The property was that of a prominent New York collector and contained many rare items.

Copies of No. 17 New York 1845 5c black sold at catalog and above, viz.: \$14 and \$17, while a superb copy of No. 17a, cat. \$25, brought \$29.50.

A strip of 3 1851 5c red brown No. 34, cat. \$45, went at \$76, while a similar strip of the same stamp 1857 cat. \$21 sold \$20. Two vertical strips, 5c brown, type 2, No. 48a—and strip of 3 10c green (50c) cat. \$17.25 sold \$81. These prices further show that early used strips and blocks are much sought.

SOME CHOICE REVENUES—Some of the scarcer revenues were sold as follows: 6c Proprietary lightly cancelled, very fine, sold at even catalog, \$60. 1c blue and black, inverted medallion, very fine, cat. \$30, sold \$34.50. \$500 1898 (3044) uncut, fine margins, cat. \$60, sold \$38.

The Foreign—All through the three sessions were rare items, too many to permit of listing them. The following may be of interest to our readers:

A strip of four 5c violet No. 3 Bolivia 1866 on original, superb, cat. \$36, sold \$74. Ceylon 1857 2p green, No. 4, blk. 4, cat. 24, sold \$32. Dutch Indies 1864 10c lake, No. 1, strip of 4, cat. \$10, sold \$36. Hawaii, 1853, 13c dark red No. 6, sold at catalog, \$25. Mauritius 1848 1p orange, No. 3, early impression, superb, cat. \$250, sold for \$235; 2p blue on bluish No. 6, superb, cat. \$120, sold \$96; another not so good, for \$61. Newfoundland 1857 2p No. 2, superb cat. \$75, sold \$88; 4p scarlet vermilion No. 4, cat. \$65, sold \$82; 6½p No. 7, very fine, cat. \$75, sold \$76.

The sale contained 1505 lots and totaled \$14,975, which gives a good idea of the character of the lots sold, as the average per lot is not usually so high. To those who have catalogs, the prices below will be interesting.

ANOTHER FINE COLLECTION OFFERED

Morgenthau & Co. to Dispose of Another Extensive Collection in Sections —Part I Covers Three-Night Sessions

J. C. Morgenthau & Co., who have been extremely busy since last September distributing the big Worthington collection, have mailed catalogs for the opening sessions of the Cornwall collection, April 15, 16 and 18. In announcing this sale the cataloguer speaks as follows:

"Our 140th sale contains the first portion of the collection of Mr. Frederick R. Cornwall, of St. Louis, a former president of the American Philatelic Society. Mr. Cornwall collected the stamps of United States and British Colonies. Among the stamps of our country will be found quite a number of rare and interesting items, and we desire to call special attention to the 2c Pan-American Invert, which is fast becoming one of the great rarities among stamps.

"Among the British Colonials the standard rarities are well represented, and the gem of the entire collection will be found in the wonderfully fine copy of Canada 12 pence.

"Special attention is called to the remarkable collection of the stamps of Cape of Good Hope as these together with New South Wales, which will be offered in a later sale, were Mr. Cornwall's special pride."

Among the U. S. are many of the rarities such as 24c 1870 grilled; 6c and 8c 1895 on Revenue; Pan-American Inverts (all three); the 1908 Bluish papers, among them the scarce 4c and 8c; 2c Navy error, \$5 and \$20 State.

The British Colonials offered in this sale must be studied to be appreciated. Catalogs are now ready. 87 Nassau Street, New York City.

DIES SUDDENLY IN DENVER

Monday, March 18, Mr. B. H. Fehlig died suddenly at his home in Denver. He went to Denver last fall for his health and established the firm which bore his name. In our last issue we announced that Mr. Fehlig had decided to enter the auction field. He had prepared the copy for his first sale which was to have been held April 20th. The proofs for the catalog were delivered but two hours before the Angel of Death called Mr. Fehlig into the great beyond where all must go and from whence none return.

Mr. Fehlig was for a number of years manager of a St. Louis stamp firm. His wife was an employe of the same firm at one time. The initial sale catalog was being prepared in our office. It is possible that the sale will be held a little later by Mrs. Fehlig or by some of the regular dealers.

Seventieth Sale Has Been Held and Will Be Priced Complete Next Issue—Other Fine Sales Coming

J. M. Bartels Co. held their 69th sale February 13 and 15. They have since held their 70th sale. The prices for this sale will be given next week.

The 69th sale was had by 254 bidders represented, which testifies to the popularity of this auction firm's sales. Among the lots were a number of recent issues of Persia, Turkey, Central Powers and German Colonies. These commanded unusually high prices.

Among the items was the 2c green on pinkish, part gum, which sold for \$24. A superb block of four of the 1917 2c of 1908 perf. 11, sold for \$14.75. This is the stamp which was on sale in New York October 8th and sold out before discovered by collectors. It is predicted to be one of the rarities of the future.

We regret that we cannot comment more fully upon this fine sale. If you are not receiving the Bartel auction catalogs you are undoubtedly passing by the opportunity to bid upon many choice items. The sales cover wide range and all classes of collectors will find something to interest them.

Mr. Bartels is now arranging his 71st and 72nd sales. These will contain lots from a fine collection belonging to the estate of a New York collector. The firm's address is 99 Nassau street, New York City. Below are the prices for the 69th sale:

ALL LIKE THE CHANGE

Since the announcement made last week that The Index was to be issued weekly, we have received numerous letters congratulating us upon our nerve. Some of these letters contained very encouraging news—a check for another subscription secured by the writer from a collecting friend. We appreciate this co-operation and trust that all our readers will do what they can to make the paper a permanent Philatelic weekly. If you have overlooked your own remittance, we shall appreciate your settlement at this time.

We are getting our work into proper shape and will soon be able to render collectors an auction service that will be all that can be expected.

Some volunteer to double the yearly subscription price. We prefer to double the number of subscribers. May we have your co-operation now?

HIS WIDOW WILL HOLD THE SALE

We noted in last week's issue the death of Mr. B. H. Fehlig, of Denver, and mentioned that he had just prepared the catalog for his first auction. This catalog was being printed in this office.

We are now requested to announce that the sale will be held in May by Mrs. Fehlig, who has gone to her former home in St. Louis, Missouri.

MR. GUEST AGAIN A CANDIDATE

Mr. J. Eustace Guest is again a candidate for Sales Superintendent of the S.P.A. He has given good service and his methods have been copied by other associations. He has many friends who will work for his re-election.

If you have overlooked mailing your bids for our Seventh Sale, do so at once.

FEW ON OUR LIST.

Being a consignor in a small way in a recent auction we were shown the bidding blanks out for the sale. Out of about 260 bids there were thirty which displayed either a manifest ignorance of what good stamps bring or a unsatiated desire to get something for nothing. There was nothing on these sheets to warrant considering them as bids as the amounts were even less than what damage or "as is" specimens would bring. The dealer permitted us to check the list. Out of the thirty but three were known readers of The Index. Two of these were recent additions to our list.

A study of auction prices by aid of the paper gives you the market prices of stamps today. The catalog gives you the condition of the specimen in question. It is this happy forced relation of the catalog to the Index that overcomes the dealers' former objection to giving out prices. The saying that such a stamp catalogued at \$6 sold for \$1.50 is misleading unless the defects are noted. The catalog is printed for just that purpose. The Index is the "answer book" and claims to be nothing else.

We are offering collectors a service that is exclusive as well as original. If some other philatelist devises a better plan of listing auction prices we are ready to let him do this work which, to use the words of a former philatelic publisher, "must be a labor of love." Since starting this work we have had no time to even look at our collection and before the task is finished it may have to be sacrificed to finance the project.

We have a deep rooted notion that the service we are attempting is meritorious and in the end will be appreciated.

We may have attempted to give too much for a dollar; we may have under-estimated the number of collectors who follow auctions but we do not believe we are wrong in saying that those who are enjoying the pursuit of the hobby in the highest degree are those who are traveling via the "auction route."

We have collected stamps for twenty years and to us the greatest pleasure comes in pursuit rather than in possession. We happen to own an unused copy of the 6c proprietary. It took a long time to find it although there may be a number of similar specimens. The greatest philatelic pleasure came in locating it and securing it rather than in looking at it since it is ours. Of course, we are willing to admit, we are ready to show it to the other fellow but the point we wish to make is that the collector who gets the most out of the hobby is he who keeps posted on the market of today—the collector who decides before hand that he is going to get a certain specimen and never gives up until he succeeds.

We recently met an advanced collector whose collection had about reached the point where he no longer could buy enough specimens to satisfy all his philatelic desires. He tried other hobbies but his long association with stamps always brought him back to his first love. He canvassed the side lines of philately

and selected used 20th Century U. S. Blocks. He has been busy ever since. A few of the higher values have caused him no end of searching, living in a large city he has excellent opportunity for search. His non-collecting friends know of his hobby—they are his spies. Several have purposely used certain high denominations on out-going mail selecting the stamps with care as to centering. They have written the addresses and enclosed postage for the safe return of the cancelled blocks telling the reason for asking the favor. They have then called in their collector friend and taken pardonable joy in presenting him with the purposely prepared gift. Philately has thus effected closer fellowship between men whose fancies run in different lines.

There are many collectors who in writing to collecting friends see that perfectly centered off-shade specimens are used—the pleasure is theirs for they know that at the other end of the journey their letter will have a two-fold reception.

Philately is more than the collecting of stamps if considered in its broadest aspects.

We have little hope of reaping a financial gain from the publication of this paper. We would like to make it self-sustaining. We have received numerous letters of congratulation from men who would not squander their time dictating letters that did not express their true thoughts. That our publication meets the need of men who hold positions of large responsibility to such an extent that they take time to express their appreciation of the service attempted gives us courage to go ahead with a feeling that in the end The Philatelic Index will become as necessary to the hobby as the stamp, the hinge and the album.

We are not soliciting letters of praise, congratulation, sympathy, or encouragement. We need none of these. What we do need is more yearly subscriptions. If the Weekly Index meets your desires for an auction guide; if it adds to your philatelic pleasure we shall appreciate your telling your collecting friends or sending us the names so that we may relieve you of the effort of getting a copy into their hands.

WORTHINGTON SOUTH AMERICAN SALE

Morgenthau's 139th Sale, Part VII of the Worthington Collection, Totaled \$11,563

Part VII of the Worthington Collection was a South American consignment. There were 1528 lots. The sale was held March 20, 21 and 26. The total was \$11,563. The sale did not include all the South American Republics as some of these countries are being retained by the purchaser of the collection. Among the lots were many rare items. Some of these sold greatly above catalog. As an example, Columbian Republic 1860 5c blue error (50 instead of 5) catalog \$14, sold \$51. A rare item from the Coppet Collection, double plate of 20, printed tete beche, 5c black Tolima 1870 type II, sold for \$155.

The complete prices for this latest Worthington sale are given below.

Patrons of these sales who have complete files of the Index may now price any of the lots of the entire seven sales, as we have priced all complete.

To secure the priced catalogs any other honorable way would have cost each reader \$15.50. If your conscience hurts you, get one of your friends to subscribe. We can supply ten complete volumes yet.

In the catalog a number of lots are designated a, b, c, etc., after the number. We have listed these consecutively and designated the lots so that the pricing is easy to follow.

PHILADELPHIA STAMP CO.'S 216TH SALE

Total for April 3rd Sale, \$2,767.25—Some Excellent Wholesale Attracts Dealers—
More of This in Next Sale to be Announced Soon

Below we give the prices for the Philadelphia Stamp Co.'s 216th sale held April 3rd. The sale was a very good one, the sum total being \$2,767.25. The wholesale lots were particularly attractive and many bids from leading dealers were received. Since the embargo on stamps has been enforced wholesale lots where first-class have been sought by dealers.

Mr. Wolsieffer informs us that his next sale, No. 217, will contain an unusually fine lot of wholesale and large combination lots for dealers. Any dealer who does not investigate the sales is surely missing an opportunity to secure desirable stamps for his stock.

The date for the next sale by this firm is not announced yet. Watch for it in an early issue of The Index. The prices for No. 216 are given below:

MOZIAN'S TWENTY-SEVENTH PRICED

Some Interesting U. S. Proofs Priced—Sale of April 13th Contained Much of Interest to General Collectors

Mozian's 27th sale, April 13, opened with a number of those pretty U. S. proofs and essays. Three Die proof of Albany 5c, black, brown and green sold \$2.10 each. Die proofs of 1847 5c and 10c on laid paper brought \$10.10 each. Proofs of the proposed 1869 30c Surrender of Burgoyne in various combinations of colors, sold from \$1.50 to \$2.25. Orange proof of unaccepted design for 1c Proprietary brought \$7.

Among the U. S. Postage fine used copies of 1916 \$2 and \$5, #407 and #408, brought \$1.20 and \$2.10, respectively. A fine copy of #414, 5c red error perf. 11, sold at \$2.90, which shows the catalog is none too high, being \$3.

The advisability of putting away used blocks and strips is again evidenced by the prices realized on some such lots in this sale. A horizontal strip of 5 1851 Tuscany 9s #7a, catalog \$12.50, sold \$18.25, while a strip of four 6c catalog \$5.75, brought \$15.

**Index Preparing Some Facts and Figures Upon Present Auction Season—
Several Good Sales Yet to be Held**

The present auction season is holding the interest of collectors to the end, as several good sales are yet to be held.

The Index is preparing some facts and figures which will prove interesting reading after the season passes into Philatelic history.

Just as we go to press we received the priced catalog of the 8th Worthington sale. The total for this section is \$10,242.65. The eight sales total \$299,251. Priced catalogs for these sales would cost seventeen dollars under any other plan than The Index.

It has been the cherished hope of the publisher to finance this project at a popular price for we believe the true hobbyist gets the greatest pleasure by following his hobby through the auctions. We know that our efforts have been appreciated, for we have received the support of more than double the number that several prominent collectors said we could interest our initial year.

The Index is going to be continued as a weekly. We shall issue but a small sized paper during the vacation period, as there will be few or no sales to price. However, we have the promise of a number of interesting articles along auction lines for these issues.

We are making no definite statement about what the subscription price for the second year will be. We will accept renewals now, and also new subscriptions, at one dollar a year.

We have no hesitancy in asking you to support this paper. Its service is different from that offered by any other. We are not ashamed to ask a dollar a year for the service, and since that is all we are now asking, we want you to feel right about the matter and not think you should pay more.

If you receive a copy and are not a subscriber we ask you to consider the paper from the standpoint of service. See if you can buy a bigger packet of Philatelic joy any place else for one dollar.

If you find the place send us the address so we can send our dollar, too; if you do not, let us send you The Index.

PHILATELIST ARRANGES RED CROSS BENEFIT

**Mr. Noah Taussig Addresses President Wilson by First Aeroplane Service—
Letter and Cover to be Sold for Red Cross by J. C. Morgenthau & Co.**

In the coming sale by Morgenthau & Co., June 11 and 12, will be a letter autographed by President Wilson which was carried on the first trip of the aeroplane mail service, which will be sold for the benefit of the Red Cross.

The letter which was sent to President Wilson by Mr. Noah W. Taussig, is as follows:

New York, April 22, 1918.

My dear Mr. President:

According to the newspapers the first mail delivery by aeroplane will take place on May fifteenth.

I have been a philatelist since boyhood and as a boy I edited the "New Jersey Philatelist." On May sixteenth I will be fifty-five years of age. If you will honor me on that day by cancelling the first 24-cent stamp by this new delivery with your autograph I will arrange to have it sold at auction in New York—and I will start the bidding with \$1,000.00—for the benefit of the Red Cross or any

Very respectfully yours,

war charity you may suggest.

(Signed) NOAH W. TAUSSIG.

We are offering no excuses for the non-appearance of The Index. There is but one—we are overworked. We have worked longer hours than we should. We have attempted to give collectors too much. The season, due to the dispersion of The Worthington collection, has been very heavy. We have been unable to get priced catalogs of one or two sales. Our subscribers have been very considerate, for which we thank all.

The present issue has been set so that we are up with the calendar. We are trusting that we can now finish the task undertaken as we should. We shall endeavor to do so.

HAPPENED RIGHT OFF THE BAT

While collectors were wondering if the aeroplane on the new 24c stamp would appear inverted New York papers printed the following:

New York, May 21.—A sheet of 100 of the new postal airplane stamps, face value \$24, with the airplane turned upside down through an error, has been purchased for \$20,000 by Col. E. H. R. Green, of Texas, son of the late Hetty Green.

The stamps were turned back by a Washington citizen at the stamp window because the airplane was inverted. A man who sensed the philatelic value of the sheet purchased it at its face value and it reached the hands of a Philadelphia stamp dealer who sold it to Col. Green.

Col. Green said here today he planned to retain a portion of the sheet for his collection and dispose of the other stamps among his friends. It is predicted by philatelists that if the sheet proves to be the only one in existence outside the government ownership, the stamps will attain a philatelic value of \$250 each.

PHILADELPHIA STAMP CO.'S 217TH SALE

P. M. Wolsieffer has catalogued an exceptionally good lot of stamps in his 217th sale, which will be held in the new Club rooms of the Philadelphia Stamp Club, 1626 Arch Street.

In commenting upon his last sale, Mr. Wolsieffer adds: "Over fifty per cent of the bidders did not secure a single lot at our last sale, evidently not gauging the present rising market on the desirable stamps."

We make bold to predict that few of this group are readers of The Index. When they realize the value of the service the Index is offering, we shall be able to give you the paper we desire to issue.

The coming sale is strong on Foreign. It also contains over 200 lots of very desirable wholesale. Mr. Wolsieffer's sales have featured wholesale this season.

ABOUT COIN SALES

We had planned to have our coin sale pricing service going before now. Lack of co-operation of some of the dealers has delayed this service. Several dealers have as yet declined to furnish prices. We are not going to allow this to destroy our plans. To those who have sent their subscriptions we desire to state that the service will be started within a couple of weeks. All subscriptions will be dated from the time the service is made to cover all the leading sales.

If you, when writing coin dealers who hold auctions, will tell them you desire to see their sales priced in The Index, you will help us greatly in securing the proper co-operation from the coin auction people.

The following are co-operating: Mr. Low, of Rochelle, New York; Mr. Mehl, of Fort Worth, Texas, and Mr. Chapman, of Philadelphia.

Not having been a collector of coins, we are a stranger to the coin dealers and it has not been so easy to secure their co-operation as it was in the philatelic field.

Below we give full prices for Mr. Low's 193rd sale held February 28.

In our next issue we shall price Mr. Mehl's sale of the John E. Burton collection held April 30th.

SUBSCRIPTION:
ONE DOLLAR A YEAR

Interest in auctions continues strong to the close of the season. We believe we have a better knowledge of this phase of the purchase and sale of stamps than the average collector and, possibly, than some of the newer auction dealers.

From confessions from collectors we know that many are now buying in auctions who did not consider this means of increasing their collections a year ago. They have found it not only a satisfactory way to buy just what they want but also very interesting to learn through The Index what the various lots brought.

We have tried to render our readers an efficient service. It has not been what we hoped to be able to give, but we are pleased to state that we have gotten our work caught up and will be able to give The Index the attention it deserves at the proper time.

We have priced all sales for which catalogs have been received. The other sales will be priced just as soon as the data is at hand.

We desire to thank those of our subscribers who are helping extend the subscription list of the paper. We have received subscribers from the Pacific Coast who state that friends in the far East have told them of the paper.

We are receiving such encouragement that we shall soon be able to add enough help to make the preparation of the weekly issues a pleasure.

We ask your co-operation. Send us the names of any to whom you would like sample copies sent. In writing collectors, tell them of the service you are receiving. Help us extend the acquaintance of The Index.

AN ERROR IN NUMBERING

Since the May 30th issue was mailed we have received notices from many asking for No. 15. This brought to light an error in our numbering. The next preceding issue was that of May 9th numbered 14. We are sorry to have caused our readers this trouble and regret that we have been forced to skip issues as we have. Here's two in succession and a third one well on the way. We feel encouraged at this marked improvement.

New York Dealer Plans to Hold Saturday Afternoon Sales During July and August

M. Ohlman, 75-77 Nassau Street, New York City, held his 42nd sale May 31st and June 1st. It contained the usual variety of interesting items that characterizes the Ohlman sales. Those holding catalogs may price the lots they are interested in, or the entire sale if they desire, from the index list below.

Mr. Ohlman plans to hold Saturday afternoon sales during July and August. These will be priced in the Index, as we shall take no vacation but endeavor to extend the acquaintance of the paper during the summer months.

ONE WE OVERLOOKED

We have had prices for one of Geo. R. Tuttle's sales in type, but it got stowed away and was never published. We are giving it and have written this dealer to let us have his sales which follow. He no doubt has considered this omission intentional and so sent no priced catalogs of his more recent sales.

Lots A, B, C, D, E, F, G, H, I, K, L, M, N, and O. sold for the following prices, respectively: \$25.50, \$3.00, \$2.25, 65c, \$1.10, \$1.50 90c, \$3.80, 55c, \$1.10, \$1.00, \$1.00, \$5.25 and \$4.70.

CONVENTION TIME DRAWS NEAR

Great Lakes Center of Attraction for Philatelists During August

The time of the annual meetings of the National Philatelic Societies is drawing near and many collectors are beginning to think of Summer vacations. It is appropriate that such a delightful Summer vacation section of the country has been chosen as the Great Lakes district for these gatherings.

The Southern Association meets at Niagara Falls August 8, 9 and 10. A loyal group of Niagara Falls and Buffalo collectors are arranging a royal welcome for those who attend. The great American natural wonder, Niagara, is an attraction that brings thousands annually. Added to the charm of philately the Southern Association should have a large attendance, despite the existing conditions. A beautiful souvenir program is prepared under the direction of Mr. H. C. Burns, 431 Second Street, Niagara Falls.

American Philatelic at Cleveland

The thirty-fourth annual convention of the American Philatelic Association will meet in Cleveland, Ohio, Tuesday, August 13th, and succeeding days until the business is all completed.

Those who attend will be assured of an enjoyable time, for the delegates are to be the guests of the Garfield Perry Stamp Club, Branch No. 30.

The committee on arrangements consists of Messrs. Alvin Good, chairman; John F. Rust, Dr. T. H. Tubman, W. H. Barnum and W. W. McLaren, all of Cleveland.

Metropolitan Philatelic at Toronto

The week following the S. P. A. convention at Niagara Falls, the Metropolitan Philatelic Association will hold its annual meeting at Toronto. Already a ticket has been placed in the field for the M.P.A. election. It is styled the "Live Wire Ticket" and is composed of the following: President, Howard Ewing, Seattle, Washington; vice-president, A. A. Jones, Herrin, Illinois; secretary, Howard E. Day, Beecher Falls, Vermont; treasurer, Carroll D. Piper, Wolfboro, New Hampshire; international secretary, Ira C. Greene, Fitchburg, Massachusetts; directors, J. E. Guest, Minneapolis, Minnesota, and John G. Bassler, Madison, Wisconsin.

SALE NO. 217 A GOOD ONE

Philadelphia Stamp Co. to Hold Another Sale Early in June—Total of Sale \$3,166.50

The Philadelphia Stamp Co. held their 217th sale May 29th. The 750 lots totaled \$3,166.50, or an average of \$4.50 per lot. This indicates a fine lot of stamps as there were no rarities.

Mr. Wolsieffer has been unable to hold as many sales this season as he had planned, not for want of stamps, but because of shortage of competent help due to the war.

A horizontal pair #17 New York 5c sold for \$17. The sale opened with a number of pairs and blocks from a wide range of countries. They brought good prices, in many cases above catalog.

An unused copy of 1861 3c pink sold at \$27.40, while the grilled all over variety unused but not centered sold \$17.40.

A mint copy 1870 30c grilled okd. by Bartels, brought \$16.40.

Among the Match and Medicine a fine proof of Thos. E. Wilson 4c black #4545 sold \$1640. The original is priced \$300.-

The last third of the sale was desirable wholesale.

A BUSY AND INTERESTING SESSION

Many Index Readers Feel We Have Added to the Game This Season and Show Appreciation by Securing New Subscribers

The auction season has been an unusually active one. Our readers will realize this better when they read the resume of the sales which we are preparing, and which will appear during the vacation period.

Many have expressed their appreciation of the service this paper has rendered by letters of congratulation and many by securing new readers for the paper.

The Index makes no claim to superiority as a philatelic publication. Our intention is to do one thing well, and that is to review and price the auctions. We have a field to ourselves and it is large enough to engage all our time and efforts.

The Index has no premiums to offer. We cater to philatelists who know a dollar's worth and are ready to pay for it. The collectors who subscribe for a service, such as ours, do so because it is what they desire. We have endeavored to render a service that will merit a renewal of your subscription without giving a copy of the 5c red error or a collection of stamps as an inducement.

ABOUT COIN SALES

We have on file a number of subscriptions from coin collectors. We have experienced some difficulty in securing the co-operation of the coin dealers. We wish to announce that the pricing of these sales will be started in a week or two. All such subscriptions will be dated from the time the service is properly started. We want to serve all efficiently before charging for the same.

PART II CORNWALL COLLECTION

Two Thousand Lots of British Colonials Sold in Four Nights by J. C. Morgenthau & Co. of New York City

The splendid collection of British Colonials from the Frederick R. Cornwall collection was distributed by J. C. Morgenthau & Co. May 23, 24, 27 and 28. This was their 142nd sale.

The Australians were especially fine as Mr. Cornwall specialized in the Sidney Views and Laureated Heads.

Those holding catalogs may study the results by the aid of the Index which will prove quite interesting.

The firm holds another sale this week, in which the President's autographed aeroplane letter is to be sold for the Red Cross.

ONE DOLLAR A YEAR

HAVE PRICED MORE THAN A HUNDRED

Prediction Made at Beginning of Year Proves True—We Feel That We Have Earned Your Dollar

When The Index was launched we estimated that, during the year, we would price one hundred sales. With the issue of June 6th we rounded out the prices for one hundred sales. We have not taken the trouble to ascertain how many lots are included in these sales. Suffice is to say we have exceeded our estimate and there are several sales for which we shall yet give complete prices before the close of the year.

We advertised that priced catalogs would cost but one cent each—we have fulfilled that announcement. We have but one regret and with that our readers are familiar. We have no fear that any of our readers feel that we have not earned the price asked for the year's subscription. We are quite sure that those who have become subscribers since the beginning will receive as much for their money before their year expires.

The task has been far heavier than we anticipated. We have done the best we could the first year, and the paper is so well advertised we feel sure the work from now on will be much easier, and that we shall be able to render those who elect to support the effort a service that they will subscribe to from year to year with pleasure.

NOT WORRYING US

A strong protest is being made by many papers at this time because of the advance in second-class postal rates. The new schedule is governed by the parcel post zones.

Being situated near the center of the country is an advantage to us. But a still greater advantage is the fact that we are not endeavoring to publish a voluminous magazine but instead are crowding some information worth while into small space.

While we are inclined to think that the franking privilege is a greater dead-weight to the postal system than the second-class matter, yet, if by increasing the rates the Government can be able to give second-class matter better service, we shall hail the change with pleasure.

No doubt the best results will be the cutting out of worthless reading matter and a more careful elimination of dead subscriptions and samples.

MORGENTHAU'S ONE HUNDRED FORTY-THIRD SALE

Various Consignments Sold June 11th and 12th—Aeroplane Letter Autographed by President Wilson a Red Cross Benefit

J. C. Morgenthau & Co., of New York City, cried their 143rd sale June 11 and 12th. It consisted of consignments from various owners. There were some rarities but the greater part of the sale catalogued \$5 to \$10. The sale contained a thousand lots and totaled \$7,262.45, which shows a very good average for a consignment sale.

The sale opened with 155 lots on covers, none of which were exceptionally rare, but throughout these commanded prices averaging higher than the specimens off cover brought. The President's aeroplane cover sold as noted elsewhere. Proceeds to the Red Cross.

STAMPS OFF COVER—Two copies of St. Louis 1845 5c grey lilac No. 23 and one of 10c No. 24, all slightly defective, sold at \$52.50, \$48 and \$39, respectively.

A vertical strip of 3 1851 1c blue type I, No. 30, catalog \$225, sold \$101.

A very fine copy of 5c red brown No. 34, large margins all sides, catalog \$15 sold \$19.50.

Four copies of the special printing 1883 4c blue green No. 211d, sold at \$30.50 each; catalog for this stamp is \$35.

Very fine copies of the dollar Columbians brought the usual 10 per cent over face.

A very fine pair of 5c 1902 imperforate No. 304b sold \$4.25, while a block of four brought \$8.75. This is reasonable for this stamp—catalog \$4 per stamp.

NO ONE RAISED HIS BID

We noted in a recent issue that the first aeroplane letter autographed by President Wilson and mailed to N. W. Taussig, of New York, was to be sold at auction by J. C. Morgenthau June 11th.

Mr. Taussig was to start the bidding at one thousand dollars, the entire proceeds to go to the Red Cross. The letter came and was sold, we presume, to Mr. Taussig, as the bid of \$1,000 was not raised.

Here in Illinois at a Red Cross benefit ball game a baseball bearing the autograph of President Wilson was tossed up to start the game and auctioned off, bringing \$320.

Mr. Taussig has a cover that in years to come will be of great value.

PRICES FOR DOANES 109TH SALE

Two Afternoon Sessions Held June 8th and 12th—Repaired Copy of Uniontown Local Brings \$66

Below we give prices for Percy G. Doane's 109th sale. Among the unusual items was a repaired copy of Uniontown 5c green on gray blue No. 140 on cover. Reserved by owner at \$65 it found a new one at \$66.

That desirable copies of stamps command good prices is evidenced by some prices paid. Blocks of four of early issues prove much sought prizes—a fine block of 24c No. 78 catalog \$4, sold \$11.25. A fine copy 24c 1869 sold for \$3.60. A copy of 1870 12c grilled okd. by J. N. Luff, sold \$31.

Finely centered copies of 6c and 15c 1908 bluish paper, sold at \$2.70 and \$3.50, respectively.

A reconstructed plate 1d 1840 Great Britain containing 240 stamps, cataloged at \$156, sold for \$56. In the sale were a number of copies of this stamp which sold well.

A copy of 1882 5 pound, catalog \$20, registry cancelled, sold \$17.

In the second session was a specialized collection of Norway. The copies were fine and sold from catalog upward, in many instances. Prices for all lots are given below.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

MOZIAN'S TWENTY-NINTH SALE JUNE 28

Mahan Mozian has mailed catalogues for his 29th sale to be held at 140 Nassau Street, New York City, June 28th. The sale contains a very good lot of both United States and Foreign.

Classed under Odds and Ends are some unusual items, some of which would no doubt be valued highly by the curio collector, chief among which is an old English cover postmarked "Paid 3d Petersham" and addressed by Charles Dickens.

NOTICE TO COIN COLLECTORS

All coin collectors who have subscribed to The Index are advised that their subscriptions will be continued for a full year after a complete pricing service is established. All copies received up to that time are to be at our expense.

You will assist us by telling the coin dealers you desire to see their sales priced as soon as held. When writing any of them, tell them you are watching for an indication of their co-operation.

"THE WAY TO RESUME IS TO RESUME."

Brother Philatelists:

In the words of that famous editor, Horace Greeley, "the way to resume is to resume"—so here we are. Had we known that our first year in attempting to price Philatelic auctions would have been so beset with obstacles we should never attempted to render this service.

The chief obstacles have been viz: the necessity to make a living from other work and an inadequate equipment.

We should liked to have written each of our subscribers a personal letter but neither time nor money will warrant it. The publishing of The Index has been a pleasure but a financial loss. We have no fault to find. The idea was entirely new; the task never before thought possible of solution; the auction season exceptionally heavy and worst of all the publisher ill prepared.

We are going right ahead and commencing September first we shall issue a weekly service and make it all that the most exacting can ask.

We have just been advised that the Government has issued the patent protecting our idea of price quoting. With this asset it is no longer a problem of interesting the necessary capital to finance the project.

Our plant has been enlarged and made adequate to handle the

GOOD STAMPS AT AUCTION

**G. Stanley Haines, of Peabody, Mass., Advertises Some Good Stamps
At Auction in This Issue.**

G. Stanley Haines, Peabody, Mass., this issue uses The Index to advertise his mail auction of August 20. Complete catalog of the stamps are printed on pages 13 to 16 of this issue. Look it over. Possibly the stamps you desire are included.

business property. We shall now be able to do our mechanical work in much less time and thus have a better margin of profit in the same. We believe this with the added support the service is going to receive will enable us to keep our subscription price to one dollar a year.

We plan to issue one issue in August which we are going to mail to five thousand collectors. Then commencing September first we shall commence the weekly issue and fulfill every promise we have made as to the pricing of philatelic and coin auction sales. This special issue will appear August 15th.

We thank our subscribers for their indulgence and trust that each one will give us his cooperation so that we may build up a list of auction buyers who will make the publication of *The Index* a greater pleasure to the publisher and of greater service to Philately.

TO HOLD S. P. A. SALE

M. Ohlman to Conduct Sale at Niagara Falls Gathering, August 9th.

M. Ohlman has sent out catalogs for his 44th sale which will be held at the S. P. A. Convention Aug. 9th at Niagara Falls. The stamps will be on exhibition at the convention.

Mr. Ohlman informs us that his fall season will open about the middle of September and that he has much fine material already booked for the coming season. Prices for his July sale are given in August 20th number.

We have several requests for prices for one or two sales for which so far we have been unable to secure priced catalogs. We have written again for these and hope to be able to publish them in our next issue, Aug. 20.

TO REACH FIVE THOUSAND

Index Service to Be Presented to 5000 Active Collectors Before Opening of Fall Season. Do You Wish to Tell Them Something?

The publisher has been preparing to introduce the Index auction service to a list of 5000 active collectors. A special number is now in preparation which will be mailed during the third week of August to 5,000 active collectors.

The primary object of this issue is to introduce the service we are rendering collectors. To do this in the best possible way we are addressing each one with a personal letter and enclosing a copy of the paper. The issue will not be a voluminous one due to the fact that we shall be forced to hold its weight to the required limit for such postage.

If any of our readers desire to say anything to these 5,000 collectors we can accommodate a limited amount of advertising. If interested let us hear from you at once. The rate is two dollars per inch width of page, which is double column newspaper measure.

The Philatelic Index

VOLUME TWO

NUMBER ONE,

Published weekly at Normal, Illinois, for the dissemination of Philatelic News, especially that pertaining to stamp auctions. Issued Thursdays.

SUBSCRIPTION:
ONE DOLLAR A YEAR

TO RENDER A WEEKLY SERVICE

Despite Forced Reduction to Paper Consumption The Index Will be Issued Weekly During the Sale Season—We Hope to Make the Service One You Will Appreciate.

The Government is requiring a reduction in paper consumption and while we probably use less than the minimum set for required compliance with the ruling yet we plan to cut our paper consumption to the lowest possible amount. There are to be no extra pages used and all comments shall be held to as small space as possible.

We have set out to give collectors a weekly auction service that will merit their hearty support. We have no hope of making money out of it. We must make expenses and when we have conducted the paper long enough to absolutely know its cost we shall ask a yearly subscription that will insure it paying all expenses. It is quite probable that an advance will be necessary. However, it is service, that we propose to give first. That is what collectors want. Our efforts in the past have been far from what we have planned to give. We now are going to endeavor to make The Index a service that you will support not from a feeling of philanthropy but because you feel that it is the biggest dollar bargain in Philately.

To Be Issued Thursdays

The Index is to be printed and mailed Saturday of each week during the auction season and bear date of the following Thursday. The auction dealers have all signified their readiness to give us priced catalogs just as promptly as possible.

Our special issue has been delayed because of insufficient help but will be issued in a week or ten days as we are now catching up and will set the Index man before 5000 active collectors. Collectors are fast realizing that the auction route is the most delightful way of building a collection.

Few Sales Not Priced—There are a few sales that we have not given the prices for which were held last season. Letters on file indicate that the priced catalogs were lost in transit. We have been promised duplicates and when these arrive shall complete last year's task.

Mozian's 30th Sept. 28th.—Vahan Mozian, 140 Nassau St., opened the new season with his 30th sale September 30th. The property was largely that of Mr. Frank Marquis of Long Island City, N. Y. Prices for this sale will be given soon.

Opens on Pacific Coast—Just as we go to press the catalog of Edwin P. Seeborn's 15th sale to be held in San Francisco, Oct. 11th, comes to hand.

Tuttle Opened Sept. 7th.—Geo. R. Tuttle, one of the veteran auction dealers, opened the season Sept. 7th with his 272th sale. Prices for his 271st are printed in this issue.

Philadelphia's 218th Sale of July 10th.

P. M. Wolsieffer held his last sale for last season July 10th. The sale was a very fine offering of the better grade of stamps. The total for the 742 lots was \$2,686.75, which shows a very good average especially when you recall that over 200 lots were wholesale.

Just as we go to press the catalog for this firm's 219th sale comes to hand. It will be held Oct. 23rd. There is much of interest in the sale.

Mr. Wolsieffer like all the rest of us has been hit hard in the matter of help, and has not been able to hold as many sales as he would like. He states that he has several good sales in preparation for this fall and winter. Prices for his 218th sale are given below:

COMING SALES OF THE SEASON.

Prospects for An Active Auction Market Appear Bright—Many Fine Sales Are in Preparation.

There is no doubt about it, the Auction way of buying and selling is becoming more popular with hundreds of collectors. Last year's sales were unusually strong and while the season taken as a whole was probably above its immediate predecessors, yet the present year bids fair to be unusually interesting from a philatelic standpoint.

Some Sales Already Held—Already several good sales have been held or are catalogued. Among these we mention the following:

M. Ohlman—Held his 44th sale at the S. P. A. Convention at Niagara Falls, August 9th. It contained much fine material. It is priced complete in this issue.

September 23 and 24 Mr. Ohlman opened the fall season with his 45th two-night sale at his offices in New York City. He is preparing regular two-night sales for the fall and winter months. His 45th sale is priced complete in this issue as is also his 43rd held during the summer months.

Drews 300th Sale Oct. 29th—B. L. Drew & Co. (Daniel F. Kelleher) of Boston, have just mailed catalogs for their 300th sale. The sale is especially strong in United States which the cataloguer states are a superb lot and largely the property of Mr. A. N. Riggs of Boston. The stamps will be exhibited at the office of the Nassau Stamp Co., in New York City, October 14th. The sale also contains many choice foreign and British Colonials. It will pay you to follow these sales.

Voorhees 67th Sale.

Sales Held and to Be Held.

Contract to Sell Another Large Collection—Another large and well-known collection is to come upon the market this season. J. C. Morgenthau & Co., who dispersed the famous Worthington collection last year, have contracted to sell the collection of the late Mr. Wm. N. Washburn of Greenfield, Mass. This collection ranks among the best in the United States. This firm enjoyed an exceptionally busy season last year. The total of their sales was \$344,548.70—more than any three previous years. Since 1905 the gross amount of this firm's sales is \$1,065,038.75

Already the Morgenthau's have mailed catalogs for two sales. Their 144th was held October 1 and 2. It consisted of the collection of Mr. Max Wenzel of Pittsburgh and also consignments from a number of other collectors. The sale will be priced in an early issue.

Catalog for their 145th sale has just been received. To the surprise of many it announces that part nine of the Worthington collection will be sold Oct. 15. This part consists of U. S. Proofs and Essays. Of all beautiful collections proofs and essays, to our mind, takes easily the lead. What wide variety of colors and shades all standing out in the beauty of their freshness. To those who see more in Philately than the mere gathering of lithographs from many climes, proofs and essays have strong appeal.

To attempt to enumerate the list offered would require pages. Those interested will want to give the catalog careful perusal.

Franklin's 23rd Sale October 16.—The Franklin Stamp Co. have just mailed catalogs for their opening sale—number 23, which will be held in Philadelphia Wednesday afternoon, Oct. 16.

A WORD TO NEW READERS

Requests for Catalogs Must Be Made Individually of Firms Holding Sales

The publisher of The Index offers collectors a service that makes but one claim—the answer book for all sales for which you receive catalogs.

The mailing of catalogs is optional with the dealers and the publisher assumes no responsibility in accepting your subscription other than delivering you the compiled prices for the auctions held by the dealers who regularly conduct sales and mail catalogs. We cannot attempt to price sales which are listed only in Philatelic papers.

There is no way from which you can get so much out of Philately as by following the auctions. It matters not whether you are the advanced collector, searching for rare items; the beginner, gathering the nucleus of a general collection; the exchanger, building up a large list of desirable duplicates; the small dealer, supplying an approval trade; each and all is riding the hobby for pleasure. We contend that the best route for all is the Auction Way, especially since we make it possible for you to know how every auction lot sells.

Your receiving the catalogs rests entirely between you and the different auction firms. Of course the dealer desires you to bid but do not think you are misleading him into thinking you are seriously interested in his sales by sending him a lot of bids far below the actual value of the lots. One time such bids were excusable on the ground that the party was uninformed as to how stamps sell. But since The Index has been published dealers know that collectors know how stamps sell.

So do not think you are misleading the dealer by sending him a long list of very low bids upon the best items in his sale for you are not. To the contrary, you are disgusting him. It takes valuable time to read and enter the bids.

If you cannot buy but sparingly be honest with him and say so. Pick out a few items that you would like to acquire. Bid in accordance with conditions and watch how the lots sell. If you have a limit to place on your purchase in the sale, indicate it. Be assured the dealer will treat you right. He wants your continued patronage. We have bought in auctions and have given some high limits on desirable items. We have yet to find an instance where our confidence was misplaced.

The Index offers you the opportunity of getting the most out of Philately. A wide variety of sales is held each season. You will find among them the items you are seeking and since the greatest pleasure comes from pursuit rather than possession, fill your wants from the auctions. Bid on a few items in such a way that the dealer will know you really want to buy something—you'll have no difficulty in reading The Index with pleasure and profit.

Coin Prices Next Issue—We have several priced catalogs at hand for recent coin sales. We shall start pricing these next issue. **Index to issue page 16.**

PRICES FOR 73RD SALE

Good Prices Obtained for Good Stamps—Many Fine Items Indicate Sharp Bidding—More Sales to Follow.

J. M. Bartels Co., 99 Nassau St., New York City, opened the season Sept. 26 and 27, with their 73rd sale. The sale consisted of three different collections, one of which was the property of the late Henry J. Howlett of Brooklyn. The sale opened with a number of original covers from various countries.

Off Covers—A splendid copy of New York 1845 sold for \$17.70 while an unused copy of Providence brought over catalog at \$4.10.

Early issues of U. S. were numerous. A very fine copy of 1851 5c red brown sold for \$9. A pair of the 10c, same issue, sold \$4.25.

A mint copy of 12c 1867 grilled 11x13, perfectly centered sold for \$10.75. It catalogs \$12 and for its condition, in our judgment, sold under value. Another gem was 1870 90c mint, deep shade catalog \$15, sold \$13.70.

The sale consisted of 1200 lots. A number of combination lots sold well worth the money as did the wholesale. Collectors who take pleasure in exchanging would find much of interest. The next sale will be held the latter part of this month. Complete prices below:

300TH SALE A STRONG ONE

Boston Auction Season to Open October 29th With Superb Lot of U. S. From Collection of Mr. A. N. Rigges

B. L. Drew & Co., 7 Water St., Boston, Mass. (owned by Daniel F Kelleher), will hold their 300th sale Oct. 29th, at 24 Hayward Place. Mr. William L. Aldrich is the auctioneer.

The sale is an unusually good one and especially strong in U. S. In this it may properly be styled a specialized collection especially in early issues. There are 36 lots for the 1847 issue and over 150 from the second issue to and including that of 1869. The later issues are present in many blocks. The sale consists of nearly 1,000 lots half of which are better grade foreign. If you have not seen a catalog you should get one and enter the competition as many desirable items are to be sold.

We shall appreciate your mentioning the Index to your collecting friends.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

TWO MORE FROM LAST SEASON

Prices Given for Two Sales Held in June—One Or Two More Will Yet Be Priced

There are a number of our readers who are interested even at this late date in the prices obtained in the sales held last season that we have not priced. Two such sales are priced in this issue:

Franklin's 22nd Sale—One of these is Franklin's 22nd Sale, held June 19th. This reliable firm opened the present season Oct. 16th. We have the promise of a priced catalog at once and trust we may be able to price it next issue.

The other sale referred to is the Haynes-Liberia held in Cleveland, June 1st.

Must Add 500 Names

To finance this volume of the Index it will be necessary to add five hundred names to the list or raise the subscription price. Numerous letters from collectors tell us to raise the subscription—double it if necessary. We prefer to add more names to the list.

November 1st we are going to present the Index service to 5,000 active collectors. Several have sent advertisements for that issue. We can accommodate a few more.

If you want to assist in getting the paper introduced send us the names of any collecting friends to whom you should like a sample sent.

FRUITLESS ADVICE

Philatelic Writer Fails to Recognize That Auction Prices are Governed by Condition of Stamps Rather Than Fancied Value of Either Mail or Floor Bidders

In the June number of The Collector's Journal, Editor Guest commented as follows, relative to auction prices:

Auction Prices Give Fictitious Values—We cannot but feel that the present auction prices secured for stamps are inflated. Why? With the issuing of the Philatelic Index giving the realized auction prices of the different sales, bidders are apt to be influenced to raise their bid ten cents or so over the last price realized. On this way each subsequent sale of a stamp brings the price a little higher. This gradual climbing is bound to sooner or later place the exact selling value of the stamp on an inflated basis. The purpose of the Index is to be a guide to the bidder and as a suggestion toward sane buying we would suggest you bid slightly under the prices obtained at the preceding sales. Try this out and see if the results are not more satisfactory.

It is quite evident that the writer never attended many spirited public auctions. His advice might work in mail auctions were it universally followed, that is, if the holder of the sale placed no higher value upon the stamps than his bidders. But in the auctions good stamps command good prices simply because they are worth it.

Condition has everything to do with the prices obtained. It is for this reason that dealers go to considerable expense to write, print and mail, catalogs that deal entirely with condition. Cataloguers are painstaking to see that these descriptions are correct for their future business depends upon satisfied buyers as the great majority of bidders have no other guide than the cataloguers' description.

The Index is the first attempt at pricing the sales that has met the approval of the dealers. All other plans merely gave the information that the stamp in question sold for so much. No mention was made about condition. A low price was misleading, especially to those not well versed in auction prices. A smudge cancellation, a tear, straight edge, poor centering, discoloration, etc., which determined the price went unnoted.

The Index plan overcomes this objection—price and condition go hand in hand—you must have the catalog to read the price.

If you ever have the opportunity, attend a public stamp auction. You cannot spend a more enjoyable evening. We would rather attend a good sale than buy a good stamp from it if the expense of attending prohibited the purchase.

You will then realize how fruitless is the advice given by Mr. Guest. Do not think that there is no floor competition. On the contrary you will find

A SALE OF MANY RARITIES

The Collection of the Late Wm. N. Washburn of Greenfield, Mass., Rich in Many Superb Condition Rarities

J. C. Morgenthau & Co., 87 Nassau St., New York City, are to dispose of a collection this season which is rich in many superb rarities. It is that gathered by the late Mr. Washburn of Massachusetts. Part I, consisting of the stamps of the United States and possessions and the British colonies in America, will be sold in four sessions at the Collectors' Club, 120 West 49th St., New York City, November 6, 7, 11 and 12. It is their 146th sale and catalogs have already been mailed.

Part II will take place December 4, 5, 9 and 10 and will embrace the stamps of Great Britain, and British colonies except those in America.

Part I is rich in superb copies of many U. S. rarities, among which we mention the following:—

St. Louis Postmaster Provisionals—5c #20, 10c #21 and 10c #24.

U. S. General Issues—1851 5c red brown #34, fine O. G., fine margins, cat. \$75.
1857-60—5c brick red #45, O. G., cat. \$100.

1861 (August). 10c dark green (58) O. G. cat. \$75.

1861 (September). Mint copy 3c pink. Also mint copy of 5c buff (67) and 5c brown yellow (67a).

1862-66 Issue—3c scarlet (74) O. G. Also mint copy (78c) 24c steel blue which cats. \$100.

1869 Inverts. Lightly cancelled copies of the 15c and 24c invert of this issue are gems of the collection, each cataloging \$500.

The completeness of the collection is evidenced by the statement that the reissues of 1875 are complete in superb mint copies as well as the national of 1870 with grill.

Other Rarities. 4c Columbian error, Pan American Inverts—1c, 2c and 4c. The 2c is perfectly centered, full O. G. The scarce 4c and 8c on bluish papers.

Departments Complete. The departments are at present complete including the scarce high value State, the Navy error and the scarcer denominations of Justice, Navy and State.

Many Rare Revenues. Not for some time has such a collection of U. S. Revenue Rarities come upon the market.

The Imperforates embrace such scarce items as 3c playing cards, \$1.30 orange, \$1.90 violet, \$2 Probate, \$2.50 and \$3.50 Inland Exchange, \$10 and \$20 Probate and the \$200.

The Perforated Issue is complete including the 6c proprietary, \$20 Probate and the other rarer ones.

The Real Revenue Gems. The real revenue gems are the Second Issue Inverts. Before noting these however one must call attention to the \$200 and \$500 of the second issues. These are fast becoming recognized as real rarities—being now catalogued at \$175 and \$400 respectively.

Of the Inverted Medallions there are the following: 1c, 2c, 5c, 10c (2 copies), 25c—probably scarcest U. S. revenue, 50c (2 copies), 70c, \$1 and \$5. There are also copies of the 30c and \$1 inverts of the third issue.

Among the proprietaries are the 50c, \$1 and \$5 on violet paper unused and with O. G.

The Spanish American revenues are complete.

Nor do all the good things end here but space will not permit of a longer review. British colonies in America, all with many of the rarer items.

COOPERATION OUR READERS APPRECIATE

P. M. Wolsieffer Stops Work at Busy Hour to Price Catalog So Index Readers May Know How Stamps Sold

Below we give our readers complete prices for P. M. Wolsieffer's 219th sale held Oct. 23rd. This quick action is possible because Mr. Wolsieffer, realizing the number of his patrons who take The Index, "stopped operations long enough to have a marked copy of the sale made from the Clerks record book" and forwarded by first class mail to us.

We know our many readers who hold catalogs for this sale greatly appreciate the cooperation especially when we add that Mr. Wolsieffer has given up all his help to the war except one lady clerk who does not "know stamps." In his letter he adds "this is my fourth night working late in succession and I am not as young as I used to be."

The total of the sale is \$3069.70. The few lots indicated as withdrawn were taken from the sale because of errors in cataloging.

FRUITLESS ADVICE—Continued from Page 1

from 25 to 75 collectors and dealers who have carefully examined every stamp that interests them. Many will also represent collecting friends who desire to buy if conditions are what they demand and who take this method in preference to having the items sent for inspection. In short you will find keen competition from the floor for all items of value. Quite often the starter is near full catalog or more.

And if you want to close up the gaps in your collection you will find it absolutely necessary to bid what the condition of the stamps warrant. You can safely give good limits on good stamps relying upon the fact that the floor bidders are good judges of values and will not let real bargains pass unchallenged.

To give our readers an idea of the proportion of successful mail bidders at an average sale we quote from the letter of a friend who attended the Morgenthau sale of the Worthington proofs which is priced in this issue. "The total of this sale was \$5,100. Of this \$1,300 went to mail bidders while the balance was taken by eight floor buyers who represented a number of collectors." This only shows that competition for good stamps is keen and that unless you bid what condition indicates the items are worth The Index's quotations will be your only return from the sale.

If you want to prove to your own satisfaction who is right, try it out. Follow the advice of Mr. Guest. Condition considered, the lowering of your bids will bring you no other return than to learn through The Index that the other fellow bought the items.

Have Served Our Time

The editor of The Index has been laid up for the past ten days with a mild case of Influenza. We have heeded the advice of our physicians and not ventured out as soon as we were able to get out of the house. We feel that in this disease it is best to be slow. We trust our readers will escape the prevailing malady.

NOW ARRANGING A SALE

Milton P. Lyons, Jr., 1631 Chestnut St., Philadelphia, advises us that he is now arranging a collection of 17,000 varieties for sale soon. With it will be consolidated a fine collection of proofs of U. S. Revenue and Match and Medicines, mostly die proofs. Many lots by countries will be offered as well as wholesale and miscellaneous. Date will be announced in this paper as soon as chosen.

PUBLISHER'S STATEMENT—We have now priced all sales for which prices have been received: In order to catch up with our work we shall not issue an Index until November 7, omitting issue for Thursday Oct. 31.

Mozian's 31st Sale November 1st

As we have announced before, Vahan Mozian will hold his 31st sale November 1st at the Collectors' Club in New York City. It is the collection of U. S. and Colonies made by Mr. Frank N. Lang, of Brooklyn. Catalogs have just been mailed.

Scattered all through the lots are very desirable items—the ones you do not find in every sale. U. S. collectors will be greatly interested in giving the sale careful study.

Revenue collectors will find much to interest them. Besides a good showing of Imperforates the Perforates have all the scarcer ones including 6c Proprietary and \$20 Probate. The second issue is complete through \$50 and there are many of the better ones from the later issues. Included in these is the \$50 surcharged black. There are a number good lots from U. S. Colonies.

Tuttle's 273rd Sale November 16

Just as we go to press we received the catalog for Geo. R. Tuttle's 273rd sale which will be held Saturday afternoon, Nov. 16th at 116 Nassau St., New York City. Among the 600 lots we note many desirable single items and lots by countries. A pair of 5c New York (17b), a good O. G. copy 1c Pan-American invert, U. S. Revenue \$50 surcharged black are among the lots. The foreign embrace many desirable items. The sale is well worth your consideration.

SUBSCRIPTION:
ONE DOLLAR A YEAR

But One Priced Catalog Received

We wish to thank our many friends who have written encouraging messages since they learned we had had our experiences with the influenza. The renewals of support sent by these make us feel that The Index is winning a place in the affections of collectors.

We are very badly behind with the multitude of duties we attempt to perform but when we announced that we would mail our next issue November 7th we planned to keep our word. So far but one priced catalog has been received—Drew's 300th sale. We know our readers will appreciate learning about this sale. It so happens that there were but a few sales the very last of October or first of November so we knew there would be few to price. Then we realize that the dealers are short handed so that it is hard to get the catalogs into our hands.

We trust that it will be possible to price all sales as promptly as possible for we hope to be permitted to render our readers a service worth while this year.

In response to many inquiries as to our recovery from the "flu" we wish to say that, due largely to the untiring efforts of the "best little woman in the world," the editor of The Index is rapidly regaining his former vim and trusts his readers will escape the visit of this epidemic.

We regret that we have no more sales ready to give you but it don't take long for a week to flit by and then we want you to be expecting our regular visits.

Much Activity Manifested

There is considerable activity in the Philatelic Auction field right now. Several of the well-known dealers have good sales in preparation.

M. Ohlman, 75-77 Nassau St., New York City, has sent out catalogs for his 46th sale which will be cried by Walter S. Scott, November 14th and 15th. Mr. Ohlman is now preparing the catalog for his December sale. It will be a strong one. His November sale is a large one and worthy of careful consideration.

Morgenthau & Co., 87 Nassau St., New York, held the opening sessions of the Washburn sale Nov. 6 and 7 and will conclude Part I Nov. 11 and 12. The date for Part II was announced last issue—Dec. 4, 5, 9 and 10. Catalogs will be mailed soon.

Percy G. Doane, 154 Nassau St., New York, will have concluded his 112th sale this coming Saturday. The dates were Nov. 2 and 9.

Milton P. Lyons, Jr., 1631 Chestnut St., Philadelphia, is now writing the catalog for his season opener. Date not ready to announce.

George R. Tuttle, 116 Nassau St., New York, will hold his 273rd sale Saturday afternoon, Nov. 16.

We are endeavoring to get the cooperation of coin dealers in giving prices for their sales. We shall be able to give full service soon. If you are interested in these sales tell the coin men when writing them, to price their sales in The Index.

DREW'S 300TH SALE BRINGS FINE PRICES**Many Desirable Stamps Find New Owners at Prices in Keeping With Condition.**

The part condition plays with auction prices was clearly shown Oct. 29th at the 300th sale held by Daniel F. Kelleher in Boston. Especially was this true of U. S. This part of the sale consisted of the property of Mr. A. N. Reggio of Boston. Some prices realized were as follows:

An unused copy of 1847 5c pale red brown, og., catalog \$12, sold \$16.50. A cancelled pair of the same sold at double catalog—\$12.75 while a superb single, cancelled, sold \$6.60. A gem copy cancelled in red sold four times catalog at \$12. Twenty-three copies sold largely above catalog.

An unused pair of the 10c, full o. g., cat. \$40, sold for \$83. Used copies sold at \$8.20, \$8.50, \$9.10, \$10.40 and \$11.50

A block of three 1851 1c blue, catalog \$2.25 sold for \$10.35. An unused block of four of the 3c, cat. \$6.00 sold for \$18.50. An unused copy of the 5c red brown, #34, cat. \$75 sold for \$72. Superb used copies, cat. \$15 sold \$14.60, \$15.25, \$17 and \$18.

A used block of four of the 3c of 1857, No. 43 cat. \$1.20 sold for \$16.50. A full sheet of the same, full o. g., cat. \$15 sold \$16.30.

A perfectly centered (how scarce) copy 24c 1869 unused sold for even catalog—\$12.50 while a superb mint copy of the 30c sold for \$15.50—slightly over catalog.

A fine mint block of 1870 3c, catalog \$8 sold for \$8.25.

Copies of the 10c and 13c on Bluish paper brought \$6 and \$29.50 respectively.

A full sheet of 2c with 2 red errors, perforated 10, brought \$11.50, while the same perforated eleven sold for \$10.25. There is generally a greater difference in price between the two.

The foreign contained many good stamps which sold from one-third catalog upward, many of the better ones exceeding half catalog.

The total for the sale is \$3419.55 which is two-thirds of full catalog. Such an average speaks well for a sale of such size. Complete prices for the sale are given in the Index table below:

Cannot Do What We Should Like to Do

Our one regret is that neither our time nor the funds available will permit the giving of more extended reviews of the sales than we have printed in the past. We should like to mention many lots in each sale. The great majority of our readers are bidders who receive the various auction catalogs and so have the information which enables the "lifting of the veil" that shrouds the Index tables.

WASHBURN COLLECTION DISPERSED

Many Rarities Bring Catalog or Better; Total for Four Sessions \$24,940.10. To Be Reviewed in Detail

J. C. Morgenthau & Co. of New York City, sold many rare stamps the first of the month when Part I of the Washburn collection was distributed. This collection will, in all probability, be the finest sold this season. It contained many U. S. rarities in fine condition.

We are giving herewith complete prices for the four sessions for those holding catalogs.

We are going to review this sale at some length in succeeding issues of the Index. Such a review as we have planned will require some time to arrange. We only hope to be able to make it as interesting to all our readers as a study of the prices will be to those holding catalogs. We print the opening installment in our next week's issue. The prices for the four sessions, for those holding catalogs, follow on pages 5-6-7-8.

PART II WASHBURN COLLECTION**Strong Sale from Great Britain and Colonies Catalogued by J. C. Morgenthau & Co.
for Dec. 4, 5, 9 and 10**

Each season there are a few of the exceptionally fine collections coming onto the market. The auction way of selling is fast being recognized as the most satisfactory. This season such an offering is that by J. C. Morgenthau & Co. of the collection of the late Mr. Washburn.

This collection was gathered with the utmost care. The result is that today the superb specimens are commanding high prices. Especially is this true of the rarities which are exceptionally fine copies.

Part II—Great Britain and Colonies is replete with many of the scarcer stamps. Especially is this true of the mother country, Cape of Good Hope, Ceylon, Mauritius, Transvaal and Australia. The sale consists of nearly 2,200 lots which precludes making any exhaustive review in detail.

This is a sale for advanced collectors. We are endeavoring to make The Index of interest to all. We plan to review this sale quite fully after the sale so that those who are not in possession of a catalog may know what the rare items brought.

While many of our readers are collectors who bid in this class of sale we ask those who are not buying single items cataloging from \$5 to \$200 to treat this firm fair and not ask for a catalog for the mere matter of reading the Index prices.

We shall review the sessions of this sale in such a way that all may read of it intelligently and with interest. While we shall give the prices in full as soon as received but the reviews will probably form interesting articles in several issues.

Some of our readers volunteer to say The Index is the biggest dollar's worth they have seen in Philately. For all such kind words we extend our thanks but we have not begun to make the paper what we have planned. We are going to stay with the job and give you a service you will be waiting to receive.

P. M. Wolsieffer, 21 S. 7th St., Philadelphia, has just mailed catalogs for his 220th auction which will be held Dec. 4 in the club rooms of the Philadelphia Stamp Club. The sale covers a wide range and so is of interest to all. Dealers will find an attractive lot of wholesale material much of which cannot be bought in the open market today. Some 30 lots of early French issues in plairs, strips and blocks will undoubtedly be sought after by many. There is time to secure your catalog if you are not receiving this firm's catalogs regularly.

A PRICE COMPARISON ON U. S. RARITIES

A Review of Morgenthau's Recent Sale of Washburn Collection of Rare U. S. With Previous Auction Prices Noted

We promised our readers a detailed review of the rare U. S. from the Washburn collection which is being disposed of by J. C. Morgenthau & Co. this season. We realize that anything we write will be but a poor attempt to give any conception of the superb condition of many of these items. We also realize that to those whose purses will permit them to aspire to become the owners of such rare stamps the quoting of prices received in the different auctions mean little as compared with the sales faction of acquiring a much coveted prize. But to those of us who are numbered among the great mass of collectors the associating of cold dollar and cent valuations is interesting. After learning what those who can will pay for choice specimens of this and that we who have never even had the pleasure to even look upon such rare gems go on our way and in our day dreams allow our fancy to weave stories of "finds" that put all those of record to shame.

So feeling that those of us who fall into this class are sufficient in numbers to appreciate such a comparison of figures we shall attempt to give some prices realized at different sales on a number of U. S. Rarities.

Before going into the comparison we desire to state that it is possible to do this because of the philatelic auction service compiled by Mrs. Louise Kellogg of West Hartford, Conn. Mrs. Kellogg's system is entirely different from the service we are giving collectors. By her card system the prices of all stamps of any consequence is listed and preserved. The prices realized at all philatelic auctions on any stamp of any value can be and is supplied by Mrs. Kellogg at a nominal charge.

Some of the Washburn Rarities

Among the rare Postmaster Provisionals in this collection were three copies of the St. Louis—one of the 5c and two of the 10c.

The 5-cent sold for \$112.50. Four other copies of #20 were previously sold as follows: Morgenthau '15, \$92.50 (fine margins); Franklin '72, (magnificent); Bartels '17, \$59, (good except lower rt. corner); Franklin, '17 \$52, (trifling defect).

The Washburn 10c #21 is listed as very fine—it sold for \$157.50. Morgenthau sold a repaired copy in 1915 for \$46; Franklin, a very fine copy last year for \$70 and another on cover in March of this year for \$92.

The 10c #24, type II in this sale is listed as very fine with good margins on \$31; Scott, a good copy close right in 1917 for \$70; Franklin, a desirable copy close

BARTELS 74TH SALE PRICED**Excellent Prices Realized for Fine Stamps—288 Take Part in the Bidding. Some Queer Cancellations on Early U. S. Eagerly Sought**

J. M. Bartels Co. held their 74th sale November 19, 20 and 22 at the Collectors' Club in New York City. The sale opened with 51 lots on covers. Some interesting early U. S. were among them which brought excellent prices. The sale totalled about \$5,800. There were 288 bidders competing. Floor bidding was spirited and the mail bids were sufficiently liberal to take many of the items.

A pair of 1847 5c orange brown sold over catalog at \$7.90, while a dark brown single from worn plate nearly doubled catalog at \$5.60. Some queer cancellations on 3c of 1869. A railroad cancellation, extremely scarce sold \$4.60. Other cancellations and prices were as follows: Woman's head and bonnet, \$4.20; a shoe, \$4.20; rosette of eight leaves, \$4.20; mortar and pestle, \$5.10; bee with wings spread, covering entire stamp, \$4.20; a thistle, \$4.20.

Stamps Off Covers.—Among the U. S. off covers a dark brown copy 5c 1847, blue town cancellation incl. "5 cts" sold for over double catalog at \$6.35. Two pairs of the same brought \$5.80 and \$6.85 while a copy of 28B sold \$4.25. Copies of the 10c sold from \$3.35 to \$6. A copy of 3c of 1851 showing distinct dated cancellation of 1853 brought \$11.50. A very fine copy of the 90c of 1857 showing town cancellation went over catalog at \$30.50. The overstocked Columbian market was further evidenced by the dollar values in very fine o. g. copies even selling below face as in the \$3 at \$2.70 and the \$5 at \$4.10 and \$4.90. A total of 39 copies 1912 12c from sheet 6900 showing numerous shifts, face \$4.68 sold \$10.60. Five cent errors #414 sold \$3.75 for a single and \$4.60 and \$6.40 for the double in blocks.

Some Fine Canada.—Among the lots were over 40 from Canada largely early issues. A copy of 1855 10p with fine margins cat. \$12 sold \$14.75. A grand copy of 7½p, 1857, fine margins, cat. \$25 sold \$35.50, while a copy with fair margins top and bottom brought \$15.75. A copy of 10p. 1859 black brown, cat. \$15, sold \$8.60.

A fine copy (wide margins) Cape of Good Hope 1861, 4p. cat. \$40, sold \$31.75.

A copy of Hawaii 1859 2c blue on bluish white, fine margins all round cat. \$60 sold \$35.50.

A magnificent copy Tasmania 1853 1p blue, cat. \$25 sold \$33.75.

Early issues off New South Wales were eagerly sought as evidenced by the prices. 1p rose, #1 in plate 1 which sold in the Cornwall sale last May for \$29 sold here for \$29.50. Three copies of the 2p. blue sold \$13.50, \$12.30 and \$12.60.

SIX HUNDRED APPROVAL BOOKS

J. M. Bartels Issues New Pink List Announcing Comprehensive Approval Business. Result of Much Buying and Classifying

For several years past J. M. Bartels Co., 99 Nassau St., New York City, have specialized in preparing selections by countries mounted in convenient approval books. Four hundred such selections were prepared and announced in a 16 pp. pamphlet known as their pink list.

These selections are more than so many stamps from a given country. Each book covers either the complete postal issues of the country or some specified division of it. The stamps are correctly listed with catalog numbers given. Many selections are specialized and all are very helpful to the collector as they assist him in properly placing the stamps he already has that may be troublesome to classify.

For the past year Mr. Bartels has been a heavy purchaser in every market that offered the goods he was searching for. The result of his labors is now ready for the study of collectors. To assist in choosing the book or books that will interest you a new "Pink List" is being printed. When the wealth of stamps gathered for this approval offering was properly arranged it was found necessary to prepare 600 books instead of four. These are all described in the new list which will be ready for distribution about December 20th. Serious collectors will desire a copy.

Drew's 301st At Christmas Time

Daniel F. Kelleher, proprietor of B. L. Drew & Co., 7 Water St., Boston, Mass has just mailed catalog for his 301st sale for Dec. 23rd.

The U. S. consists chiefly of the better grade stamps cataloging from \$3 up. The bluish papers of 1908 are present in the 3c, 5c, 6c, 10c and 15c. A number of the scarcer departments and some good revenues and match and medicine conclude the U. S. section.

The foreign embrace 900 lots from A to Z arranged in both 19th and 20th century consignments making a very attractive offering. Plenty of time to request a catalog and return your bids.

PRICES FOR SEEBOHM'S 15TH SALE

Pacific Coast Dealer Holds Good Public Auction October 11th.

Edwin P. Seebohm, 660 Market St., San Francisco, again demonstrated that good prices will be paid for fine stamps on the Pacific coast. The sale consisted of 00 lots of the better grade U. S. and foreign embracing some rarities but largely the medium priced stamps that are not easily picked up. The sale was chiefly foreign. However among the U. S. was one of the U. S. Revenue rarities—the \$1 second issue with inverted medallion. A review of auction prices does not support the catalog's quotation of \$250. The copy in this sale had the usual punch hole cancellation which had been filled in. It was catalogued as a fine copy which is borne out by the price of \$54 when compared with previous sales.

Ohlman sold a superb centered copy for \$42; Doane a finely centered one for \$31.50 and Morgenthau a finely centered copy for \$35. All three had the usual filled punched cancellation. Compared with these the price realized is exceptionally good.

Mr. Seebohm is now arranging for his 16th sale which is to be held in January. Complete prices for those holding catalogs are given below:

Bartels 75th Sale Dec. 17

J. M. Bartels Co. have mailed catalogs for their 75th sale which will be held at the Collectors' Club, New York, Dec. 17th. The sale embraces 650 lots. A number of interesting covers open the sale.

Among the U. S. off covers are 12c 1870 grilled perfectly centered; Pan American 1c and 4c inverts. All through the foreign are choice items and quite a few rare ones. A good selection of wholesale and some philatelic literature makes the sale one-all can peruse with interest and profit.

Franklin's 25th Auction.—The Franklin Stamp Co. will hold their 25th sale Wednesday afternoon, Dec. 18, 1015 Real Estate Trust Bldg., Philadelphia. Among the U. S. is a very complete line of mint departments in superb and perfection condition. Practically everything is there except the Navy error and the \$5 State. While the sale is strong in U. S. yet it contains an unusually attractive lot of foreign.

Just in Time For Christmas. B. L. Voorhees, 339 S. 8th Ave., La Grange, Ill., has mailed catalogs of his 70th sale which will be held at the Great Northern Hotel in Chicago, Friday, Dec. 20. The sale consists of 550 lots of medium priced U. S. and Foreign which are within the reach of all collectors. While it is a sale of medium priced stamps yet a good portion of the lots will interest the more advanced collectors. The sale opens with ninety lots of unused blocks mainly U. S.

Another portion that will interest many is the British Colonials, unused. There are some very fine stamps among these lots. If you have not received a catalog an early request will no doubt bring one.

To Designate Expirations

Many of our readers have asked when their subscriptions expire. We are preparing to indicate the date of all expirations in red ink on the label which bears your address for the first issue in January. In this way we shall be able to tell all our readers of the credit on their subscription account with the least outlay of time and expense. We shall call attention to this again the week preceding the issue when this information will be given.

A Price Comparison on U. S. Rarities—Continued from Page 1

N and E in 1917 for \$52; and Bartels in 1917 a St. Louis red cancelled copy with fine margins for \$86.

Without comparing prices we mention that a used horizontal pair of 1847 5c orange (28c) cat. \$24, sold for \$41. A very fine o. g. copy of the 10c of this issue brought nearly double catalog at \$76. Fine cancelled copies brought \$8.25, \$8.50 and \$13.25.

Issue of 1851. In this issue were some choice specimens. A copy of 1c type I (30) brought \$51 despite slight cut into top. A very fine copy of the same type III (32a) cat. \$40, sold for \$42.50 while two fine copies of type IV, cat. \$5, brought \$14. An o. g. pair of the 3c, cat. \$10, sold \$21 and a mint copy of the 10c #35, cat. \$17.50 brought \$15.50.

A Record Price. The high price for the 5c red brown #34 in mint condition was set when a magnificent copy nearly doubled catalog at \$140. Last year in the opening Worthington sale Morgenthau sold a fine, unused copy for \$70. Bartels the same year got \$34 for a very fine unused copy with 4 splendid margins. Morgenthau sold unused copies in their 111th sale and in 1917 for \$11 and \$28.50. This fall Philadelphia sold a fine unused copy for \$18.20 and Drew a fine unused one with 4 good margins for \$35.25. The copy in this sale was superb with full o. g. Its magnificent condition no doubt created stiff competition and the enormous price resulted. None of the copies priced above were listed with o. g.

Another Rare Jitney Value. The 5c brick red unused is cataloged at \$100. An o. g. copy with perfs. touching at top and right sold for \$81. Morgenthau in 1915 sold an o. g. copy (cut ornament at left) for \$71; Scott in 1917 an o. g. copy with a few perfs. nibbled for \$26. The Worthington collection copy was a finer specimen than this one and set a high price for this stamp unused at \$120.

Another Rare One. Another rarity is the 24c steel blue #78c, o. g. It brought even catalog at \$100. Franklin sold a fine o. g. copy in their 7th sale for \$52. The magnificent copy from the Sherman collection was sold by Morgenthau in 1916 for \$102.50. At the time these copies sold the catalog quotation was \$75.

The 1869 Inverts. A fine well-centered copy of the 15c went five dollars over catalog at \$505. It will be recalled that an o. g. wonderful copy of this sold last year in the Worthington sales for \$4,100. In January of this year Morgenthau sold a used copy, close top, for \$217.

In the Washburn sale the 24c sold for \$475. An unused copy in the Worthington sale brought \$2,850 while a used copy brought \$405. In January 1918 Morgenthau sold a copy (off at left) for \$295.

Pan-American Inverts. While we are considering inverters we shall give the Pan-Americans. The three were present in o. g. copies. The two-cent was perfectly centered. The prices were as follows: 1c—\$43.50; 2c—\$525; 4c, off at bottom—\$85. We have before us fourteen auction quotations for the 1c. All are o. g. copies. We price them collectively under the following condition designations: Surperb—\$45, \$44, \$36.25, \$36.50; very fine—\$40.50, \$38, \$44.50, \$41, \$37, \$37.50, \$35.50, \$35; close top—\$30.50 and \$25.50.

Franklin sold a copy of 2c with straight edge S for \$399 in their 7th sale, while in their 8th sale an off center copy brought \$402. The Worthington copy brought \$50 while Morgenthau sold another fine copy in April of this year for \$501.

Previous prices for the 4c have not justified the present quotation especially since it is catalogued as "off at bottom."

In Franklin's 7th sale a centered copy sold for \$36. Scott in 1917 got \$46.50 for a copy with one corner perf. gone, while a year later a copy close S sold by them brought \$28. The Worthington copy brought \$61 despite one straight edge. In January of this year Morgenthau received \$32.50 for a copy close S while in April of this year another close S was sold by this firm for \$47.50.

We Have Been Unable to Keep Up With Holiday Rush. Auction Firms Appear to be in Same Boat

That you will not be wondering if you have missed any issues of The Index we wish to state that this is the first issued since Number 6 of December 5.

Short of help appears to be true of auction firms as well as publishers. The dealers have all done their best but being themselves shorthanded they were unable to supply priced catalogs soon after their sales.

When the catalogs did come they all arrived at once right at Christmas time. We now have the local rush cleared away and shall be able to get The Index back to a more regular schedule.

We are trusting that from now on we shall be able to devote enough time to preparing the copy so that the issues will be regular weekly callers.

It is quite evident that we must include other news than auction prices in order to fill our pages each week. We are arranging to review the sales more fully which will not only supply enough copy for weekly issues but please the readers if we are to judge from the letters many write about the paper.

We now have in hand prices for a sale which has been asked for by many of our readers—Scott's 195th sale of May 20, 1918. The firm sent priced catalogs three times before one reached us safely. We appreciate their cooperation as will many who wanted to see what certain lots brought. The prices with a review will appear in our next issue.

Another last season sale which we are now able to price is the sale of Philatelic Literature held last June by Messrs. Scott & O'Shaughnessy of New York. The review and prices will be given next issue.

Awaiting Publication.—We have now on hand prices for the following sales: Franklin's 25th of December 18; Tuttle's 273rd and 274th of Nov. 16 and Dec. 21; Cooperative Exchange 80th of Dec. 14; R. J. Auction's 11th of Dec. 17; Low's 196th coin sale of Dec. 20. These will be published in our next issue.

Doane's 114th Sale.—Percy G. Doane will hold his 114th sale January 11th and 18th. The second session contains a fine lot of 20th Century British Colonials. There are also many fine foreign from other countries.

TWO SALES BY EUGENE KLEIN

We Print the Prices for Klein's 21st Sale Held November 27th. Twenty-Second Sale is Held December 20

For those holding catalogs we submit below prices for Klein's 21st sale of November 27th. There were some very choice items in the sale which brought excellent prices. An exceptional copy of 10c 1847 sold for \$11. A wonderfully fine cancelled copy of #51 5c red brown sold for \$20.

Mr. Klein always scatters throughout his sale some good stamps on covers. Among the early ones was a cover from Washington to South America bearing the 90c rate in nine ten cents of the 1851 issue in one vertical and two horizontal strips of three. The center stamp of the vertical strip is the recut at top. This cover carried stamps cataloging \$20 but reached \$180 before it was sold. Seventeen copies of the \$2 dark blue of 1902 in an irregular block brought \$16.75. A mint block of four of the 2c carmine, 1903 rouletted between sold for \$31. These stamps were sent to the San Francisco office and the P. M. has them privately rouletted to facilitate in their separation rather than return them as defective. But five such blocks are known.

Mr. Klein's next sale was held the 20th of this month. It was the superb foreign collection of J. H. Curgan, all the lots being 19th century. We hope to be able to give these prices in our next issue. Prices for the 21st sale are given complete below:

Standing Room Only

Late arrivals at Wolsieffer's 220th sale Wednesday evening, December 4, were surprised to find the club room crowded and every available seat taken. Ex-Secretary Dutton was glad to find the window sill would hold him and others found standing with backs against the wall very comfortable.

The sale seemed to attract all classes of collectors and dealers and covered a wide range. The lots by countries were popular and so were the Pairs and Blocks. It contained no rarities but the wholesale lots were very desirable. When a sale of 725 lots, without big things in it goes to \$3,237.60 it means an average of about \$4.50 per lot which is a high average.

Mr. Wolsieffer informs us that he received 252 different sets of bids by mail and that but 104 of them secured anything, leaving 148 that failed to secure a single lot. We hope this 148 will read the "Index." Twenty-eight of those present at the sale secured from 1 to 47 lots each. Mr. Coombs of New York, Messrs. Liebeck, Mann, Walters, Young, Dutton, Swan and Goldstein of Philadelphia, were among the heaviest buyers on the floor. P. M. will have to secure larger quarters for his sales if the crowd keeps increasing.

For those holding catalogs prices for all lots are given below. A few items which may be of interest to others are a horizontal mint pair of the 2c Chicago counterfeit of 1894 which sold for \$17.

An imperforate pair of Bavaria 1862 18 K #14a, cat. \$10, sold \$15.65. A copy of France 1849 I F #9 showing parts of adjoining stamps, cat. \$8, sold \$10.30.

Prices for Part II

Some idea of the completeness of Great Britain and Colonies is conceived when you note that the total of the auction of these lots was \$20,700. Our space right now will not permit of a review of this part but we are going to give our readers this information.

We would much prefer to have some reader who is better versed in British Colonials prepare such a review. If some one will lay aside his modesty and volunteer we shall be pleased to supply him with the priced catalog and some comparative data from which he can prepare an interesting review. Such help will be greatly appreciated.

Prices for part II for those holding catalogs are given below:

BARTELS 75TH SALE, DECEMBER 17

New York Firm in Aggressive Campaign for Business. Issues New "Pink List" Cataloging 600 Approval Selections

J. M. Bartels Co., 99 Nassau St., New York, is one of the firms that is conducting an aggressive campaign this season. Where last year this firm held but a few sales, this year is putting over a fine sale each month. In addition Mr. Bartels has rebuilt his large approval business. He has just issued a new edition of the "Pink List" which catalogs the 600 approval selections which are now carried. These selections cover the requirements of collectors of all stages of advancement.

Below we give the prices for Mr. Bartels 75th sale held Dec. 17. The opening lot was a superb copy of 5c 1847 on cover to Paris dated July 29, 1850. Stamp had sheet margin. It was catalogued as very fine and decidedly rare. The price it brought—\$26.25—makes us admit the cataloguer's opinion was correct.

A perfectly centered copy of 1870 12c grilled, cat. \$85, brought \$48.75. Grill was guaranteed on back by J. M. Bartels.

Pan-American Inverts.—A copy of the 1c sold for \$37.25 and of the 4c for \$47.50.

The total for the 645 lots is \$2,170.40 which gives a very good average. Prices for those holding catalogs are given below:

Philatelic Gazette Suspends

It is with sincere regret that we read in the December issue of the Philatelic Gazette the temporary if not indefinite suspension of publication.

The Gazette is to our way of thinking the strongest literary publication in U. S. philately. It is what might be justly termed the magazine of research. That it will be missed by philatelists goes without saying. So much so that we dare venture the prediction that the demand for its resumption will be so strong that it will soon be with us again stronger and better than ever.

Philately needs just such a publication as the Gazette has been and we trust we may soon announce its reappearance.

Ohlman Announces Two Sales

M. Ohlman, 75-77 Nassau St., New York City, will hold his next sale Feb. 17 and 18. It will embrace the very fine collection of British Colonials of Mr. C. E. Hunter of Akron, O., and the U. S. from the fine collection of Mrs. C. P. Frey of Utica, N. Y.

March 10, 11 and 12 will be the dates of his March sale at which the magnificent 20th century collection of Mr Eugene Angell of New York City will be sold. This sale will be especially strong in British, French and Portuguese colonies. Also 19th and 20th Century German colonies, complete, mostly postally used. Catalogs in due time.

Auction Dealers Tell Us Many Bids Arrive Too Late. Bidders Should Return Bids at Once

We have letters from several auction dealers imploring us to urge collectors to return bids at once upon receipt of catalogs as many bids come too late.

There is an unprecedented amount of mail, both first class and the bulkier second and third. When you stop consider the vast amount of soldier mail that is coming and going into New York it is not to be wondered at that mail to this metropolis is delayed.

Bidders should consider the times and act promptly. The safest plan is to go through the catalog the evening of the day it is received. Choose the items you desire to compete for and start your letter the next morning. If the time is no longer than you know is required for a letter from the point in question to ordinarily reach you under present conditions you had better add a special to the postage and make sure.

We Want Your Expressions

We have persistently contended that the "Auction Way is the most enjoyable way of pursuing a hobby." We have always found it so. We are now preparing to issue the Index regularly each week. Our plan is to endeavor to show collectors, who are not following the auctions, what they are missing in philately.

No argument can be given that is so convincing than the expression of those who have tried it and know. We shall appreciate your sending your comments along this line for publication. We do not mean that we want you to praise the Index. Tell how you derive pleasure from riding your hobby via the auction way. We know our regular readers will be interested in learning the various angles from which this phase of philately is considered.

SALE OF HAMMOND COLLECTION

Prices Realized at Auction of Cleveland Collector's Property by American Art Association in New York City

We reviewed at considerable length the sale of the Geo. F. Hammond collection before it was held. At that time we announced that we would list the prices of a number of the more important items so that those who might not have catalogs would be able to appreciate the sale.

1847 Issue. Horizontal pair, 5c red bar cancellation, cat. \$6, sold \$7.75. A very fine copy of the 10c sold for \$7.60; two superb copies went at \$9 each; others, \$7.50, \$7.25 and \$6. The two reprints sold \$2.70.

1851 Issue. Horizontal pair 1c, type II, unused o. g., cat. \$6, sold \$10.50. An unused copy of the 5c, good margins all sides, cat. \$75, sold \$42. A horizontal pair of the same, black cancellation, cat. \$30, brought \$29. Other singles of the 5c sold at \$13.50, \$10, and \$8.50. A fine horizontal pair of the 10c, black town cancellation, cat. \$3, brought \$8.50.

A copy of the 24c lilac "guaranteed by A Krassa" catalogued at \$175 seemed to be doubted by the bidders as evidenced by the sale at \$50.

1857 Issue. Here were some of the choice items of the collection. Copies of the 5c brought \$8.75, \$6.25. An unused block of four, type II, cat. \$30, sold \$25; a similar block of type III brought \$17; type II in an unused pair sold \$9.50 and a pair of type III brought even catalog at \$10.

The ten cent was present in several unused pairs and blocks. An unused block of 4 of type II, cat. \$16, sold \$13; and an unused block of 6 of the same brought \$32. A fine used pair of type I, though catalogued at only \$2.50, sold for \$36.75.

An unused block of six of the 12c brought \$21. A vertical unused pair of the 24c sold \$11.50, while a used horizontal pair brought \$12.50.

An unused block of four of the 30c cat. \$40, sold for \$45.

A block of six, unused, without gum, of the 90c found a new owner at \$250. Unused singles of the same stamp sold at \$6.10, \$7, \$8.50, \$9 and \$10.

1861 September Issue. A block of 4 of four distinct shades, 1c cat. \$12, sold \$12.50. A fine unused copy of 5c buff cat. \$65 sold \$41. Used copies sold for \$9.25, \$6.50 and \$7.50. An unused strip of 6 of 10c yellow green, no gum, sold at catalog (\$15). A block of 4 of 12c black, unused, full o. g. sold double catalog at \$31. A similar block of the 24c red lilac, lower pair creased brought \$36. An unused block of 4 of 30c, cat. \$20, sold \$25. An unused block of 4 of the 90c brought \$65—cat. is \$60.

A copy of the 24c steel blue, (78c) blue cancellation sold for \$11.

An unused copy 3c, grilled all over, brought \$15.

An unused block of 6 of the 3c rose, grilled 12 x 14 brought \$40. Perfs. cut design which explains the low price of the \$150 block. A fine used copy of the 90c (9x13) sold \$9.50.

1869 Issue. An o. g. block of 6, vertical 2 x 3, of 3c, cat. \$6, brought \$13; a block of 4 of 6c, o. g., cat. \$20, sold for \$40; block of 4 of 12c, off center, cat. \$20, sold \$14. A finely centered copy of the 90c with o. g., sold for \$35. A well centered used copy sold for \$14 and one a trifle out of center brought \$12.

Some Recent Blocks. An unused block \$1, type II 1895 watermarked, cat. \$30, brought \$20. A mint block of 4 of the \$5 this issue, cat. \$48, sold \$32.50.

1902 Issue. Block of 4 of the following sold as listed: \$1 at \$6.50; \$2 at \$11; \$5 at \$24.

Bluish Rag Papers. 3c—\$5.10, block of 4 of same, \$17.50; 5c—\$18; 6c block of 4—\$7.50; 10c—\$5, block of 4, \$22. A lightly cancelled copy of the 13c sold for \$15.

5c Red Errors. Double error perf. 10, full sheet, cat. \$11.92 sold \$13; same with one error, \$8.

Perf. 11, double error, cat. \$9.92, sold \$9; with one error \$8.

The sale was replete with fine items—so many it would require pages to list them. The foreign were largely used and unused pairs and blocks. Complete prices for all holding catalogs are given below:

A PAGE FROM BARTEL'S PINK LIST

For a number of years we have specialized in Approval Selections. Our Pink List has been revised and we shall be pleased to send a copy to collectors who contemplate adding to their collections. It lists the 600 Books in our Approval Dept. The following are a few of the books.

1. 1847-79. The finest copies of higher grade regular issues listing from several dollars each up, the choicest of our stock. Mostly older issues, centered and o. g., a very attractive selection.
2. 1847-95. Choice copies of medium priced general issues listing to about \$5 each. A popular selection to which we are constantly adding new material.
4. 1851-82. The chief feature of this selection is the enormous rebate off catalogue quotations. It is composed largely of stamps in so-called average condition, incl. some with slight imperfections, such as a straight edge, poor centering, slight thin spot, or some other trifling flaw. Prices range from 65 to 85 percent discount. Good sellers at such reductions. Several books of No. 4.
5. 1870-82. These issues generally puzzle the new collector. A nice selection of fine copies in numerous shades, incl. some choice items. Catalogue numbers carefully marked.
6. 1879-88. American Bank Note Co. issues. Small book with a good lot of shades in nice condition.
7. 1890 Issue. A fine range of shades in beautiful condition. In the low values there is a surprising variation.
10. Commemorative Issues of 1898, 1901, 1904, 1907. A more extensive line of fine shades.
17. Department Stamps. Unused only, at about half catalogue or less, a good selection.
18. Department Stamps. Especially fine unused copies including shades, for those who appreciate condition.

U. S. BLOCKS OF FOUR

Our stock has been surprisingly strong in U. S. blocks for some years and we offer a fine line, especially the more modern issues.

26. 1851-95. This most popular of all our U. S. books is needless to state, not a strong selection, but contains some attractive items. Numerous shades of the 1882-88 issues. New additions are made frequently.
27. 1890. A splendid lot in many shades. Due to shortage of stock and continued demand, we have been obliged to increase prices.
34. 1904-15. Commemoratives. Jamestown to Panama-Pacific Issues. Shades, etc.
35. 1906-18. Imperforates. Shades of the various issues, not including "arrow" and "center line" blocks.
36. 1906-18. Imperforates. A selection of "arrow" and "center line" blocks, now so popular.

USED U. S. STAMPS

59. General Issues. A grand selection of fine copies of stamps listing \$2 up. Another book in constant demand. Have your name placed on the waiting list. New acquisitions are constantly being added.
 63. Blocks. Very hard to get used. Mostly issues 1890 to 1908, but a few earlier ones.
 64. Department Stamps. Very fine used copies. Several collectors with an insight into the future have set themselves the task of completing these sets in very fine condition, no small undertaking. We have a

Catalogs Mailed for Fifth Sale to be Held in Auburn, California

The Pacific coast is to have another auction market. The Exchange Stamp Co., Auburn, California, this week mailed catalogs for their 5th sale. In the statement the manager, Mr. Miller, mentions that he formerly held sales in New York City and that these are now to be continued in the far west. Bi-monthly sales are now planned.

The present sale contains some very fine items. It is strong in U. S. and British North America. Canada and Newfoundland contribute a number of lots. There are quite a few lots of better grade moderate priced foreign.

WE WANT SOME SPECIAL REPORTERS

To Furnish Us Certain Data About the Auctions. If You Are Attending Any Will You Not Help Make The Index Better? Let Us Tell You What We Want

A veteran auction buyer in commenting upon the write ups of the sales suggests that these might be made more entertaining if certain things, which he enumerates, were mentioned.

The Index has been a failure from our view point but that does not discourage us from believing that eventually we shall master the situation and render you a real service.

Our one worry so far has been to get the service going regularly. A number of minor details have been arranged which will bring the results to us promptly after each sale. We are going to press each week at a stated time even though we have but one sale ready to give you.

We have even learned to operate a Linotype so that we may be able to set the sales ourselves. We are now doing this at night which leaves our regular operator free to handle our other work.

To put into effect some of the excellent suggestions of our friend will require having some one who attends the sales to send us certain facts which the dealers are not able to furnish. If you are attending some auctions and are willing to help us on certain sales we shall appreciate hearing from you. Possibly with the cooperation of a few we may be able to put into effect some of the excellent ideas of our friend. We shall be pleased to tell what we desire reported to any who may be so situated that he can attend certain sales. Who will volunteer to act as our representative in Boston, New York, Chicago? The information we desire will not require any additional time save that necessary to mail us a catalog.

Ready At Last—We have at last made arrangements so we can price those coin sales. We have prices in type for two sales. So far we have been unable to secure prices for any of the sales held by the Elder Coin & Curio Co., although we have sent them the price asked. We shall give all the coin prices we can in next week's issue.

A suggestion—We have so much complaint about bids arriving after the sales are held. If you are not ready to send them the day catalog is received make a note on your memorandum calendar a week in advance of the sale. Try it. The Index will print last calls for dealers who desire it.

STRONGER THAN USUAL**New York Dealer Mails Catalogs for February Sale. March Sale to be Exceptionally Fine**

Catalogs for M. Ohlman's 48th sale to be held Feb. 17 and 18, were mailed from this office today. It consists of two collections, Mr. Hunter of Akron, O., and the U. S. collection of Mr. C. P. Frey of Utica, N. Y.

The lots are exceptionally good and the two sessions are worthy of your careful consideration

Mr. Ohlman has been holding some good sales this season but we believe his present one is the best of all so far cataloged. He is serving notice on collectors that March 10, 11 and 12 he is going to offer the best 20th Century sale of the season. One must conclude from the fact that it is to be sold at three sessions that it must be above the average as to completeness and quality.

Mr. Ohlman's 47th sale was held January 6th and 7th. Complete prices for it are given below.

Bartels' 76th Sale, Feb. 15

We are just in receipt of the catalog for J. M. Bartels Co.'s 76th sale, of which we made mention last issue. This sale contains some very unusual stamps. The cancellations from Waterbury are very unique. Some forty of these are to be illustrated in the February number of the American Philatelist.

The sale contains a number of rare items and many more of the moderate priced U. S. and foreign. Among the U. S. rarities are the following: 24c grilled of 1870; a mint copy of the first issue of 1861, 24c, cat. \$150; 1908, 10, 13 and 15c bluish papers, the last also in a block of four; three copies of the first issue imperforate \$3.50 revenue, two in a joined pair which will be sold with privilege of both, also a single; 5c 1875 proprietary, black, rouletted, \$15 first issue imperforate; a copy of the 1894 2c ultramarine, perforated, said to be but 20 found, this is one of the 20.

Specimens and Proofs. Collectors of these will be interested in the superb lot of U. S. Specimens. Among these is a very fine copy of the Pan-American 4c inverted.

A Collection of Die Proofs. One lot consists of a morocco bound album containing 303 die proofs from 1847-1902. It embraces all regular and commemorative issues, departments, postage due, newspapers, special delivery. Was prepared for the third assistant Postmaster General in 1902.

The sale is indeed quite interesting not only in U. S. but foreign as well.

Prices for First Three Sessions—Morgenthau's Part III of the Washburn collection arrived just as this issue is on the press. The total for this portion is over \$15,000. We had hoped to receive them in time for this week but shall probably be able to price all next week.

We regret that we cannot give more extended reviews of all the sales. Some day we hope to give our readers a better weekly issue. For the present we will have to do the best we can and give you first of all the correct prices.

A LARGE AND VARIED SALE**Elder Coin & Curio Co. of New York City Have Arranged Three-Night Sale for January 30, 31 and February 1**

The Elder Coin & Curio Co., 32 E. 23rd St., New York City, has issued catalogs for a large and varied sale to be held three afternoons, January 30, 31 and February 1. The sale consists of coins, medals, books, paper money and curios.

The sale consists of 2,288 lots. The sale opens with another consignment from the Wm. Poillon Masonic collection.

To attempt to list the American coins that are offered in this sale is beyond the scope of this review. We shall mention in a general way and call attention to certain rare items.

At the first session is a very fine lot of U. S. gold coins. Among them St. Gaudens double eagle, 1907 high rim and Roman date, has sold \$37.50. 1854 \$3. Dahlonaga Mint, auction record \$50. Among the gold dollars are several of each date 1849 to 60.

One of the rarities is a fine specimen of 1861. Dahlonaga mint one dollar. The D. S. Wilson specimen sold for \$280 and others at private sale as high as \$400.

Fine Assortment of Large Cents. Another interesting lot is the Burrough's collection of large U. S. cents. Among them are a number of the Hays 1794 cents, the following numbers being listed: #20, 21, 22, 24, 26, 32, 37 and 49. Among the rare items is an uncirculated specimen of 1843, obv. of '42 and reverse of '44. Has sold \$20.

This collection represents practically all the dates and many of the minor varieties. It is followed by a large number of small cents including an uncirculated specimen of the 1877.

As we have intimated, any coin fancier can find some of interest in this sale. There are numerous offers of paper money, Colonial, U. S. Confederate and Broken Bank. Minor coin of the U. S. as well as gold and silver present in good assortment. Foreign silver and gold.

Foreign and U. S. medals, tokens, proofs, numismatic books, autographs, curios. Mr. Elder has styled it a varied sale and we feel he has chosen a good title.

The third day is another large consignment of both large and small cents. The sale is one that will be watched with great interest.

Voorhees' 71st Sale January 31st

B. L. Voorhees, 339 S. 8th Ave., La Grange, Ill., has mailed catalogs for his 71st sale which will be held at the Great Northern Hotel, Friday evening, Jan. 31. The sale is of consignments made by 13 different owners. Here and there among the lots are some rare items but the large portion of the sale is made up of the stamps all may compete for which makes a sale popular.

Among the unusual items is a precancelled sheet of the 5c red double error perf. 10 from Chattanooga. It is lot 72 should any want to enter bids who have not received catalogs.

THE SERVICE WE PLAN

First Sale to be Handled by Our Special Reporters is Voorhees' 71st. This is Our Aim for All Public Auctions

We are giving our readers the first sample of the auction service we have hoped to give and which we are endeavoring to establish for all the public auctions.

Our report of B. L. Voorhees sale of January 31st is furnished by two special correspondents. Mr. Voorhees has always cooperated to make the Index a success. In order to give us the prices at once he provided a special reporter to list the prices as the lots sold. He then verified the list. We also had the services of Mr. A. J. Seebach, of Naperville, Ill., who furnished us the information showing the opening and high bids on many of the lots.

This is the service we hope to soon give you of all the public auctions. We desire to secure this information for the eastern sales. Who will volunteer for sales to be held soon in Boston and New York.

If you attend any and feel inclined to help make the Index of greater interest to your brother collectors who cannot attend just drop us a line or list a few of the better lots giving the starting bid and also the selling price. Send us the catalog at once. We will get the other figures from the auction firms official figures.

Morgenthau's Third Part of Washburn Collection Shows Magnitude of This Well Known Collection

Part III, and the concluding part of the Washburn collection, embraced the foreign outside of Great Britain and her colonies which formed Part II.

An idea of the magnitude of this collection is gained when you consider that this sale consisted of 3069 lots and totalled \$29,853.90. Part I totalled \$24,940.10 and the Second Part \$20,700. J. C. Morgenthau & Co. have handled some larger properties in the past but quite like this collection will be the largest sold this season.

Some of the rare items from all countries had been gathered by this collector and for these some high prices were paid. We cannot elaborate upon this sale but shall try to mention a few.

OHLMAN'S FEBRUARY SALE

Two Fine Collections to be Distributed by Well-Known New York Auction Dealer February 17 and 18

M. Ohlman, 75-77 Nassau St., New York City, has been holding some exceptionally good sales this season. This dealer handles a wide range of stamps and his coming sale is of such a nature that all collectors may find something to their liking.

Collectors of British Colonials, and what general collector does not, will find the first night of exceptional interest. The entire session of 674 lots are from the British Colonial collection formerly owned by Mr. Thos. C. E. Hunter of Akron, Ohio. Collectors who have seen this collection speak of its high character as to condition. It is not a collection of rarities but of those popular priced 19th and 20th Century stamps which all may acquire. This is the very reason the sale will appeal to so many collectors.

The second night's sale will contain some fine U. S. from the collection of Mr. C. P. Frey of Utica, N. Y. It opens with a number of fine covers. There are many fine singles both mint and used as well as some blocks and pairs. The departments are especially complete and India proofs of most of the series also.

The last 400 lots are from various foreign countries and contain much that will interest you. There are a number of combination lots and some wholesale.

We probably are more familiar with this sale than we should otherwise be had we not just finished reading proof on it as we printed and mailed it from this office.

At his last sale a number of bids were received after the sale was held. While in some cases the catalogs may have been delayed yet in six cases referred to us we have through correspondence learned that the catalog was laid aside when first received and forgotten until it was a gamble whether the bids could reach the dealer in time.

The Index wants to help collectors, especially auction buyers, in every possible way. We are going to inaugurate a "Last Call Department" in which dealers may announce their sales as the date draws near. Possibly this reminder may help some to keep better tab on the sales.

However, time tears around the course at a rapid pace these busy days, and the best plan is to look through a sale as soon as the catalog is received and mail your bids at once. It is then out of the way and the early bidders have the preference in case of a tie bid.

If you have not received a catalog of Mr. Ohlman's February sale and it is nearer to our office than his we can supply a limited number from a few extra copies on hand. This sale is worthy of the consideration of all collectors.

BACK WITH THE AUCTIONS**United Stamp Co. of Chicago Resume Auctions. 199th Sale to be Held in Chicago February 23**

The United Stamp Co., 1151 Marquette Building, 140 S. Dearborn St., Chicago, are resuming their public auctions. Their first sale this season will be held Friday, February 28th at their rooms. The sale will be in charge of Marvin A. Barlow, who is known to all Chicago collectors.

The sale embraces nearly 800 lots. It opens with a number of U. S. and western hemisphere covers.

Among the U. S. off covers are a number of mint blocks. The rarest item among the U. S. is a mint copy of the Pan-American 1c invert.

Dealers have a section in this sale as over 300 lots are of this material. Those who engage in the sale of stamps as well as collect will find this sale of more than passing interest. The sale will be priced in The Index.

LINN'S 18TH SALE FEBRUARY 11**First Held This Season by Columbus Dealer. Arranging for Good Gathering of Collectors**

Geo. W. Linn Co., 414 Huntington Bank Bldg., Columbus, O., has just mailed catalogs for their 18th auction which will be held at the Southern Hotel, Tuesday evening, Feb. 11th at 8 o'clock. In the announcement the firm states that this is their first sale since June 26, 1917.

The sale contains 725 lots among which is a large number of Mexican Revolutionary issues. Collectors who are specializing in these will find this section of the sale especially to their liking. The U. S. section embraces over 200 lots. These are all the popular priced items which all may acquire. There are however among the early issues several rare items such as #46, 5c red brown, unused; 1c blue #42c, type IV, recut unused; 1851 1c blue type III, No. 32.

Catalogs may be secured by those who act promptly.

Wendt's 118th Sale February 11th

H. Wendt, Earlville, Ia., will conduct his 118th sale, Feb. 11th. There are 175 lots in this sale covering a wide range of countries, cataloging up to \$12 in the retail lots and \$70 in the wholesale. There are quite a number of wholesale lots both from our own country as well as foreign. These sales are followed by a large number of collectors and especially those who do exchanging. The Index will give prices for the sale as soon as they are supplied.

Wolsieffer's 221st Sale

A record attendance greeted the Auctioneer, Mr. H. C Hoover, when he called the first lot. The big club room was used for this sale and everybody had a seat and plenty of air. Also some smoke.

A wag among the club members posted a bulletin on the Bulletin Board to the effect that hereafter smoking would not be permitted during an Auction Sale and signed Mr. Wolsieffer's name to it. Mr. Wolsieffer heard of it during the day of the sale and called the bluff. Just before the sale started he announced that he had a little story to relate and he mentioned an incident about the "main Guy." He then turned the incident to correspond with the "Guy" who posted the "No Smoking" notice up in the club room, and to prove to those present he was not the "Guy" and was not opposed to smoking passed out a box of cigars and invited everybody present to indulge.

The sum total of the 740 lots minus 11 lots withdrawn was \$2,481.80. The absence of big wholesale lots brought down the average. The sale contained many minor varieties and unpriced stamps which as a rule do not go big, but notwithstanding that handicap it realized an average of \$3.42 per lot.

Some of the prices are as follows: New York, 5c #17b, perfection with red town cancellation went over catalog at \$20. Perforation 10 Errors advancing. There has been much speculation as to the ultimate market of the 5c red error. It is quite evident that the perforated 10 is going to be the one in demand. A block of 12 with two errors sold for \$12.75 in this sale. A single in a complete sheet of this perforation brought \$8.35. Complete sheets of the perforation 11 sold for \$6.60 for the single and \$8.60 for the double.

A fine o. g. copy of Zanzibar, 1898, 2½a #2706, sold for \$23, perfs cut into outer frame at bottom.

Great Britain and Colonies were represented by a goodly number of lots. A used copy of Hong Kong 1876 5c #23A sold \$12.50. Canada 1855, 10d No. 7, closed tear, brought \$21 despite the defect. New Foundland 1857, 6d #13, fine, cat. \$53, sold \$17.80.

B. L. Voorhees, 339 S. 8th Avenue held his 71st sale at the Great Northern Hotel Friday evening, January 31st. Mr. Marvin A. Barlow, the genial auctioneer who confesses that "all stamps look alike to him" after they have been licked, conducted the sale in his usual good natured way.

Thirty collectors were present and on some lots there was spirited floor bidding spurred on by good limits from non-present bidders.

In the case of a number of the choicer specimens there was a decided advance over the opening bid. Lot 13, 5c red brown started at \$1.10 and sold \$2.75.

The sheet of 2c precancelled "Chattanooga, Tenn." with two of the 5c red errors started at \$15.25 and went for \$17.50. A copy of the new \$5 bi-color opened at \$1.10 and closed at \$1.40. 90c State started \$3.60 and went at \$4.75. A copy of \$20 probate sold to a Chicago dealer at \$14.00.

Among the foreign, Argentine lots made good advances from floor as did also Great Britain, Heligoland and Finland.

A beautiful copy of Belgium 1912, 5 fr, started at \$1.20 and sold \$2.10. Finland 5p to 40p, 1866, started at \$2.20 and was buffed back and forth until the set brought \$4.10. France 5fr 1863 started at 95c and sold at \$1.80.

A vertical pair of Great Britain 1p black 1840 started at \$3.70 and sold \$5.50.

New South Wales 1p red (10d) advanced from \$5.10 to \$9. A fine o. g. copy of Panama 10c blue 1878 sold for \$10.70 from a start of \$5.10. Wurtemberg 18 kr, 1851, advanced from \$2 to \$4 while the same value of 1861 started at \$1.50 and sold at \$3.10.

SUBSCRIPTION:
ONE DOLLAR A YEAR

We are issuing another double number which places this issue in the mails on time. We are also pricing all sales for which we have the figures. The stamp dealers are cooperating nicely. Since we have demonstrated that we are going to do our part promptly the dealers are getting the priced catalogs to us more promptly. J. M. Bartels' 76th sale was held Saturday afternoon, Feb. 15th. We had the priced catalog for this sale Tuesday morning of this week from the dealer as well as two special reports on the sale. This is the service we want to give you of all the auctions.

The dealers are very busy after a sale is cried and to get the priced catalog off so soon is to their credit. However, we know our readers will appreciate their promptness and take greater interest in their sales.

By no means do we wish to convey the idea that the delays of the past have been because we did not receive the priced catalogs. We have been seriously at fault too.

Bidding the past good bye we turn with renewed energy to the task and with the support and cooperation of all we shall give you an auction service worthy of the name.

Acknowledge Full Value

While The Index has not approached what we would like to make it yet we are pleased with the encouragement given in the endorsement from many collectors. Such letters as the following lighten the task which so far, like most other philatelic work, has been one of love.

We shall strive to make the service what the most exacting will support willingly. Your mention of the paper to others will be greatly appreciated.

Richmond, Va., Jan. 18, 1919.

Enclosed find check for Mr. W. S. Ahern and self for the Index for this season. I feel this is one of the best things ever gotten out for the benefit of collectors and every one should have it. Sometimes one edition is worth the whole \$1.00 to me.

C. F. W. Mosen, Richmond, Va.

I enclose check for two dollars and request that you keep my name on the list for a little while longer. The Index is worth five dollars a year to any person who buys stamps at auction even to the limited purchases which I make; how much more it is worth to others who buy many lots at many different sales it would be difficult to estimate. Any time the price goes up on the subscription count me in just the same. I wish you all the success you deserve and you deserve all the success you wish.

BARTELS 76TH SALE FEB. 15TH**Some Keen Bidding by Floor and Mail Contenders. Booklets Sell High. Novel Cancellations Show Wide Price Variation**

Bartels' 76th sale was held last Saturday afternoon (Feb. 15th), 99 Nassau St., New York City. This was the first afternoon sale held by this firm in eight years. The results testify that it was a success and that good stamps will sell well afternoon or evening.

Two hundred forty-three bidders were represented. The mail bidders were stronger than usual receiving a larger percentage of the lots than at former sales. There were 28 successful floor bidders. The total of the sale was \$3,200. Collectors from Cincinnati, Washington, Pennsylvania and four from Connecticut were present.

The sale opened with a remarkable lot of cancellations from Waterbury, Conn. There were 32 lots of these. Lot 1, the man's head, started at \$8 and did not stop until it reached \$16.25. Lot 5, the elephant opened at \$7 and sold for \$11; at that the floor bidders gave up the competition early as the mail limit was \$16.10.

When lot 14, the pumpkin, was reached, Auctioneer Walter S. Scott remarked: "Would be fine for next Thanksgiving." Bidding started at \$6 and closed at \$8.50. No. 17, the woman's head, sold for \$8.25 while No. 20, the shoe (gaiter) started at \$5 and sold at \$7.75. No. 23, the leaf, started at \$3.10 and sold at \$4.25 and No. 25, mortar and pestle, opened at \$4.25 and closed at \$6.75.

The interest did not wane with the selling of the odd cancellations. U. S. off covers sold well. A very fine unused copy of New York 5c, cat. \$20 sold \$21.50, while the same stamp used brought \$16. A horiz. pair of 1847 5c cancelled "10" sold \$9.75 while a single cancelled "5" brought \$5.50, while the same cancelled "Paid" in red brought \$7.50. A fine lightly cancelled copy of the 10c brought \$9.25. A fine copy of the 5c orange brown started at \$4.80 and sold at \$5.20 and at that the successful bidder had authorized a limit of \$6.20. Another copy of this shade variety started at \$5 and sold \$6.50.

A strip of three 1857 12c unused with gum received a limit of \$14.10 and sold at the opening bid of \$11.50—catalog \$15. A fine used copy of 1862-6 24c steel blue opened at \$12.75 and sold \$14.75.

A strip of three of the Chicago Counterfeit 2c of 1894 opened and closed at \$17 with a limit of \$26.

Specimens Sell Well. There were quite a number of proofs and specimens. These brought good prices. A very fine copy of the 4c Pan-American invert brought \$35. In this section were five "Booklet" lots. Four of these went to George Beans, the booklet dealer. The stamps were the 1900 2c, and the books were autographed by Edwin C. Madden, 3rd assistant postmaster general. A booklet of 2 leaves started at \$3.25 and sold \$6.25; same with 4 panes opened \$4.25 and was contested back and forth until it finally brought \$15. One of the same with 8 panes (97 cents) opened at \$8.50 and sold for an even \$50. Another with 2 panes opened at \$3.25 and sold for \$9 while the fifth, similar to last, opened at \$3.10 and sold \$5.50.

The complete set of die proofs of U. S. 1847 to 1902 prepared for a post-office department official was bought by a mail bidder at \$305. This item is an exceptionally fine property and eagerly sought by advanced collectors.

Among the revenues were two copies of the \$3.50 first issue imperforate. These formed a rejoined pair. Sold separately they brought \$36 and \$14.50. As a pair they started at \$51 and sold \$64.50.

An extremely fine copy of the \$15, wide margins all round, started at \$17.50, and sold \$24.50, (cat. \$25).

A full set of "specimen" Guam started at \$6 and sold for \$10.50.

A very fine copy of Hamburg 9 sch 1859 opened at \$17.50 and sold \$24.50. A

copy of Great Britain 1878 1 pound sold \$16.25 advancing \$1 from the starting point.

And so we might go on through the 790 lots but we must leave the rest for catalog holders to learn for themselves from the complete table of prices given below:

A SALE FOR ALL COLLECTORS

Ohlman's March Sale Strongest Held This Season by This New York Exclusive Auction Dealer

Soon after this issue of The Index reaches its readers the catalogs for M. Ohlman's 49th sale, March 10, 11 and 12 will be in the hands of collectors.

We have read every one of the 1,500 lots several times as we print this dealer's catalogs. It is the strongest sale he has held this season. It embraces a wide range of countries and contains stamps that collectors of all stages of advancement are needing in their collections.

The sale is of the splendid 20th century collection made by Mr. Eugene Angell of New York City. It is especially strong in British Colonials which are practically complete with rare exceptions. There is a wonderfully fine lot of French Colonies, Portugal and Colonies, U. S. and Colonies, Netherlands and Colonies.

German Colonies, both 19th and 20th centuries are offered in the best assortment that has come onto the market in many months.

There are also liberal representation from other countries such as Crete, Greece, Iceland, Italy, Norway, Russia, Uruguay, etc.

We know every collector will be interested in going over this catalog. If you do not receive a copy soon a request to Mr. Ohlman 75-77 Nassau St., will bring one. You will find something listed that will be to your fancy.

A THREE SESSION SALE

Morgenthau's 149th Sale to be Held in New York City, Feb. 25th, 26th and 27th.

J. C. Morgenthau & Co. will hold sale #149 Feb. 25, 26 and 27 at the Collectors' Club, 120 W. 49th St. The office address of the firm is 87 Nassau St., New York City.

The sale contains 1650 lots among which are many rare stamps. There is much to interest all and we predict some lively floor bidding on much of the material.

Among the U. S. rarities is the 24c 1869 invert; a fine used copy from the Washburn collection sold earlier in the season by this firm. A fine used copy of 6c of 1895 on "Revenue" paper; two mint copies of the Columbian 4c blue error.

Pan American Inverts. All three in mint copies present. The 2c is becoming keenly sought and this copy will no doubt bring close to catalog, \$600.

The bluish papers of 1908 are all present except the 4c.

The Departments are especially strong. There is the 12c Agriculture surcharged "Specimen," the Navy 2c green error and the tSate \$5. Many of the values are present in mint blocks.

Among the revenues are such varieties as the Second Issue inverts 2c and 5c. Third Issue \$1 invert, \$1 Proprietary on violet paper; 5c black rouletted 1898 \$1,000; \$50 black and green unused full o. g.

All through the three sessions are rarities from all countries. There are however, many moderately priced stamps so that this sale will be of interest to all.

We shall review this sale soon after it is held so that in case you do not hold a catalog it will be interesting to read the account.

Lyons Fourth Sale Priced

Below we give the prices for Milton P. Lyons' Jr. sale held in Philadelphia, January 10th. Prices were generally good. All fine lots went about catalog. A copy of U. S. 10c 1847 brought \$7.10 and the 5c of 1857 catalogued at \$7 sold \$7.20 Several fine Confederates sold high. A fine copy of 10c 1861, town cancellation on piece of cover, cut \$1.75 brought \$3.80. A town cancelled copy of 10c of 1862 cat. \$4 sold \$4.20 and a similar copy of the 1863 10c sold at \$5.80. Canada 5p of 1852, cat. \$11, brought \$10; Sweden, 3c of 1855, cat. \$25, sold \$18.50. Even the lots by countries which generally go at a low percentage of catalog value were eagerly sought because of the high character of the stamps. Held First Auction Sale

Since the death of Mr. J. W. Scott, our friend L. T. Brodstone, publisher of Philatelic West, has related a conversation he had with Mr. Scott at the first session of the Worthington sales in New York City.

Mr. Scott at that time stated to our informant that he "conducted the first auction held in the United States."

We should like to learn more about this initial U. S. auction. If any of our readers can give us any facts about when it was held we shall be pleased to hear from them.

Held Twelfth Sale January 31

A. A. Jones, Herrin, Ill., held his 12th sale January 31st. The firm was formerly the R. J. Auction Service but Mr. Jones has been the sole owner for some time and is now conducting the business under his own name.

The next sale will be held March 8th. Catalogs now ready. Complete prices for sale No. 12 are given below:

Doane's 115th Sale March 1st and 8th

Percy G. Doane has mailed catalogs for his 115th sale, which will be held the first two Saturday afternoons of March, 154 Nassau St., New York City.

The two sessions embrace 1577 lots of U. S. and Foreign. The early issues of our own country are represented by a number of copies of the lower denominations showing a variety of cancellations. The first issue is present in a number of choice copies. The gridded issues have a number of choice specimens especially the pretty 1869 issue. There is a fine lot of departments.

General collectors will find much of interest among the foreign lots. While many of the lots are moderately priced stamps yet all through the sale are lots which appeal to advanced collectors. Ample time to look over a catalog and bid it as you ask for it at once.

7th Precancel Sale. Dr. C. W. Hennen, 6450 Drexel Ave., Chicago, Ill., March 10th. Lists just mailed. Some choice items. Sale priced in The Index.

VOORHEES' 72ND SALE MARCH 7

Chicago Auction Dealer Offers Superb Lot of Early U. S. and Foreign Covers. Many Fine Stamps Off Covers.

The catalog for B. L. Voorhees, 339 S. 8th Ave., LaGrange, Ill., has just been received. To be held at Great Northern hotel, Chicago, March 7th.

The sale opens with a choice lot of covers, among them 50 early U. S. covers, many quite rare. There are also 100 foreign covers mostly early issues. Collectors of these will find much of interest in this section.

Both U. S. and foreign off covers are worthy of careful consideration. There are enough of the rare ones to interest the advanced collector and so may moderate priced ones that the rest of us can find more to buy than we care to invest in at one time. If you have not had a catalog you will have to act promptly. Address 339 S. 8th Ave., LaGrange, Ill.

All Appreciate His Cooperation. Our readers as well as ourselves appreciate the cooperation of Mr. Walter S. Scott, who cries all of the New York sales. Mr. Scott marks a catalog as he sells the lots.

He loans the catalogs to the dealers who verify them and send them to us for publication. This now enables us to give our readers the prices sooner after the sales than in the past—thanks to Mr. Scott.

Enclosed please find another dollar for another year for the Philatelic Index. Am well pleased with it. Consider the money well spent. Have quite a collection of price lists now and it is a fine guide for bidding. Although I am not able to buy much, yet I am glad to get the prices on the items I do bid on. Here's success to you and the Index. Yours very truly, Chas. Huscher, Golden, Colo.

FINE BOSTON SALE BY DREW & CO.**Floor Bidding Spirited Adding Materially to Total of Sale. Every Lot Cataloged Sold. Twentieth Century Not Keenly Sought.**

The Index had a special representative at B. L. Drew & Co.'s 302nd sale which enables us to give our readers an interesting account of the sale. The manager, Mr. Kelleher, checked the priced catalog, so that the prices listed in this report are guaranteed by the dealer as well as our informant. That Mr. Kelleher enjoys the confidence of out of town collectors as well as his local patrons is evidenced by the fact that 206 mail bids were submitted. This sale and others held under Mr. Kelleher's management have unquestionably proved that proper descriptions and proper treatment of mail bids spells success for any auction firm or manager.

Thirty-three buyers attended the sale (four states represented). Every one of the 917 lots catalogued was sold. Time of sale, 2 hours, 20 minutes—ended at 10:05 p. m. Total of sale \$3,579.35. There were practically no combination lots in the sale. The main bargains were obtained in the 20th Century lots as local collectors evidenced little interest in these due probably to the fact that their wants in this line are so well taken care of by Boston dealers.

In addition to giving catalog holders prices for all lots we are able to list a number of lots with starting bid as well as the selling price.

A RECORD FOR MAIL BIDDERS

Three Hundred Fifty Collectors Enter Competition in Ohlman's February Sale With Mail Bids

M. Ohlman's 48th sale held Feb. 17 and 18, set a new record for him for number of non-present bidders. 350 out-of-town collectors from all over the United States, some from Canada and Cuba, entered the competition. The stamps were of high class and of a wide variety and a large proportion of the lots went to the mail bidders.

Since it is possible for collectors to learn how lots sell mail bidding in the auctions is becoming more and more fascinating. Of course the stamps must have merit. This was the case in Ohlman's February sale. Mr. Ohlman is offering a larger sale and equally choice stamps March 10, 11 and 12. We predict that this sale will exceed the one just held so far as mail bidders are concerned. Don't fail to give the March sale your consideration.

In the sale just held the Hunter collection of British Colonials was sold. Mr. Hunter is a careful collector who is narrowing his efforts down to a few countries. Collectors who bought his gatherings secured choice items. Prices ranged from half to over catalog. We would not know where to begin to review the specimens. Nearly all of our readers receive Mr. Ohlman's catalogs so we feel that the complete index of prices will suffice. If any do not have a catalog we have a dozen or more we shall be pleased to mail to any inquiring.

The second session contained the fine U. S. collection of Mr. C. P. Frey of Utica, New York. Among the covers a pair of St. Helena 1912 4p #71, cat. \$7, brought \$6.50.

A copy of 1870 30c grill, cat \$15, sold worth the money at \$7.25; the 90c went for \$4.60. A fine used block of 10 of 1888 30c, cat. \$6.50, sold for \$9.40, and a fine block of 4 of the 90c, cat. \$9, sold \$9.50. A superb mint sheet margin block of 4 1894 4c #255b, cat. \$16, sold \$11.75. The 3c, 6c, 10c and 15c Bluish paper sold \$5.75; \$2.25, \$4.75 and \$3.90 respectively.

A block of 12 with the double error perf 10 sold for \$12.90. A set of the \$5, \$10 and \$20 state proofs gummed and perforated sold for \$8.90.

The sale demonstrated that choice stamps are eagerly sought and the large number of mail bids demonstrates that collectors have confidence in the catalog enumerations made by Mr. Ohlman.

The next sale is the superb Angell 20th Century collection. All the items are either superb mint or postally user copies. You will be overlooking one of the best sales of the season if you do not consider his coming sale.

P. M. Wolsieffer Issues More Than An Auction Catalog for Match and Medicine Collection to be Sold March 26th

P. M. Wolsieffer, proprietor of The Philadelphia Stamp Co., 21 S. 17th St., Philadelphia, has long held the reputation of giving bidders clear and authentic information about the lots offered in his sales. However, he now goes one step further in his catalog for his 222nd sale, (March 26) and shows either the sale or the collection from which the match and medicine stamps were purchased and the price paid by the owner.

Seldom do you see offered such a fine lot of these interesting stamps as Mr. Wolsieffer catalogs in this sale.

There are 330 lots of these stamps in the sale. They are from the specialized collection of Match and Medicines of the late George Anders of Norristown, Pa. Many of the items are in mint condition with full original gum.

In addition to these there is a fine property of British Colonies and a further installment of desirable wholesale. The sale is one in which all classes of collectors will find something of interest. Catalogs have been mailed so if you are not on his list you can secure one by acting promptly.

Collectors of Match and Medicines will certainly find this sale a rare opportunity.

The First Auction Sale

Next week we shall be able to give our readers a rather complete account of the First Auction held by the late J. W. Scott. Three of our readers have responded to our request for information about the opening of the auction market. Through their cooperation we shall be able to prepare an interesting account of the sale. We greatly appreciate their cooperation.

Morgenthau's 150th Sale March 25, 26, 27

J. C. Morgenthau & Co. will hold their 150th sale March 25, 26 and 27. Among other items will be found a remarkably fine collection of 20th Century British Colonials of the King Edward period. It is practically complete in these stamps with specialized collections of Cayman and Papua. Collectors of these countries should secure a catalog which will be mailed soon. The address is 87 Nassau St., New York City.

SPIRITED BIDDING BY FLOOR AND MAIL**Morgenthau's 149th Sale Lacks But a Few Dollars of Totalling \$20,000. Catalog Quotations Count for Little in Rare Items**

Morgenthau's 149th sale, Feb. 25, 26 and 27 again demonstrated that choice stamps do not go begging in the auction market these days.

You will note that there is nothing that was perfect that sold for less than half Scott and many items sold for full catalog or twice and three times catalog. The mail bids were very strong but there was also strong competition from the floor. Ed. Stern (Economist) was the strongest floor bidder. New York 5c black on pelure paper brought \$25.25. A block of the 5c 1847 brought \$122. Lot #9 a strip of five of the imperf. 1c brought \$36, catalog \$15, while a block of eight of the same stamp with imprint at right brought \$53. A block of 16 of the same stamp started at \$52.50 and went back and forth until it reached \$115. Lot #20, a very odd piece brought \$112.50 (it started at \$77.50). The unused pink of 1861 started at \$31 and was sold for \$36. A block of 4 of the 90c of the same issue brought \$48. The 1869, 24c inverted center, brought \$437.50. The Pan American inverts brought \$40, \$452.50, \$51 for the 1c, 2c and 4c respectively.

A very fine copy of Columbian blue error sold for \$71.50. A cancelled copy of the 1895 6c on watermarked paper, close at top, sold for \$25.25.

The bluish papers of 1908 sold as follows: 3c—\$7.60, 5c—\$22.50, 8c—\$60, 13c—\$23.50.

A copy of the 12c Agriculture surcharged "SEPCIMEN," from the Worthington collection sold for \$41. A beautiful o. g. copy of the 90c Justice sold for \$20.50.

A copy of \$5 state, close at right, went for \$81. A block of 6 of the 24c Treasury, o. g., sold for \$35.

Some Rare Revenues. A fine copy of the second issue 2c with inverted medallion cat. \$35, sold \$41 while the 5c invert brought \$55.25. The \$1 invert of the third issue sold for \$120. The 50c black and green on violet unused sold for \$12.50, perfs. touched at top. A damaged copy of the \$1 on violet sold for \$37.50.

A very fine copy of the \$1,000 of 1899, cat. \$40, sold \$23. An o. g. copy of the \$50 green and black sold for \$52.50.

Match and Medicine. Pierce 1c green (5244) slight defect sold \$25. Barnes 4c (5295) damaged sold \$15.60. Morehead 4c (5461) very fine, brought \$41.

Rare Newfoundland. 1857 2p scarlet #2, an unused copy, \$125; while a used copy went a dollar over catalog at \$101; and a copy not so fine sold for \$51. A fine copy of 4p scarlet #4, cat. \$75, sold \$57; one not quite so good brought \$45.50. An unused copy of 6p #6, small margins, sold for \$135 while a very fine used copy brought \$74. Two bisects of the 8p on cover used as 4p sold at \$26.50 and \$23.50. A lightly cancelled copy of 1s #9 sold for \$73. A very fine copy of 6p #13 sold for \$24.50—the catalog quotation is \$25.

Near the close of the sale were a number of pound values of 1884 Postal Fiscals from Victoria. These were said to have come from the collection of King George. They were from the Worthington Collection in this sale. All very fine o. g. copies. Prices were as follows: All pound values (we omit the sign) 5 at \$8.50, 6 at \$11.50, 7 at \$13.50, 8 at \$16, 9 at \$17, 10 at \$20, 25 at \$50, 50 at \$100, 100 at \$200.

High prices prevailed all through the sale. The total of the three sessions was \$19,978.85. There are 1651 lots cataloged and those holding catalogs may price them all from the table which follows:

Collectors' Digest Coming

Collectors who delve into their hobbies deeper than the mere gathering of specimens will welcome the announcement just made by A. H. Pike, Station G, Buffalo, N. Y., that the Collectors' Digest is to appear again.

The Collectors' Digest systematizes all your hobby reading and gives you for your reading an index to what appeared in the hobby press the past year. Mr. Pike also announces that he plans to open a free circulating library so that all may be able to enjoy the benefits of what has been printed. The annual is 25c and will be ready this month. Order your copy today. Only those who order will be supplied.

Should Have a Large Collection

At the first session of Doane's 115th sale held Saturday afternoon, March 1st, Auctioneer Walter S. Scott made the remark that some day in the future we would be collecting stamps just because they were off center to show how they were printed. Maybe we will but one will not experience great difficulty in securing specimens for a while at least.

Absentees Send Fine Limits for Voorhees' 72nd Sale and Secure Fully Half the Lots. Good Attendance.

A good attendance of Chicago and nearby collectors was not the only feature of B. L. Voorhees' 72nd sale at the Great Northern Hotel last Friday evening, March 7th. A large number of absentees in person were present with good limits on good stamps. The lots went about fifty-fifty between the floor and mail bidders.

The sale opened with 156 lots of entire covers—largely early U. S. issues. Copies of the 5c of 1847 sold from \$3.80 to \$6.80 for singles while three pairs sold at \$6.25, \$8.75, \$18.75 and \$19. This last mentioned was a lightly cancelled superb pair on entire cover. The start was \$17.80 and a mail bidder secured it at \$19—fifty cents below his limit. Copies of the 10c sold for \$6.50, \$8.80. A copy of 1851 24c sold for \$8.10.

A horizontal pair and a single of 10c of 1869 yellow stamps centered (how rare) started at \$15.50 and sold to a floor bidder for \$19.50.

A New York Carrier 1841-46 3c blue glazed fine margins started at \$11.10 and was chiefly contested from the floor, selling at \$16.

A small cover with 10c green of 1851 with Washington City one cent dispatch (2658) started at \$22.50 and sold \$23.50. The successful bidder had determined to "buy or force the other fellow to pay" as his limit was \$36.

Among the Confederate Covers was a "Savannah, Ga." cover to Paris. Starting at \$4.25 it was bought at \$7 with a limit of more than double—\$15.

Among covers from other countries a perfection pair British Columbia 1867 25c orange sold \$2 over catalog at \$20. Canada 1855 10p blue, cat. \$12, sold \$13.20. Cape of Good Hope 1863 4p slate blue (13a), cat. \$5, sold \$5.25. Prince Edw. Island 1861 2p rose (1) superb, cat. \$18, sold \$18.75. Uruguay 1859 60c lilac (7) started at \$4.60 and sold \$6.50 on a limit of \$7.40. The 120c of 1860 started at \$3.10 and sold \$4.50 with a limit of \$5.30.

Stamps off Covers. A rejoined pair of New York 5c black (#17) started at \$13.50 and sold at \$19 with a limit of \$25.10. A superb copy of 5c of 1847 doubled catalog at \$6.10. A superb copy of 1851 10c green (35b) recut at bottom, started \$2 over catalog (cat. \$15) and sold \$20.50—limit \$25.

Among recent issues a 5c red error perf. 10 in block of 6 2a stamps perfectly centered, sold for \$7. A used block of four \$2 perf. 10, sold \$3.85. Used copies of the \$2 and \$5 bi-colors of 1918 sold for \$2.30; a copy of each sold separately at \$1 for the two and \$1.25 for the five dollar.

A mint block of four of 3c dark violet of 1918 printed on both sides sold for \$10.80.

DOANE'S AFTERNOON SALES POPULAR

Some Choice U. S. Bring High Prices. Mail Bidders Strong Feature. Floor Buyers Active.

Percy G. Doane's Saturday afternoon sales are proving to be quite popular. His 115th sale was held in two sessions, March 1 and 8. At the first session some choice U. S. lots were hotly contested. The opening lot, a fine copy of New York 5c went over catalog at \$17. A fine cancelled copy 5c 1847 sold for \$5.75 while other copies brought \$3.90 and \$4.30. A horizontal pair on cover sold \$7. A fine copy of the 10c sold \$7.75 while a copy on cover, orange cancellation, finally stopped at \$14.10.

A superb horizontal strip of 5 of 1851 3c showing wide spacing sold for \$15.75. A fine copy of the 5c of 1851 brought \$14. Copies of the 3c pink of 1861 sold for \$4.50 and \$3.80.

A copy of 3c grilled 13x16, double grill sold for \$8.75.

Two Rare Pieces. The 1869 issue contained a number of good things, among them a superb o. g. block of 8 of the 12c. The catalog quotation was forgotten. The bidding was spirited and when everyone had had his say the auctioneer had his "sold for \$86." The catalog quotation for 8 singles is \$40. Following next in order was an o. g. strip of 4 of the 15c (picture not framed). It brought \$5 over catalog, selling for \$55.

A fine used copy of \$2 Omaha brought \$3.70 while an equally fine o. g. copy sold for \$3.40.

Among the foreign were some of the rarities. A good copy of Brunswick #1, 1s of 1852, cat. \$17, sold for \$10.25. Great Britain 1 pound 1878 brought \$12, while the 5 pound of 1882 sold for \$14 despite slight crease.

A mint copy of St. Vincent 5sh #29, off center slightly at top, cat. \$75, sold \$42.

The sale consisted of 1577 lots so you see how utterly impossible it is to do justice to all the good things in such limited space. We must content ourselves by giving the prices complete so that those who are on Mr. Doane's list may price all or any lots in which they are interested.

STAMPS SELDOM OFFERED AT AUCTION

Wolsieffer's 222d Sale Contains Superb Lot of Match and Medicine Revenues.

Collectors of Match and Medicine stamps have long since sent their bids for the Philadelphia's 222nd sale of March 26. Not during the two years we have been reviewing auctions have we noted so fine a lot of these stamps will be dispersed by Mr. Wolsieffer at his coming sale. To quote from the catalog: "The late owner of this collection, Mr. Geo. Anders of Norristown, Pa., was a frequent and liberal buyer at all the leading auction sales. Many of the stamps described were purchased from the Chapman, Deats, Eagle, George, Holland, Levick, Nast, Phelps and Tiffany collections. He had all important stamps marked where they came from and how much he paid for them, which information is added to such lots."

The listing of the auction and price the specimen's cost is indeed an innovation in cataloging. There are more than 300 lots of these most interesting stamps. We plan to review this portion of the sale at considerable length. The balance of the sale consists of a choice lot of British Colonials, largely mint and a strong number of wholesale lots.

Mozian's 35th Sale, March 29th

The catalog for Vahan Mozian's 35th sale has just been received. It will be held Saturday afternoon, March 29th, 125 W. 42nd St., New York City. The sale consists of 777 lots cataloging from \$2.50 upwards. At the close of the sale there are a nice line of lots by countries which always interest small dealers and ex-changers.

General collectors will find this sale very interesting and worthy of careful consideration.

BARTELS 77TH SALE APRIL 12TH

New York Dealer Offers Much Good Material With Exceptional Lines of Cape of Good Hope, Sidney Views and Western Australia.

J. M. Bartels Co., 99 Nassau St., New York City, catalog their 77th sale for April 12th. The sale will be held at their rooms Saturday afternoon at 2 o'clock.

It opens with a number of interesting covers, among which are three specimens of the 6p Canada 1851 from Montreal to New York. The rarities among the covers are Switzerland 1850, 10rp with cross framed, catalog \$100 and Tasmania 1853 1p blue in a strip of 4, cat. \$120.

The U. S. are not very extensive, but are quite desirable. A number of used blocks of the higher values are present such as 1902 block of 4 of \$2, 1916 block of 4 of \$2; block of 4 of \$5 and vertical block of 8 of the same stamp.

The Foreign embrace a wide range of items ranging from moderate priced to rarities. Among the latter is a copy of Mauritius, 1848, 2p blue, fine margins at sides, fair T and B, cat. \$125. Queensland, 1860, 1p carmine in horizontal pair, cat. \$80. Two Sicilies, 1860, ½T, cat. \$150. Western Australia, 1854, 4p pale blue, vertical o. g. pair, from Worthington collection, cat. \$130—same stamp in superb o. g. block of 4; also a copy of 6p rouletted, cat. \$50, 1sh of 1861, mint, cat. \$75.

Nearly all the sale is of 19th century, about half postally used specimens. The mention of the rare items offered does not indicate this is a sale of rarities only. It is however made up of the better items and a sale that will attract a wide attention from serious collectors. Mr. Bartels will be glad to send a catalog to any interested reader of The Index.

THREE HUNDRED HELD AND STILL GOING

Boston Dealer to Hold 303rd Sale in Two Sessions—April 23 and 24. First Session U. S. and 19th Century Foreign. Second Night 20th Century.

Daniel F. Kelleher, proprietor of B. L. Drew & Co., 7 Water St., Boston, Mass., will hold a two-night sale in Hayward assembly hall, April 23 and 24. Licensed auctioneer in charge of sale. Among the U. S. are a number of o. g. blocks both of early and later issues. The departments are exceptionally strong, chiefly in o. g. condition. Quite a number of the better items of newspapers in unused condition. A rare and interesting item is a block of 9 experimentally printed 2c U. S. I. R. in blue on paper with a percussion cap in each stamp which cancelled it when exploded—3 of the stamps are uncanceled. Happily for collectors the plan was not adopted. Had it been universally adopted condition would have been conditioned upon explosives and types designed by powder brands.

This is a sale that will attract a wide range of collectors. The stamps listed are within the reach of all and yet are of such character both as to selection and desirability that advanced collectors will find much to bid upon. The sale consists of 1600 lots.

Mr. Kelleher has held some interesting sales this year but the present one should be the most popular of all as it is a sale in which all can compete for something.

ANGELL COLLECTION SELLS WELL

M. Ohlman's 49th Sale Attracts Large Attendance. Mail Bidders Secure More Than Half the 1500 Lots

M. Ohlman's 49th sale, March 10, 11, 12, attracted many bids both from those present or represented by proxy and by mail. Splendid prices prevailed but this could be expected for such fine stamps as made up the Angell collection. The first and second night a third of the lots went to room bidders while at the closing session the competition from the floor was keener and fully half of the lots were taken by those present. At this session an exceptionally fine lot of German Colonies were sold and a study of the prices reveals the fact that the standard catalog quotation on used copies are not taken as a criterion by collectors. Among out of the city collectors, Mr. Leavy, the government's philatelist, P. F. Brunner, Mr. Pickard of Delaware, Mr. Thomas of Akron, O. Many New York, Brooklyn and Jersey City collectors attended. A copy of 1907 Cayman Is. 2½ on 4d, mint gem, cat. \$40, was run up to \$39.75 with a mail limit of \$47.50. P. F. Brunner chased a perfection copy of Lagos 1903 10sh till it reached \$35 and declared he would go no higher so a Canada mail bidder got it at his full limit of \$35.10.

Total for the 1500 lots is over \$4,500. Some of the items we mention in detail but for catalog holders complete prices are given.

MORGENTHAU'S 150TH SALE MARCH 25, 26, 27**Third Session Twentieth Century—Mostly British Colonials. Chiefly King Edward Stamps.**

As we have already announced J. C. Morgenthau & Co. will hold their 150th sale, March 25, 26 and 27, at the Collectors' Club, New York City. This is not a sale of rarities, as some by this firm have been, but of an interesting collection filled with desirable stamps within reach of all. The opening 100 lots are from the U. S. There is also a fine lot from Denmark, Dominican Republic, Old German States, Italy and Mexico.

The third session consists entirely of 20th Century stamps, mostly British Colonials and chiefly King Edward period. In these it is practically complete with a remarkable collection of Cayman Islands and a specialized lot of Papua. The three sessions embrace 1579 lots. The sale is one that should receive wide consideration as the lots are varied enough both as to countries and character to interest all readers of The Index.

THE FIRST AUCTION SALE OF POSTAGE STAMPS

Facts About The Initial Auctions Held in This Country and England Sent by Index Readers.

Three readers of The Index have made it possible for us to reprint what was said at the time about the initial sales of postage stamps at auction both in this country and England.

Mr. W. R. Ricketts of Wilkesbarre, Pa., sends us the following accounts as given in the philatelic press of the time.

Mr. E. A. Young of New Haven sends us the clipping from the Metropolitan Philatelist of Oct. 18, 1913, which is given as a Reminiscence by J. W. Scott and refers to the sales mentioned in the above accounts. We will use it in another issue.

Mr. H. E. Deats, of New Jersey, writes telling of the possession of a catalog of the New York sale.

We wonder if any of our readers attended the sale or were mail bidders in it? If you were either, will you not help us add something more to the story of the first sale of stamps at auction? We trust any who may claim this distinction will write us.

My dear Mr. Burner:

I see on page twelve of last "Philatelic Index" Vol. II, 12-13, Feb. 13-20, 1919: Held First Auction, which concerns Mr. J. W. Scott and his first Auction Sale and that you would like some facts concerning same and so I send you the following:

The catalogue consists of 12 pages and cover, size $8\frac{3}{8} \times 5\frac{1}{2}$ in., and reads (title page) "Catalogue of an exceedingly choice and select collection of Postage Stamps, comprising the entire stock of a Bankrupt European Dealer, several small American collections and many exceedingly scarce stamps, together with a job lot of Albums. Parties who cannot attend the sale can have their orders to purchase carefully executed by the auctioneers, Messrs. Cogan, Sampson and J. W. Scott & Co., of this city, and Mason and Co., Philadelphia." 270 lots are offered.

I have a rather interesting copy of this in my library, priced by Casey (J. J.), in which many of the lots are also listed in the name of the purchaser. It is in a bound volume of this firm's sales from No. 1 to 21 (with a few left out, which concerns coins only, I believe). The second sale held Oct. 3rd, 1870, 597 lots, has on cover page "Correct Coster" and was Mr. Charles H. Coster's own and is priced by him with name of purchasers.

The third sale was held Dec. 19th, 1870, 597 lots. 4th sale Oct. 9th, 1871, 229 lots. 5th sale March 18th, 1872, this sale was held in London and was the **FIRST SALE EVER HELD IN EUROPE** and of course England, and the title reads: "Catalogue of an exceedingly choice and select collection of postage stamps, comprising a fine selection from the celebrated collection of Mr. J. W. Scott. To be sold by auction by Messrs. Sotheby, Wilkinson & Hodge, Auctioneers of Literary Property, and works illustrative of the Fine Arts, at their home, No. 13 Wellington St., Strand, W. C., on Monday, March 18th, 1872. At one o'clock precisely. The collection may be viewed at the Auction Room on Saturday, the 16th inst. Parties who cannot attend the sale can have their orders to purchase carefully executed by the Auctioneers, Messrs. J. W. Scott & Co., New York and London, Mason and Co., Philadelphia, and E. L. Pemberton, Birmingham." This catalogue consists of 12 pages, 1, 2, 3 being title, conditions of sale, preface; 4 to 11 catalogue, 275 lots, and 12 J. W. Scott & Co. advertisement. This catalogue has been reprinted in England. (I mention this 5th on account of its being the 1st auction sale abroad and was held by Mr. Scott).

In "BIBLIOGRAPHY" of these two sales Nos. 1 and 5:

No. 1. "Auction Sale of Stamps," American Journal of Philately, First Series Vol. III, (May 20, 1870) page 65, from which I quote:

"On Saturday, the 28th day of May, commenced a new era in the annals of stamp collecting in the United States, and for that matter in Europe also, for it is not to be supposed that our English and Continental friends will not imitate their American cousins in this matter. The goods disposed of on the night in question, comprised every description of articles to be found in a first-class stamp repository, and these were put together in lots of every conceivable size, wholesale and retail to suit dealers and collectors;.... The sale was held in the elegant rooms of Messrs. Leavitt, Strebeigh & Co., the well known auctioneers, and in spite of the drizzling rain, which commenced falling quite heavily towards six o'clock, there was a very full attendance. Our reporter arrived at the scene of action about 5:50 and there was then quite a number of persons present; amongst the dealers may be mentioned Messrs. Bailey and Williams;.... The arrivals followed each other in rapid succession as six o'clock drew near. Mr. Sampson, a dealer of some note, next made his appearance,.... Messrs. Scott and Watson arrived next S. Allan Taylor, of Boston, had already arrived, and shortly appeared Mr. Brown—we were going to say the vision of him, as he was supposed to be dead, from a curious propensity he had of not answering letters sent him;.... Mr. Mason arrived shortly after the sale commenced,.... The sale commenced at 6:25, the first lot being 100 foreign stamps which started at 25c and rose to 60c, at which price they were knocked down,.... Lot 33, set uncanceled, 1851, U. S., adhesives, brought \$1.12. Lot 34, a set of 11 varieties of the present issue U. S., envelopes brought \$1.70, while a similar lot (234) later in the evening was knocked down for \$1.12,.... The gem of the sale—a 5c, 1852, Sandwich Island—was bought by J. W. S. & Co., for one of their customers for \$11.00, they had received orders for this stamp as high as \$15, and had eleven commissions to purchase it There were 269 (270) lots sold, the highest price realized for any lot was

\$38. and the lowest, 35 cents. \$11 was the highest price obtained for any one stamp. The entire proceeds amounted to about \$500. The number of stamps amounted to about 14,000. After 14,000 stamps changing hands in small lots in a single night, we do not want to hear any more about stamp collecting being played out.

No. 5, SCOTT (J. W.), First Stamp Auction in Europe, American Journal of Philately, Vol. V, April 1872, page 41 (First Series), from which I quote:

"An event which marks an era in the science of philately in Great Britain came off on the 18th of March, at the well-known auction rooms of Messrs. Sotheby, Wilkinson and Hodge, 13, Wellington Street, Strand, London. The event in question, which drew all the leading collectors and dealers in England together, was the sale by auction of the American portion (with a few other sets) of a well-known album. The collection was carefully catalogued and prepared for sale by J. W. Scott and Co., who conducted the arrangements throughout, and, notwithstanding the hostility of some of the papers, was quite a success.

The sale commenced at a few minutes past one, Mr. Wilkinson officiating at the hammer. The first lot, fine-used copies of the 5 and 25 cents United States newspaper stamps, was knocked down for the ridiculously low sum of 2s 6d., but lot 3 nearly compensated for it, as it was a set of 1861 issue, and brought 8s. Lot 7, the blue carriers' stamp and the black and red Government despatch stamp, realized £1. Lot 18, a 20 cents St. Louis, the gem of the sale, was bought in for the trifling sum of £8 12s., but we understand it was sold soon after for three times that sum. The whole 275 lots were all disposed of before half past four, and realized £252 17s. 6d., about \$1,250.

There is an article by Bertram T. K. Smith on this First Auction in England, but for the moment I have mislaid my reference.

Hoping that the above will be of some use, I am,

Yours very truly,

Wm. R. Ricketts.

Our Efforts Have Failed

We have endeavored to keep up with the season this year so far as pricing the sales are concerned. There are three sales which we have not priced. Two of these we have asked the third time for a priced catalog. The third one escaped our notice and we have just written for the prices. We want our readers to know that we are endeavoring to do our work promptly. If you wish to see the prices of some sale that has not been priced possibly a line to the dealer to that effect will help.

We are glad to note that most of the dealers regard The Index as a benefit to their business and cooperate promptly with the results. They appreciate that they are serving their customers in doing this. The fact that firms which formerly held auctions have returned to this plan of distribution is proof to us that The Index has not been a detriment to the auction business.

The prices in this issue did not reach us until Mar. 27—we have done our best.

Prices for Franklin's 26th Sale, March 19

The Franklin Stamp Co. held its 26th sale Wednesday afternoon at its office in Philadelphia. Besides a fine general collection there were a number of strong wholesale lots. The latter were keenly contested by floor bidders.

The sale opened with two interesting covers franked by two noted U. S. statesmen—Henry Clay and Daniel Webster. The former brought \$5 and the latter \$7.50.

Used copies of the 5c of 1851 sold for \$10. Three used copies of the 5c of the September issue of 1861 showing different cancellations sold for \$6.70, \$6.90, \$7.40 and \$9.90. One showing cancellation of large numeral "5" brought \$12.60 despite small closed tear.

A used block of 6 of 1888 90c, cat. \$13.50, sold for \$10. A superb used copy of \$2 Omaha sold at \$4.10—the same that an unused copy brought.

A copy of the 1c 1914 perf. 10 x 12 sold for \$15.25. The foreign consisted of moderate priced stamps which sold at a good average percent of catalog. Lively interest was manifested by floor bidders in a number of large lots by countries which sold remarkably well.

Mr. Poole, the manager, advises us that their next sale will be held April 30th. Complete prices follow for those holding catalogs.

The catalog for the 27th sale arrived just as we are finishing this issue. The sale includes a nice line of U. S. and foreign. Among the rare items is an unused copy of 1864 24c August issue; \$20 Probate of Will both imperforate and perforate; the foreign contain many of the rarer items. At the close are nearly 200 lots by countries which always prove very interesting to a wide range of collectors.

NASSAU STAMP CO.'S 51ST AUCTION, MARCH 15

New York Firm Returns to Auction Way of Dispersing Good Stamps. Some Fine Stamps Go High.

We print below complete prices for the 51st sale held by the Nassau Stamp Co. 116 Nassau St., New York City. Auction buyers are quite accustomed to sales at this street and number which is the same as the location of the late George R. Tuttle, whose sales reached the 274th number before his death.

This sale was of a fine general collection made by Mr. A. V. Heyliger of New York City. It contained many desirable items especially among 19th century foreign. To mention all the lots that went three-fourths to over catalog would require more space than we can devote to one sale. We shall mention some of the more interesting items.

Belgium 1850 40c carmine rose (5) cat. \$3 sold \$6. Brazil 1843, 60r, used, exceptional margins, cat. \$9, sold \$15.50; 90r of same issue, (6), cat. \$20, sold \$17.50.

British Columbia 1865 10c blue, used, very fine cat. \$40, sold \$25.

Five copies of Canada 1851 6p violet on original covers sold for \$20 each for three and \$20.50 each for other two.

Cape of Good Hope 1853, blue paper, 1p red, 3 used singles sold \$7.80 and \$8, while a square pair, fine margins, 3 sides, sold \$12.40. There were a number of early Capes which all brought near catalog or over. A square pair of 6p of 1855, cat. \$16, sold \$20.50. The 1sh, both 6 and 6a, sold \$13.75; while a very fine unused pair, cat. \$30, sold \$35.50. A very fine copy of 1861, 1p red (wood block) cat. \$50 sold \$46; 4p blue (9) used, cat. \$35, sold \$28.25.

Very fine used copies 1p carmine of 1863 sold \$6.75, \$7.75, \$8 and \$9, cat. \$7.50. Used copy of the 6p (14) cat. \$12.50, sold \$12.75 and \$13.25.

Ceylon—a horizontal strip of 3, 1857, 1p blue #1, cat. \$30, sold \$30.50. A very desirable cover bearing horiz. strip of 3 of 1p blue; 1sh 9p green and 2sh blue, cat. \$169 stopped but \$3 short of full catalog at \$166. Another rare one was 8p of 1861, used, cat. \$60 which sold for \$45; the 9p of this issue in an unused horiz. pair, cat. \$18, sold \$18.25. A mint block of 4 of 1sh, 1863, cat. \$30, sold \$25.50, while a similar block of 1867, 5p blue, cat. \$32 sold \$25.

A very fine copy of Cuba 1855 5c on 8M, type J, cat. \$200 sold \$125.

An exceptionally fine horiz. pair Denmark 1851, 2rs blue, cat. \$20, sold \$42; singles of the same sold \$8.25 and \$10.25.

France 1849 10c, unused block of 4, cat. \$30 sold \$45. A horiz. strip of 4 of 15c green (2a) cat. \$32 sold \$110—evidence that the cataloguer was right when he said "a rare piece." Strong in French early issues which sold around catalog throughout.

There were some very fine New South Wales of the 1850 issue. We are listing a number of these, the initials and numbers enclosed in parentheses being Scott's and Gibbon's numbers.

At the close of the second session are a number of lots of unused blocks, strips and pairs of U. S. and Foreign. There are also quite a number of the same in used condition. The sale will be priced for catalog holders.

TWO-NIGHT SALE IN CHICAGO

B. L. Voorhees, Catalogs Fine Sale for May 2 and 3 at Great Northern Hotel in Chicago

Catalogs have just been mailed by B. L. Voorhees, 339 S. 8th Ave., La Grange, Ill., for a two night sale to be held at the Great Northern Hotel in Chicago, May 2 and 3. The total catalog value of the stamps is over \$10,000. The two sessions embrace almost 1200 lots. The sale opens with 50 covers bearing U. S. and foreign of the 1860 and earlier issues. The U. S. off covers are largely the early issues. Among the rare items is a superb horizontal pair of 1868 12c with double grill which makes it appear to be grilled 11 x 15 m.m. A fine copy of special printing 1875 5c blue will no doubt trouble some advanced collectors.

There are some very fine revenues among the imperforates in pairs. Among the perforates are the better items.

The Revenue Rarity is the \$1 blue and black with inverted center. This is catalogued at \$250 and the last auction price was \$236.

Match and Medicines. Collectors of these stamps will find many to choose from. Among the rarities is copy of 4c vermilion D. S. Barnes (5295); 4c black, Pieters Bennett & Co. (5466-B. silk.)

The sale, however, takes on the most interesting aspect when you reach the foreign. Early British Colonials in mint and used condition. Collectors of these countries will find this sale the greatest market they have witnessed for some time. To attempt to enumerate what is offered is beyond our space. Ask for a catalog. You will surely find the items in British Colonials that you are wanting.

We plan to report this sale to the best of our ability. If plans do not fail we shall attend the sale and shall be pleased to have any of our readers make themselves known.

WESTERN ANNOUNCES SALE FOR MAY 14

The Western Stamp Co., 214 Farnam Bldg., Omaha, Neb., announce their 160th sale for Wednesday, May 14th. The sale is largely of foreign. Quite a number of blocks of four are offered. Among the rarer items is a full o.g. sheet of 10c 1860 New Brunswick. There is a very creditable lot of British Colonials in both used and unused condition.

WAS FORCED TO WITHDRAW SALE

J. M. Bartels issued catalogs for April 12th, but because of a misunderstanding with the owner of a portion of the property offered he was forced to withdraw the sale. He is arranging to hold his next sale in May.

We would like a few copies of The Index, January 1, 1918. We mailed many samples, so you may have one. The Publisher.

WATCH AND MEDICINES SOLD WELL

P. M. Wolsieffer's 222nd Sale Attended by Many Out of Town Bidders. Floor Bidders Make Things Lively Despite High Limits

P. M. Wolsieffer's 222nd sale of March 26th proved to be just as interesting as had been predicted. The attendance was the largest of the season. The match and medicine stamps were the chief attraction and brought a number of out-of-town bidders to the sale.

Mr. Elliott Perry, the revenue specialist of Westfield, N. J., was one of the most enthusiastic buyers. What he did not land was not to his fancy. Dr. George Hetrick, of Birdsboro, Pa., was another enthusiastic contender. The Doctor chased lot 35 from the starting point of \$15.75 to \$35—ten dollars over catalog when he gave up the chase. Other Match and Medicine collectors were present and helped make things lively. Indeed, the floor bidders made P. M. hustle to save some of the lots for mail customers. When asked before the sale how things were going, Mr. Wolsieffer stated that he had the sale covered many times over with the highest limits one could imagine and that he did not think the floor had much chance. At that the floor proved a game lot and took a goodly share of the items. Mr. Klein of Philadelphia paid some big prices for extra desirable items. Catalog values did not appear to cut any figure.

We are able to give some of the starting points which will show you how the competition ranged:

AUCTION WAY GAINING IN POPULARITY

Some of Our Readers Tell Us The Index Has Revived Their Interest in the Auction Way of Buying

The auction way of buying and selling is regaining its popularity with collectors if we are to judge from the letters many of our readers write us.

Another proof that the auction plan is gaining in popularity is the greater number that are being held by dealers who formerly had but one or two a year. There is no mistake about the auction way having a fascination about it that you get in no other way of following your hobby.

Today the range of stamps offered in the various auctions is so wide that all classes of collectors can find lots to their liking. With the Index to show you how all the lots sell we are sure the "Auction Way" will add pleasure to your hobby and repay you well besides.

I receive few catalogues of sales, but, when I do, there are always some one or two or three 'items' the prices of which I would know. And this simple fact has made your paper invaluable to me. I don't see how then, anyone who claims to be a philatelist or a real collector can do without it. I, who really am neither one nor the other but a fragment of each, find the paper indispensable.

Thank you for your courtesies, and believe me appreciative of your endeavors to aid the auction-buyer—tasks not wholly remunerative except in the knowledge of a work well done.

SALE DELAYED ONE WEEK

A. A Jones, Herrin, Ill., has mailed catalogs for his 14th sale. Owing to moving, he has been forced to defer this sale one week from the date which has been announced in *The Index*. The sale will take place Saturday, April 26.

Mr. Jones announces one more sale for this season,—May 31st. Lots for this must be in his hands by April 27th. He also announces that he will add coins to his sales next season opening early in September. His April sale contains 850 lots of a wide range. It is largely foreign with some very good medium priced U. S. There are quite a number of lots by countries and medium grade whole-sale.

PHILADELPHIA STAMP CO.'s NEXT SALE

Well Known Auction Firm Catalog 223rd Sale for May 14th. A Wide Range Covered

P. M. Wolsieffer, owner of the Philadelphia Stamp Co., has mailed catalogs for his 223rd sale to be held May 14th. The material is the property of seven parties from all over the United States. The range of material is even more widely scattered. However, the sale contains many fine items. Among the lots are many large lots by countries. These are always attractive to those who find pleasure in exchanging as well as adding to their collections by direct purchase. If you have not had a catalog one awaits your request.

Apparently Declined to Co-operate

We have priced all the regularly catalogued sales held so far with the exception of those by two firms. We have asked two and three times for priced catalogs of these but although we are ready to pay for them no results seem forthcoming.

We shall ask once more by personal letter and then if we cannot secure the prices we shall feel justified in publishing the names of the firms so that our readers may know the ones who decline to let their bidders know how the lots sell.

Changes for the Better

For some time we have been planning certain changes in our equipment which would facilitate the handling of the work. We were not ready to make the change when the opportunity to secure the equipment at a decided saving presented itself. The change has now been completed and we are able to do our work with much less loss of time. The publication will now appear weekly.

More About the First Auction.

Mr. Everett Van Voorkis, of Nelsonville, N. Y., an Index reader, has sent us some interesting notes about the initial auction of postage stamps. We shall be pleased to add these to what we have already printed. The same will appear in next week's issue.

Bartel's Next Sale May 15. and 17.

J. M. Bartel's Co., 99 Nassau St., New York City, have mailed catalogs for the sale which replaces the one they withdrew as noted elsewhere.

DOANE'S 116TH SALE PRICED

New York Dealer Announces Next Sale for May 3 and 10

Below are complete prices for Percy G. Doane's 116th sale, held April 5 and 9, 154 Nassau St., New York City. His next sale will be held May 3 and 10.

The sale was largely foreign, but some good U. S. were sold. A cut cancelled copy of 1898 \$500 revenue Cat. \$40, sold \$17, while a copy of 5c black proprietary rouletted went at the same figure.

A proof of Canada 1852 12d on laid paper sold for \$17.25.

At the close of the sale were a number of block, strips and pairs of unused U. S. and foreign. Nothing exceedingly rare, but very good prices were obtained. Complete prices for the two sessions follow:

SIXTH SALE APRIL 26TH

The Exchange Stamp Co., Auburn, California, have catalogued their 6th sale, which will be held April 26th. This firm resumed auctions in February and the prices appeared in a recent number of The Index. In their announcement of the coming sale, the manager expresses gratitude to the auction buying collectors who resumed dealings with the firm in the 5th sale in so generous a way. Some exceptionally good material was distributed in that sale. The catalog for No. 6 indicates that an equally good lot awaits your consideration.

OHLMAN'S 50TH SALE, APRIL 29 AND 30

M Ohlman, 75-77 Nassau St., New York City, has mailed catalogs for his 50th sale, which will be held April 29 and 30. The sessions are filled with popular priced stamps that close up the gaps in most collections.

Mr. Ohlman requests us to correct the listing of lots 667 to 673 which are accredited to South Australia but should have read Australian Commonwealth.

QUESTIONS DATE OF FIRST AUCTION.

Index Reader Raises Question as to Date of First Auction Sale of Stamps. Offers Proof for 1869 as the Year Rather than 1870 as Generally Accepted.

After reading the account of the first sale of stamps at auction published in this paper some weeks ago, Mr. Edward Van Voorhis, of Nelsonville, N. Y., raises the question—Is the year given correct? Mr. Van Voorhis in the following letter submits proof for 1869 as the date rather than 1870 as generally accepted:

We shall be pleased to hear from any who may be in possession of data that will authenticate either of these dates.

My dear Mr. Burner:

I was much interested in reading of the First auction sale as published in the Index of March 27th. Now I have the First auction sale of stamps of Mason & Co. held Sept. 8, 1870 and on looking through it I notice Lot No. 9 which reads, "4 catalogs of the First Stamp Sale in United States, Scott, May 28, 1869, uncut."

In reading your account of same I note also that Mr. Mason attended the Scott sale, so it seems the First sale held by J. W. Scott was May 28, 1869 instead of May 28, 1870. It is so printed in Mason & Co.'s catalogs and it does not seem they would make an error in date, their own sale being of that time, "1870."

I notice also under "Bibliography" as printed in the Index "No. 1 Auction Sale of Stamps" American Journal of Philately, First Series, Vol. III, May 20, 1870, page 66 from which Mr. Risketts quoted, "On Saturday, the 28th day of May, commenced a new era in the annals of stamp collecting in the United States etc. The sale is reported with arrivals etc., and also prices brought for some of the lots.

Now this particular sale is reported before it had taken place, if we can believe the date of sale as 1870. This from a paper dated May 20, 1870 when the sale reported was of May 28, 1870. This I think is conclusive proof that the First sale held by Scott had already taken place and was held May 28, 1869 as printed in Mason & Co.'s catalog.

Very truly yours,

Everett Van Voorhis, Nelsonville, N. Y.

FIRST SESSION PRICED

Doane's 117th Sale Held May 3, and 10. Prices for First Session Here Given.

Percy G. Doane held his 117th sale the afternoons of May 3 and 10. Prices for the first session are given below. A study of the prices on U. S. with respect to starting and selling points does not show the marked advances noted in some sales but rather reveals the fact that the mail bids were high and the lots went at but one or two small advances over the starting point. Good prices prevailed throughout the entire sale. This is evidenced by the large number of lots which sold at or about catalog. At a casual glance we note some 50 lots which exceeded catalog. The second session will be priced in an early issue. Complete figures for catalog holders are given herewith:

OHLMAN'S FIFTIETH SALE.

Next Sale Set for June 10 and 11. Catalogs Will Be Mailed Next Week.

M. Ohlman, 75-77 Nassau St., begins to class himself among the old established auction dealers having held his 50th sale.

He advises us that the floor bidding was in good trim at his 50th sale and a study of the prices shows that good offers came from somewhere. To list all the items that sold at near or above catalog would exceed our space. We know that a large percentage of our readers receive the Ohlman catalogs and that with the Index they can derive pleasure from a study of the prices for themselves. Among the covers a first trip airplane 24c sold for \$6.70. A fine cancelled copy of 5c 1861 sold at \$7.60. A fine o. g. copy of 1888 90c sold at full catalog—\$4.

Mr. Ohlman is now preparing the catalog for his 51st sale which will be held at his office June 10 and 11. He also announces a Saturday afternoon sale for July and August. The next sale is especially strong in the early issues.

Complete prices for the sale of April 29th and 30th are given herewith:

MOZIAN'S 36th SALE.

Next Sale to Be Held May 27th. Floor Bidders Take More than Half at Last Sale.

Vahan Mozian, 125 W. 42nd St., New York City, announces his next sale for May 27th. It contains some very choice items among the U. S. being a fine copy of the real 3c pink on original cover.

His last sale, No. 36 was held April 28th and is priced complete. This sale was best attended and floor bidding was quite effective. More than half the lots went to those in the room. That the competition was keen is evidenced by some of the advances over the starting point. Lot 212, four French covers started at \$1.50 and sold at \$4.30. Lot 257, a used copy of Great Britain 1867 5 sh. rose (56) opened at \$1.75 and was secured at \$7.00. All through the sale such marked advances prevailed. Prices for all the lots were as follows:

A FINE TWO NIGHT SALE

Voorhees' Sets New Record for Number of Mail Bidders as Well as Attendance at Chicago Sale

One of the best sales held in the Middle West for many months was that by B. L. Voorhees at the Great Northern Hotel in Chicago, Friday and Saturday, May 2 and 3. The attendance was above the usual number, but the number of mail bids made up for whatever advantage any other auction might have in floor members.

The reason for the interest shown was found in the class of material offered.

The sale opened with a number of original covers. A copy of 1847 5c cancelled in red sold for more than three times catalog at \$10.75. A superb Washington local (1c of 1852) in superb condition sold for \$22.75; it catalogs \$25. A very fine unused Mulready envelope sold for \$8.25.

A rare cover—Roumania 1858 80 pa. red, Cat. \$18 brought \$10.50. In all 47 covers were sold. They brought from half catalog upward. We have been permitted to study the competition in this sale. In all 325 mail bids were received. Out of these the number who appreciated that the items would command good prices was quite large. A good proportion of those who secured lots are Index readers. It is quite evident these have studied prices which have been given this season. The opening lot of the U. S. adhesives, a superb copy of 1847 5c sold for \$6.40—another a minute later went for \$7.10 while a superb copy of the 10c went for \$7.10.

A horizontal pair of the 12c of 1851 sold for \$20.

A horizontal pair of the 12c of 1868 (grill 11 x 13) brought \$15.25. In the issue of 1869 were some wonderful copies. The prices were as follows: 10c, \$6.10—almost five times catalog; 24c, \$7.10; 30c, \$5.20.

A mint block of 9 of 1882 6c (208a), Cat. \$18 sold \$12.25;

Among the recent issues were used copies of the \$2 and \$5 of 1918. A block of 12 of the \$2 sold for \$12.25. A block of 4 of the \$5 brought \$6.

U. S. Revenues. There were a number of imperforates, some in pairs. A vertical pair of the 50c probate of will went over catalog at \$5.25. A strip of 5 of the \$1 manifest sold for \$4.20. A copy of the \$1.90 foreign exchange, small margins but right color and dated cancellation sold for \$20.25. A beautiful copy of the \$2.00 brought \$27.50.

PRICED IN THIS ISSUE.

Voorhees 73rd. May 2, 3, pp. 1-2-3-4.

Drew's 303rd. April 23, 24, pp. 5-6-7-8.

Co-operative's 82nd. pp. 9-10.

Doane's 117th—Second Session, May 10, pp. 11-12.

There were some good items among the perforates. \$50 brought \$2.50, and a superb copy of the \$200 went two dollars over catalog at \$17..

A copy of the \$1.60, second issue H. B. cancellation, brought \$6.20.

A skillfully filled punched cancelled copy of the \$1.00 blue and black, inverted medallion sold low at \$41.75. The general opinion is that this item is rated much too high in the catalog.

A fine copy of the 50 proprietary on green sold for \$14.50. An uncut pair of the \$10 green and black of 1902 sold for \$10.10.

Match and Medicines. There were 50 lots of these which sold well. A superb copy of 12c H. Bendell (5126) sold \$17.25. The 1c of L. W. Buck & Co. (5144) at \$15.25. The 1c green of T. Kensett & Co. (5284) at \$14. A slightly defective copy of 4c vermilion, D. S. Barnes (5295) brought \$10.

British Colonials. The sale was strong in these, especially early issues. The prices ranged from half catalog upward. We shall mention only a few—British Columbia 1865 10c blue, Cat. \$40, at \$28.75. Mint copies of the 10c and \$1.00 of 1867 sold for \$11.25 and \$12.75.

Great Britain 1847 1 sh. green, O. G., Cat. \$50 sold \$18.25.

New Zealand—1855 1 sh. green Cat. \$35 at \$21. A horizontal strip of 3 of the 2 p. of 1858, Cat. \$7.50 sold \$14.50. A copy of the 1 sh. green of 1862 on pelure paper sold low at \$10.50; the same rouletted brought \$15.50. A very fine used copy of the 1 sh. dark green of 1863 sold for \$12.25.

Nova Scotia—A mint copy of 6 p. yellow green 1851 sold for \$25.75—2 used copies brought \$15.50 and \$14.75.

South Australia—1 p. (1) dark green, Cat. \$20, sold \$15.75. 1 p. yellow green 1856 Cat. \$20 sold \$13. A beautiful strip of three of the 2 p. (6) Cat. \$9 sold \$15. A collection of 34 varieties of department surcharges went for about a fourth catalog at \$52.

MORE ABOUT THE FIRST AUCTION

Metropolitan Philatelist of Oct. 1913, Contained the Following Mention of the Sale

Mr. E. A. Young of New Haven, sent us the following clipping of a Reminiscence by the late J. W. Scott published in the Metropolitan Philatelist, Oct. 18, 1913. In it mention is made of the first auction sale of postage stamps.

As noted recently there is now a question raised as to the correctness of the date. We shall be glad to publish anything that will serve to establish the correct date of this sale.

The first foreign stamp I saw (French 40c 1853 issue) probably changed the current of my life and made me a stamp collector. A few years later I chanced to pass Birchling lane in London and saw a number of boys exchanging stamps and a bearded man actually pay a pound for a set of four U. S. 1853 envelope stamps nicely cut to shape; probably that induced me to deal in stamps, at any rate for about a year I made considerable pocket money buying and selling stamps. In 1863 I decided to come to New York and the first stamp I saw here was the 2c big head Jackson just issued. W. P. Brown was the first man I sold a stamp to in this city and by his advice I started in business. I worked and business prospered, my constant effort was to get more grown people to take an interest in the pursuit. When I started \$2 was a good price for a rare stamp and it was some years before I could sell a St. Louis or a Brattleboro for ten dollars, nevertheless, I saw a constant advance in prices and prophesied that I should live to see stamps sell for a thousand dollars each. That day has long since passed. One day a customer remarked after investing a hundred dollars that that was considerable money to throw away and that if he got tired of his stamps he could not sell them for anything. My answer that I was always glad to purchase was not particularly convincing and it set me thinking. There should be a broader market for stamps. There was only one way to demonstrate a market. "The proper price of anything is just as much as it will bring." I therefore prepared the first collection of stamps to be sold at public auction. It was sold at the auction rooms of Leavitt, Streburg & Co., New York, on the evening of Saturday, May 28, 1870, and realized \$477.04. I had already started a monthly magazine, the American Journal of Philately, and published some catalogues and a stamp album. Many trips to England had gained me the acquaintance of Sir Daniel Cooper, Mr. Philbrick, Baron Rothschild, Mr. de Yasso, E. L. Peuberton and many others, so I concluded to try the effect of a stamp auction in London. This was held at Sotherby, Wilkinson & Hodge's celebrated rooms on Monday, 18th March, 1872. I had much difficulty in persuading them that people could be induced to pay money for postage stamps and had to guarantee them a profit of £20 before they would consent to sell.

The entire sale only realized £252 17-6 and was not much of a success. The lot would realize at least \$15,000 now. I had helped in the foundation of several stamp societies in this city and finally induced them to get together and hold the

first public Stamp Exhibition in America, which after much labor was opened at the Eden Musee in April, 1889 and lasted two weeks. We succeeded in getting many favorable notices from the press but the success was not great. In comparison to the present grand show it was a small affair, a score of exhibitors showing about six thousand dollars worth of stamps. The beginning of all things are small. The first auction realized \$500, one of my late sales \$30,000. When my early customers had spent two hundred dollars and accumulated a collection of five hundred they had something to be proud of. Some of our present patrons have spent a million dollars, have more stamps than they can count, and the end is not yet.

ONE DOLLAR A YEAR

BARTELS CLOSES SEASON.

J. M. Bartels Co., 99 Nassau St., New York City, closed their season this year with the two night sale of May 15 and 17. Complete prices are at hand and will be published in next week's issue.

An Auction Record Mr. Bartels states that he believes the 6c proprietary reached the record price in this sale. The catalog describes it as "bright color, a very fine copy, almost centered." It brought \$69 which is \$9 over catalog. In our own U. S. collection is an uncanceled copy of this stamp, also nearly centered, which we paid \$60 for two years ago. We have an offer from an eastern dealer, who saw the stamp before we purchased it, of \$70 for it. Every indication points to the catalog being low on this stamp.

Mr. Bartels calls our attention to the misplacing of a period in the pricing of the rare Greenville local recently sold by Morgenthau. The rarity was bought by Mr. Bartels at \$510. A full account of the Bartels sale will appear with the prices next week.

MORGENTHAU'S 152nd SALE JUNE 4-5.

J. C. Morgenthau & Co., will hold their 152nd sale Wednesday and Thursday, June 4 and 5. The sale embraces many of the better items of both U. S. and Foreign. Among the U. S. are the 3c scarlet of 1862; the 3c grilled all over; the issue of 1871 unused; the 5c of 1908 on bluish rag; \$2, \$10 and \$20 State, the latter finely used.

Envelope collectors will find over 50 lots from 1853 to 1890. Among the revenues are a number of the scarcer imperforates including the \$10 Probate and \$200. The rare preforates are the 6c proprietary, the \$20 Probate and \$1 Passage Ticket. Also the 50c black and green proprietary on violet paper of 1871.

Among the Spanish Americans are the \$100, \$500 and \$1,000 of 1899, the \$50 of 1900 and the scarce \$50 of 1902.

The Foreign catalog from \$5 up to \$75 and \$100 rarities. Altogether the sale is up to the usual high Morgenthau standard

WOLSIEFFER'S 223rd SALE MAY 14th**Mail Bids Strong. Lots Average Well for Sale Without Rarities. Some Fine Prices Realized**

P. M. Wolsieffer held his 223rd Sale May 14th. Some fine prices were realized.

Notwithstanding the fact that Wolsieffer's 223rd sale contained no great rarities or special lines the total sum went to \$2561.55 for the 728 lots (3 lots withdrawn), or an average of a little over \$3.50 per lot. It takes a pretty good sale to make that average.

Mr. Wolsieffer tells the writer that this kind of a sale attracts the mail bidder because of the great variety to select from. This was indicated very plainly by the fact that the floor bidders did very little "running up" altho there were more than 50 collectors and dealers present during the progress of the sale.

Mr. Craighead of Atlantic City and Mr. Rush B. Smith, of Norristown were among the heaviest of the out of town bidders present, Belmont Stamp Co., Mr. Dutton, Mr. Goldstein, Dr. Jones, Mr. Leupold, Fred Liebeck and Carl Young were the heaviest local buyers. The opinion of several of those present was that some of the lots realized more than they were worth, but surely the owner will not think so.

Besides listing all lots for those who hold catalogs, we mention the following:

A fine horizontal pair of New York 5c of 1845, cat., \$30 sold \$36. An uncanceled copy of 90c Justice, no gum sold for \$16.80 Perforated proofs of the \$5, \$10, and \$20 state sold for \$5.

The total for the sale is \$2,561.55. The prices all thru indicated good material the great majority of the lots going from half catalog upward. The entire St. Anthony set of 1895 Azores sold in five lots at \$26.10—it was also listed as one lot but failed to bring as much in that way so was divided.

A copy of the \$50 blue and black Revenue of 1902, fine, cut cancellation, sold \$26.00.

Early France proved popular, selling high. A lot of Sidney Views and triangular Capes sold well considering condition.

Besides pricing all the lots we mention the following specifically:

Stamps Off Covers. Three singles of 1847 5c sold over catalog at \$3.70, \$3.80 and \$4. A pair of the same started \$5.60 and sold \$7.40. An o. g. copy of 3c pink of 1861 brought \$39. A set of 10 items of the issue of 1861 (1c-90c) in mint blocks of four over printed "specimen," started at \$13.50 and sold for \$25.

A superb o. g. block of 4 1873 7c cat. \$30, sold at \$56.

THE OLD DATE STANDS

Index Readers Produce Evidence That First Auction Sale of Stamps Was In 1870 Rather Than 1869 As Questioned by New York Philatelist.

The letter of Mr. Van Voorhis questioning the date of the first auction sale of stamps which was published in our issue of May 1 brought three replies from our readers supporting the date commonly accepted. Mr. Ricketts, of Wilkes-Barre, Pa., who wrote us before about the first sale writes again as follows:

In giving reference to the report of this sale in "The American Journal of Philately" I made a slip as it should be Vol. III, June 20th 1870, p 65. In the May number, page 64, under "Clippings" is the following.

"We see by the advertisements, that on the evening of the 28th day of May, there will be sold by auction a large quantity of stamps and albums. The stamps will be sold singly, and in sets, in dozens, hundreds, and thousands; there are blank albums, and collections both clean, cancelled and mixed, containing from three or four hundred, to two thousand. There will be sold both American and European stamp papers, and in fact everything connected with the science of Philately. We would not have called attention to the advertisement had it not been an event that will mark an era in stamp collecting.

This is the first auction sale of stamps that has ever occurred, either in this country or in Europe, and in our opinion is calculated to be of inestimable benefit to collectors. Heretofore, a person wishing to dispose of a valuable collection, had to sell it to some dealer for what he could get; hereafter, he will give it to some competent person to catalog and send it to public auction, and he is certain to get exactly what it is worth, for as there is no intrinsic value to postage stamps, whatever they bring at a well-advertised public auction, that is the exact value of the stamps.

We notice several very scarce stamps marked in the catalog; amongst which may be especially noted the 5 cent (figure in fancy border) Sandwich Islands. We shall give a full report of the proceedings in our next number."

The catalog is undated as to year. In the 1869 volume II of the "A. J. of Philately" there is no mention of or hint at an auction sale, while in the 1870 volume III is the above item in the May number with the report as mentioned in former number in the June number of this volume or 1870. Therefore the date of the

NO INTERVENING NUMBERS—This is our first issue since May 29th. We were unable to secure priced catalogs for the early issues of June and then a shortage of help prevented us from printing them later in the month until now.

Ohlman's 51st Sale, June 10-11

Below are given complete prices for Mr. Ohlman's 51st sale. Spirited bidding from the floor made the sale of interest. Many lots advanced to double the starting point or even more as in the case of lot 442—Honduras 1877 1-2 on 2r—which started at \$4.10 and sold for \$10.50. Other desirable lots from this country developed similar competition. To enumerate all the lots selling well is beyond the possibilities of this review. The Ohlman catalogs go so generally to our readers that we submit the complete prices for the consideration of catalog holders.

Mr. Ohlman is mailing catalogs this week for a Saturday afternoon summer Sale to be held July 26th.

The stamps in the sale are a fine assortment and will no doubt bring forth many mail offers as well as floor competition.

Near the Season's Close

Most of the auction firms are closing the present season. From every source comes reports of a satisfactory season. Many of the dealers report greater interest in the auctions than in recent years. Our readers tell us the auction way has taken on an added interest since they are able to know how all the lots sell. We, however, are far from satisfied with what we have done. We have not been able to do what we should like to as regards the auction field. We have worked too long hours as it is but at that we have not been able to render the service our readers are entitled to.

But we are encouraged by the support collectors are giving us. Our second year has so much improvement over the first that we feel encouraged. We are getting the work in better shape and believe the coming year will see The Index the realization of our hopes.

We plan to enlarge the scope of the paper with the coming auction season. We have now a creditable list of readers and we are going to render a weekly service that will merit the continued support of those who have been our supporters from the start as well as the support of many more collectors.

We are now arranging to be represented at all the public auctions so that our reports will be more interesting.

We have not given up the idea of pricing other sales by this method. We solicit the continued good will of our large and growing circle of collectors.

HOW LOTS ARE PRICED IN PHILATELIC INDEX

If you are not familiar with the plan of pricing catalogs used in The Philatelic Index, the following key will serve you:

Each line contains the selling prices of the ten consecutive lots indicated by the index lot numbers at the beginning of the line. These are placed in ten vertical columns—all lots whose unit digit is the same being placed in the same column. Ascertain from the catalog the lot you wish to price. Locate in the index of that sale the line whose index numbers embrace the number of the lot you desire to price. Follow the line across to the column whose index figure (at the top of the column) is the same as the unit digit of the lot you wish to price. For example: Lot 437—Locate the line whose lot index (at the left end or beginning of the line) is 431-440. Follow this line across to the column indexed 7 at the top. The price given in this column in the 431-440 line is the price Lot 437 brought. Similarly any lot in the sale may be priced. A ruler or blotter or other straight edge will be a great help in accurate and quick pricing.

Lots withdrawn before sale are indicated by a dash (—) in place of price. Where a skip occurs in the consecutive numbering of lots an asterisk (*) is inserted instead of a price.

Each sale is priced on a separate leaf. Tear it out and paste it into the catalog to which it refers. You then have a priced catalog ready for reference whenever desired.

THE OLD DATE STANDS—(Continued from Page One.)

First Auction ever held is May 28th, 1870. And the item from Mason & Co.'s catalog quoted is a mistake.

We also received a communication from Mr. J. W. Fox, of Pottsville, Pa., which sets forth the same facts as to the date. It is as follows:

Replying to the letter of Mr. Everett Van Vorhis, Nelsonville, N. Y., in your issue May 1st, I can give you information taken from "Original Sources."

American Journal of Philately, Vol. 3, 1870, Page 65:—

"Auction Sale of Stamps on Saturday, Twenty-eighth day of May commenced a new era in stamp collecting in the United States and for that matter in Europe. Etc.

This particular number is dated May 20th, but I notice that the numbers of the first series of the volume are dated 20th of the month of issue, and I assume this is to mean "on or about," or as is done in the daily papers "forms held open for the insertion of belated important news."

Masons Coin and Stamp Collector Magazine, Sept. 4, Vol. 6 of the June, 1870, Page 93:

"On the 28th ult. a unique sale came off at Leavitt Strebigh & Company, auction rooms, Astor Place, it being the first public sale of Foreign and American stamps in this country if not in the world. Messrs. J. W. Scott & Co. deserve credit, etc., etc."

Following the above notice comes a priced catalog of the New York Postage Stamp Sale, May 20, 1870. A number of the items begin in this issue and run through all the issues of the year 1870, closing in the December issue.

The Mason Magazine, volume 4, number 9, Sept. 1870 notes a Postage Stamp Sale:—

"We shall offer at public sale at the Coin Rooms of Leavitt, Strebigh & Company, Astor Place, N. Y., on 8th inst. at 6½ P. M. by catalog a large quantity of Foreign and American Postage Stamps, etc, etc."

Mr. W. C. Stone, of Springfield, Mass., writes to substantiate the date as May 20, 1870. Mr. Stone lists some of the prices obtained which we shall use

SUBSCRIPTION:
ONE DOLLAR A YEAR

TO THE READERS OF THE INDEX

Although we are starting two months later than we had hoped to, yet we decided to not resume the publication of The Index unless it could be with the assurance that its weekly appearance would not be interfered with again. A fuller statement has gone forward as a personal communication to all our subscribers. We have our work arranged so that we shall be able to give enough of our time each week to personally prepare the copy for The Index. We enjoy the work and now that we shall have time to do it the weekly visits to our readers will be a source of great pleasure to us. We hope these visits will be equally pleasant to those who are devotees of philately and numismatics.

UNABLE TO DO THEM JUSTICE

We regret that with so many sales awaiting pricing that we are unable to review the sales held to the length they deserve. We shall first give our readers the figures for the different sales as we know these are especially wanted. We shall soon be able to give the sales the attention they deserve and that we desire so much to give them.

BARTELS 78th SALE OCT. 11 AND 18

**Season Opener Held As Two Saturday Afternoon Sessions Was Big Success—
Next Sale Nov. 22.**

J. M. Bartels Co., 99 Nassau St., New York, opened the season with their 78th sale which was held as two Saturday afternoon sessions—Oct. 11 and 18. This firm has built a reputation for good auctions and the mail bidders numbered more than 300. Our representative reports many strange faces among those present at each of the sessions which indicates wider interest in auctions this fall and winter.

A study of the prices with the catalog will show that good things are eagerly sought. For those who do not chance to have a catalog of this sale we enumerate below a few of the items, giving the starting point as well as the selling price:

And so we could continue to most any length we might choose for the sale was filled with fine stamps and fine stamps are now eagerly sought in the auctions.

A Rarity of the Future—Among the "show" blocks which will some day be the bone of contention in some auction was a superb block of 19 (6x3) 1918 \$5.00 lightly cancelled and perforated all round. It sold for \$26.20.

Other Bartel Sales—Mr. Bartels has now arranged several sales for this season. His next one will be held November 22nd. It will contain some fine early U. S. including some 1851-57 covers. Among the rare items is a vertical strip of 3 of 1851 3c showing the cracked plate through two stamps; many covers showing steamship and railroad cancellations. Among the foreign are early Europe and South America, Buenos Aires, Corrintes, Italy and old Germans.

In December a two session sale is planned—Dec. 15 and one other day. At this time the 19th century collection of Mr. I. Roos of New York City will be sold. This collection is strong in fine copies of used stamps—U. S., old Germans, German States. The catalog value is about \$11,000.

The middle of January a sale containing early issues only is being arranged.

You will want to receive the Bartels catalogs if you want to compete for some of the good things offered this season. The sales cover a wide range as to price so we are sure every collector will find something to interest. For those holding catalogs the following prices for all the lots in the 78th sale will prove interesting.

MORGENTHAU OPENS WITH FIVE NIGHTS

No Warming Up Deemed Necessary Before Putting On a Big Sale—Lots Average Slightly Over \$10.

There may have been a time when it would have been considered necessary to wait till later in the season before holding a big sale but not at this time. J. C. Morgenthau & Co. demonstrated their faith in the collecting public to buy good stamps right at the opening of the season by opening with a five-night sale, Sept. 16, 17, 18, 23 and 24.

The sale opened with some rare U. S. A fine copy of St. Louis 10c grey lilac on cover brought \$182.50—catalog \$150.00. A sale of this size simply is beyond our space to review with the credit that is due it. We shall give herewith complete prices for those holding catalogs and shall from time to time make mention of some of the rare items from it to fill our pages when pricing is slack. One such section will be Confederate Locals of which there were a very fine lot.

Some idea of the importance of this sale is gained from considering the total for the 2700 lots—\$28,388.85—slightly over ten dollars per lot on an average. Complete prices for those holding catalogs are as follows:

MOZIAN OPENED SEPTEMBER 6th

New York Dealer Will Hold Second Sale of Season Nov. 7—A Rare Revenue Then Offered.

Vahan Mozian, 125 W. 42nd St., New York City, opened the season with his 39th sale, Sept. 6. He has now mailed catalogs for his next sale which will be held the evening of November 7. These sales are cried by Auctioneer Walter S. Scott.

Mr. Mozian's sales are popular because they appeal to all classes of collectors. His cataloging we have always found conservative and fair. If you are not receiving his catalog you possibly are missing the items you want to secure this season.

In the coming sale one of the U. S. Revenue Rarities is offered—the \$500 second issue, black, green and red. The specimen has bright colors and although it has slight defects these are expertly repaired and unnoticeable. Its sale will be watched with interest.

The sale opens with 50 lots of rare books which will be sought by others than stamp collectors. There are 700 lots of the stamps from a wide range of countries. One part that is especially attractive at this time is that consisting of British war stamps on original covers. Withal the sale is one of considerable interest.

Prices for his September sale are given below:

SUBSCRIPTION
ONE DOLLAR A YEAR

In resuming the publication of The Index we are not going to be able to issue it weekly until the first of December after which time we shall be able to devote the necessary time to both the preparing of the copy as well as the mechanical work to give our readers the service promised. The two issues in November will be used to print the prices of several sales that have been held. In order to reduce the work to the minimum we shall merely list the prices for these.

Beginning December 1st we shall give even fuller accounts of the sales than in the past.

STAMPS AT PHILADELPHIA BOOK AUCTION

Some Prices Realized At a Public Sale Not Held by One of the "Regulars"

It is always interesting to get a report of a sale of stamps that is held as an adjunct to some other class of sale where possibly not so large a list of mail bidders will be competing.

Through the courtesy of our good friend P. M. Wolsieffer we are able to report such a sale held Oct. 29th in Philadelphia at the auction rooms of Stan. V. Henkels. The sale followed a book sale. The cataloging was by A. F. Henkels, president of the Philadelphia Stamp Club. Since few of our readers will have a copy of the catalog we shall mention some of the 66 lots so all may see how the floor bidders bought.

The opening lot was a copy of D. O. Blood & Co's. circular—1847—calling attention to their business and bearing two of their stamps #2239 and #2241, as samples, unused. Cancellation of D. O. Blood & Co. on back of circular. Condition perfect. (Cataloguer adds that he knows of but one other.) It sold for \$77.50. A fine copy of the 1847 5c sold \$4.75—two others at \$2.75 and \$2.25.

If the condition was good, unused copies of the 1870 1c went begging. A horizontal o.g. strip of 3 #145, cat. \$10.50 sold 70 cents. Horizontal and vertical pairs of the same sold \$1.25. A pair of the same and a strip of 3 of the 1879 3c, cat. \$8.50 brought 80c.

A copy of semi-official Philadelphia 1c gold on black, cat. \$25 sold \$7.

Unused Columbians, Trans Mississippi, Jamestown and Pan Pacific's sold slightly below face value.

Used copies of Bloods Locals 30 copies #2246; 2 of #2251; 8 of #2252 and 1 #2256, cat. \$24.00 brought \$4.25.

Two volumes of 19th Century Album, 1837 stamps, catalog \$80 brought \$28.

There were 66 lots which totaled \$280.

TO RESUME SALES IN JANUARY

B. F. Egan, of Indianapolis, Indiana, announces that he will resume his stamp auctions next month when he will offer a large and fine lot of low but hard to get stamps. Included will be a very fine lot of old issues of Brazil in singles, pairs and blocks. This will be his sixth sale and will probably be held the latter part of November. His address is 314 W. Beville Ave., Indianapolis, Indiana.

NOTICE TO COIN COLLECTORS

If you subscribed to The Index to receive coin sale prices alone we do not want you to send us a renewal. We have never priced coin sales complete but have all arrangements made to give a complete service for this season. We propose to give all our coin subscribers this season's Index for the subscription already sent. All but one of the coin dealers have agreed to send us priced catalogs. We have our own agent hired to attend the other's sales to list the prices. Prices for several coin sales will be printed in the December issues.

A number have advised us to help meet the cost of this publication by carrying advertising. During December and January we are going to mail 2,000 copies each week to as many advanced collectors. If you have something to tell these we shall be pleased to receive your copy. The rate will be \$1 per inch width of page.

UNITED STAMP COMPANY'S 201st SALE

It is our desire that the files of The Index shall price at least all the public auctions held last season. We shall include these sales as fast as our space will permit as we have the most of them in type now. Below are the prices for the United Stamp Co's. 201st Sale, held in Chicago near the last of last season.

PRICES FOR VOORHEES' 77TH SALE.

Chicago Dealer Sells Some Interesting Items November 29th. Devoting Entire Time Now to Stamps.

B. L. Voorhees, who needs no introduction to most of our readers, held his 77th sale at the Great Northern Hotel in Chicago, Saturday evening, Nov. 29th. The sale was cried by a licensed auctioneer, to whom "all stamps look alike."

The sale opened with a number of U. S., Confederate and Foreign covers. Nothing very rare and yet the prices realized indicate they were good and that covers are quite popular. Catalog was the exception with as high as double the rule.

Among the U. S. off cover a horizontal strip of three 1857 1c blue, type I, cat. \$22.50 sold \$26; 2 superb single of the same brought \$9.20. An unused copy of the 3c, outer line (43) went over catalog at \$10.25. A superb cancelled copy 5c brick red (45), cat. \$8, sold \$21.60, while a copy of the red brown (46) sold for \$14.75. Three copies of 5c brown, type I, cat. \$5 sold \$7.20, \$8.75 and \$8.60, while a copy of type II doubled the assessed valuation \$10.20 with type III close in the finals at \$10.

In the September 1861 issue a copy of 5c (67a) sold \$21.25 while (67b) went to \$30.50. An o.g. copy of the 90c (72a) sold \$22.50 against a catalog quotation of \$25 while a fine used copy 1869 90c exceeded catalog at \$18.75.

Some Rare Philippines. 5c orange of 1854 soared to \$46,—while 1r slate, No. 4, sold \$6 over catalog at \$21.

War Stamps. A portion of the sale which has a special interest to many was the collection of War Stamps made by Mr. James Hamill of Baltimore.

Superb used block of Bahamas 1898 sold as follows: 1-2 p. \$1.90; 1 p, \$1.20; 3 p. yellow, \$1.70; 3 p. (London print) \$1.60; 3 p. black and brown \$1.20.

Latvija, 1919, 5 k. red, complete imperforate sheet, printed on back of German military map sold for \$14.10.

Trinidad, 35 varieties, superb blocks of 4, cancelled on first day of use, a very desirable lot sold for \$8.50.

Newfoundland, 1919 "Air Post", \$1.00 on 15c scarlet sold for \$2.70.

The sale was filled with interesting items we should like to mention but must leave the rest for those who hold catalogs. The prices are as follows:

SUBSCRIPTION:
ONE DOLLAR A YEAR

ENCOURAGING LETTERS RECEIVED

We have received word from about half of those to who we mailed our first issue for this season. All urge us to continue the publication even though we find it necessary to ask more for the yearly subscription.

We are now in shape to give you an issue of The Index each week.

Many of our subscribers have offered some fine suggestions as to how to make the paper of greater service. We are going to adopt several of these which we are sure will make the reviews of the auctions of far greater interest.

If there is a field for The Index it will be continued. At all events it will be published until the end of this season. If you have overlooked answering our letter may we have your reply now as we do not want to annoy you with the paper unless you are willing that it shall be sent you.

To all who subscribed for coin prices alone we wish to state that we shall begin a complete service for these sales January 1st, 1920. Your year will be dated from that time.

We wish we could take the time to answer each letter received but as we have not the time to do this now we desire to express our appreciation to all at this time. We appreciate the words of encouragement received and shall endeavor to give you a paper that will meet the desires of all.

Many have sent us names to whom to send copies. We are personally writing all these and already have added a number of names to the list.

Those who answer now are requested to give us the names of friends they think will be interested in auctions. Mention The Index to your friends.

Yours truly, C. A. BURNER, Publisher.

JONES' SEVENTEENTH MAIL AUCTION

On page two we list the prices for A. A. Jones' 17th mail auction held Oct. 18. This sale contained quite a number of wholesale lots as well as many combination lots. As such it was of interest to exchangers and small dealers. Mr. Jones' sales especially appeal to the less advanced collector, small dealer and the exchanging collector. His address is Herrin, Illinois.

In the sale before us were many U. S. precancels. Collectors of these interesting stamps will find it advantageous to follow these sales as precancels appear quite frequently.

NASSAU STAMP COMPANY SELL RARE STAMPS

Imperforate Revenue Pairs and Strips Eagerly Sought If Prices Tell Any Secrets

Tuesday evening, Dec. 2nd, the Nassau Stamp Co., 116 Nassau street, New York City, held their 52nd Auction at the Collectors' Club. When this company accept a collection to disperse at auction it goes without saying that the property is worth considering. At this sale were many imperforate pairs and strips of U. S. revenues. As these are of interest to many collectors and offer a good subject for philatelic study by comparing prices paid for pairs and strips with catalog quotations on single copies, we shall list a few:

- 1c Express, vertical pair, \$3.25.
 - 2c Certificate, horizontal pair o.g.; horizontal strip of 3, used, \$4.00.

The Foreign contained just as interesting stamps which brought very good prices. Among these were some fine old Bavarians. Catalog quotations proved of little concern to the buyers. The same was true about the large number of lots of Bremen and Brunswick. We shall attempt to list a few of these.

Bavaria—1849 1kr deep black, unused \$18, \$25. Cancelled copies brought \$27.50 and \$30—all over catalog. Three lots of 10 copies each of 6kr sold at \$33.50, \$39 and \$43.

1851 12kr red, 3 unused copies \$16.50.

1867 unused copy of 12kr (19) sold \$13.25.

Bremen 1861 10 gr used \$25 and \$20, 5 sgr on piece of cover \$15.50, other used copies sold \$12.25, \$15 and \$18. A very fine used copy of 3gr (9) Cat. \$20 sold for \$35.

SOLE OWNER, PHILADELPHIA STAMP CO.,

21 South 17th St., Philadelphia, Pa.

Stamp Auction Sale Specialist since 1892. Explicit catalogs of all sales free. If you do not receive them, "BETTER GET ON MY MAILING LIST."

We Shall Price the Late Ones First.

As we have a large number of priced catalogs on hand, we shall give you the last sales held first and work in the others as quickly as possible. We are not short on coal and since our plant is largely devoted to printing newspapers we are not restricted to working hours. So with a determination to get this stack of catalogs behind us—we are off.

This season we are numbering the pages of this issue consecutively as many have expressed a desire to bind the volumes at the close of the year.

DREW & CO.'S 308th SALE DECEMBER 29

Daniel F. Kelleher, proprietor of the B. L. Drew & Co., 7 Water street, Boston, Mass., has mailed catalogs for Sale 308 which will be held at Hayward Assembly Rooms, Monday evening, Dec. 29. The sale will be cried by Wm. L. Aldrich, auctioneer.

To any of our readers not well acquainted with the auction firms we may say that the holding of so long a list of public sales as have been conducted by this firm should be recommendation enough as to their satisfactory dealing.

This sale is one that will interest any collector as its range is quite extensive. There is an especially fine lot of nineteenth century India.

An Interesting Announcement—Mr. Kelleher announces that he will offer shortly at auction a wonderful collection of old covers. The sale will contain nothing but covers. There will be singles, pairs, strips of old U. S., German States, France, Switzerland. This sale will certainly be watched with interest. The Index is arranging to have a full account of the sale prepared by one who will attend. As soon as it is ready to publish we shall give a review of the chief covers included.

BARTEL'S 81st SALE IN TWO SESSIONS

Well Known New York Dealer to Hold Fine Sale January 29th and 31st

J. M. Bartels Co., 99 Nassau street, New York City, has just mailed catalogs for his 81st sale which will be held at the Collectors' Club the evening of Jan. 29th and at the firm's rooms on Nassau street the afternoon of Saturday the 31st.

This is the sale we have noted before as being made up largely of early issues. These stamps have been bringing over catalog in recent sales and from the descriptions of the items in this sale we predict that the successful bidders in most cases will forget of catalog quotations. The sale opens with a number of early original covers from the U. S. Confederate States and a few from foreign countries.

Among the U. S. is a fine used block of four plus one extra of the 1879 90c bearing registered cancellation.

This is a sale of Early Issues and the range of countries is very complete. German States occupy a prominent position with many of the rare items included.

To review this sale would require reprinting the catalog. Those who are seriously interested will find Mr. Bartels ready to send a catalog for their consideration.

If you are not interested to the extent of becoming a bidder you will find our review of the sale sufficient without the aid of a catalog as we are arranging to report the sale showing starting points as well as selling prices for many of the lots.

FRANKLIN STAMP CO.'S NEXT SALE FEBRUARY 11

The Franklin Stamp Co., 200 South 15th street, Philadelphia, announces their next public auction for February 11. It consists of a well-balanced general collection featuring early U. S. both on and off cover, Germany and States.

This firm holds good sales which are cried by a licensed auctioneer. Catalog will be ready soon.

We are making a change in the character of the printing we are doing which with the elimination of some which has been only a source of worry to us, leaves us in a position to give The Index the needed time. The response to our letter of Nov. 14 has been such that we have paid all but fifty dollars of the note that is secured by our collection. If those who have overlooked it will remit we shall soon be a collector with a collection. We appreciate the loyal support given us.

We have just received the catalog of Doane's 123rd Sale which will be held as two afternoon sessions, Jan. 14 and 17 at his office in the Tribune Building, New York City. The sale is strong in U. OHLMAN'S 55th SALE, JAN. 6, 7, 8 BREAKS MANY RECORDS

Lady Bidders Show the Men How to Bid for Really Good Stamps—Have An Inning to Themselves for Superb Natals.

Not only in prices, but the auction lady attendance record, no fewer than eight members of the fair sex being present at the opening session and my how they did bid most of the male members off their feet.

No price was too high when the ladies wanted a lot, as samples:

Natal 2sh #107, cat. \$5.00 sold at \$7.10.

5sh #115, cat. \$7.50 sold at \$10.85.

10sh #116, starting at \$15.25 was fought out among themselves, selling at \$21.25 against a catalog value of \$12.00.

The sale, which was full of fine condition stamps, had not a vacant seat on either the first or second night and third session, (only Bri. Cols.) while not so well attended, was marked by the same spirited bidding as the first two sessions and the stamps selling at three quarter to over catalog were too numerous to mention.

A copy of Providence 5c of 1846 sold 30c over catalog while a beautiful copy of the 1847 5c brought \$7 against \$3 by Scott and another not quite so good sold for \$5.40. A blue cancelled copy of the first issue 10c sold over double catalog at \$17.75; another brought \$17.25 and an average copy sold \$9.10. A well centered copy of the 1869 90c sold over catalog at \$17.75—but to list all that sold above catalog in this sale would require an entire issue of this paper. With The Index prices catalog holders may spend an interesting evening with stamps. We list a few more as follows:

Among the superb foreign was a very fine copy of Cape of Good Hope 1855 1p #3a sold for \$9.90. Hawaii 1853 13c #6, cat. \$25, sold \$23.

Next sale, February 25-26th, will contain a splendid lot of U. S. including a superb o.g. \$5 State with part marginal imprint and many fine items in the foreign line.

Book your catalog early as we are dropping dead timber from our mailing list. Complete prices are given on the following pages:

DOANE'S 123RD SALE PRICED

New York Dealer Holds Two Afternoon Sessions January 14th and 17th

Percy G. Doane, 154 Nassau st., New York City, held his 123rd public auction Jan. 14th and 17th. The two sessions embraced over 1500 lots of U. S. Proofs and Essays. Sixty-three copies of the 3c of 1851 in various colors sold for \$2.30. The issue on India brought \$4.20; the 1890 issue sold \$4.75. Die proofs on India of Agriculture sold \$4. Card board proofs of the four dollar State values sold for \$3.25 and \$2.10. The complete Justice on India went to \$5.50.

A fine reprint of the New York 1845 5c sold for \$12.25.

Cataloguers will be forced to admit their quotation of the 1847 5c is too low. Ten copies in this sale sold from \$2.70 to \$6.20 with the average price near \$5. Copies of the 10c of this issue sold at \$13.75 and \$18.50 with colored cancellations.

A horizontal strip of 5 of 1851 5c sold for \$16.50 and a beautiful copy of the 10c, recut both top and bottom, sold \$18.75. A beautiful copy of the 5c red brown of the 1857 issue doubled catalog at \$14, while a beautiful cancelled copy of the 90c found a new owner at \$21.50—over 4 times catalog. A well centered copy of the 24c steel blue (78a) sold for \$16.

The imperforate revenues were present in pairs and strips. The usual fancy prices for such unmistakable copies prevailed. Strip of 5 10c B. of L., cat. \$3.75 sold \$7.75. Fine horizontal strip of 50c Life Ins., cat. \$7.50, sold \$18.25. Horiz. pair \$1. Foreign Ex. cat. \$7.50 sold \$3.75; \$2 Mortgage fine pair sold double catalog at \$10.

A damaged copy of the 6c proprietary sold for \$16. A beautiful copy of the \$200 sold for \$13.75.

In the second issue a fine copy of the \$1.60 sold for \$9.25; the \$20 at 7; the \$25 at \$7.70; and the \$50 at \$9. The 50c inverted medallion brought \$15.25.

A fine uncut copy of 1898 \$1,000 sold \$5 2.50, while a cut copy brought \$15.25. If these were very fine both sold cheap.

In the foreign the fine items sold high. A superb copy of Bavaria 1849 1 kr. #1 went to \$26.75. Brazil 1843 60r sold \$15.25 and the 90r at \$31—both over catalog. This sale was far above the average. It contained many moderate priced lots and also lots by countries. It therefore was of interest to a large number of collectors.

DREW'S ORIGINAL COVER SALE

Six Hundred Lots on Original Covers Offered in Boston at Auction,

The catalog has just been received for the most unique and interesting sale of the season—we have mentioned this sale before. It is to be held by B. L. Drew & Co., in Boston, Feb. 27. In order that many more may inspect the lots, Mr. Kelleher announces that they will be on exhibition in New York City—the place and date to be announced later.

The stamps in this sale are those which are rare off cover and so when offered on the originals adds much to their desirability. The stamps are early issues from all countries. If you are interested in stamps on original covers you will want to consider this sale. The address is B. L. Drew & Co., 7 Water st., Boston, Mass. This unique collection was formed by Mr. Menry Kehner, of Fitchburg, Mass.

A STATEMENT TO OUR SUBSCRIBERS

At the present time it seems that some workmen feel very little responsibility, as to giving notice of intentions of changing. Our issues are delayed because of such annoying circumstances. We have filled the vacancies and shall commence a regular issuing with the first week in February. The issue of January 29 will be mailed with the issue of February 5 and will contain only coin prices.

We have at hand prices for four recent stamp sales which will complete the pricing of all sales held up to Feb. 1st. These will be priced and mailed this week.

OHLMAN'S 56TH SALE CATALOGUED

We are in receipt of M. Ohlman's 56th Sale catalog, which is mentioned elsewhere. It will be held Feb. 25 and 26 in New York City. It is a sale of more than passing interest and with its wide range of single stamps of medium value up to rarities, will interest all readers of The Index. Among the U. S. are a superb lot of departments including a superb copy of the \$5 State, o.g., with imprint. The \$2 and \$10 are also offered. This sale is too large and contains too many fine stamps to permit of an adequate review. If you have not received a catalog, it will pay you to get one.

A Superb Collection at Auction Soon

The large collection of the late Dr. J. C. Alderson of Wausau, Wis., will be placed on the market this winter. Takes six albums to hold them. If you wish something real good and rare, drop me a card. First section will appear soon.

SPIRITED FLOOR BIDDING AT BARTEL'S 81ST SALE

A Sale of Earlies of All Countries. Catalog Quotations Forgotten When Fine Condition Items Are Offered. Some Rare Items Demand Spirited Bidding Before New Owners Determined

J. M. Bartels Co., 99 Nassau st., New York City, held their 81st sale of the early issues of a long list of countries in superb used condition. One hundred of the lots were on original covers which elicited the liveliest of floor bidding resulting in record prices. Among these was a Steamboat cancelled cover bearing the 1851 3c which started at \$7.75 and sold at \$10.75. A cover to India bearing the 7 and 6c of 1875 started \$6.25 and sold for even \$14.

Confederate Covers. Among the covers were a fine lot of Confederate States which advanced strong after the starting bid. In these the price before the dash is the opening bid and the one following, the selling price. We omit dollar signs.) 1861 5c dark green, 4.60—9. Superb pair 5c dark gray green, 8.75—18.75; vertical pair of the same, 8.00—14.50. A superb copy of 10c blue, 7.25—15.50. A very dark shade of the 5c of 1862, 4.60—12.75. Very fine copy of the 10c rose, 9.60—17.00.

Stamps Off Covers. A cancelled copy of U. S. 1861 5c buff started two dollars over catalog and advanced to \$12.25. An oddity in the way of a grill — 3c of 1870 with grill 18mm wide vertically through the stamp sold for \$22. A superb block of four 90c of 1879 with a fifth stamp at right sold nearly double catalog at \$23.75.

German States. Very few of these went below catalog. Bavaria 1859 1kr large margins sold \$25 while the same used brought \$26.25, followed immediately by another used copy which sold \$33.

While we should much preferred to make two issues of this matter so that our files would show no skip, yet in order to conserve time and get these later sales to our readers we are issuing it as a combination number. We shall make an earnest effort now to keep the issues on time having dispensed with sufficient unremunerative work to give us the time to do this.

BARTEL'S 82ND SALE, FEB. 28

J. M. Bartels Co., 99 Nassau st., New York, has mailed catalogs for their 82nd sale, which will be cried Saturday afternoon, Feb. 28, at their rooms. The sale is one which contains lots from all collectors. The sale opens with a number of original covers. The opening lot is one seldom mentioned. It is a beautiful copy of New York 5c on letter to Marseilles, France. Red N. Y. postmark "Jun. 15 5 Paid not touching the stamp, also three foreign postmarks. This unique cover with so uncommon a stamp will no doubt cause the sale to start with a bang. The U. S. while not extensive contain a number of rare ones. The chief one is a well centered o.g. copy of 1870 12c showing guaranteed grill. The sale closes with a number of combination lots from the Roos' collection, the balance being sold in this firm's December sale. Those who buy such lots for adding to their collections and trading will find this section of interest. If you have not a catalog you can quite likely be supplied if your request goes in at once.

OLD GERMAN STATES KEENLY SOUGHT

Fine Copies of These Early Issues Command High Prices in Morgenthau's January Sale. Total from Two Sessions Nearly Nine

Thousand Dollars

In Morgenthau's 157th sale held January 20 and 21 were many fine copies from German States. Some spirited bidding resulted in high prices for specimens where condition added materially to the attractiveness of the stamps. Those who have catalogs of this sale will find the prices below of absorbing interest. We shall list as many as our space will permit so that all may find interest in the sale.

The U. S. were not very extensive but of very high order. A lightly cancelled copy of the 5c brick red of 1857 sold \$13.50. An o.g. copy of 3c pink brought \$55 while the 5c buff of this issue unused sold \$47.50. An o.g. copy of the 3c rose, grill 13x16, of 1867 sold over catalog at \$26, while the 30c, 9x13 brought \$32.50. The sale contained a very complete lot of departments unused. Justice 30c sold \$15.50 and the 90c \$31.50. A very fine copy of 7c Navy sold \$12.25. A very fine copy of 1c Agriculture on soft paper sold for \$24.

German States—Bergedorf. 1861 ½s violet #1 sold one dollar over catalog at \$76. A horizontal pair of the ½s blue, #3 lightly cancelled, sold \$71.

Bremen. A lightly cancelled copy of 1856 5 gr on wove paper cat. \$9, sold \$21. The 10 gr, #7 used on cover to New York doubled catalog at \$40.50. A lightly cancelled copy of the same value but #14 sold for \$35.50.

Mecklenburg Schwerin Used singles of #1, 1856, sold for \$16.50, while in a pair the same stamp sold for \$37.50. The left vertical half of 2—4s red, #4, catalog \$37.50 sold for \$76, it was lightly cancelled "Hamburg". A vertical pair of No. 5 on original, sold at \$28. An unused block of four of 3s #7 sold \$21.50.

These are only a few of the fine things in this sale. It was especially strong in German States with the majority of them in used condition which adds so much to the desirability of their acquisition. To do such a sale justice is beyond the scope of the editor of The Index even if the space were available. We know that many of our readers are in possession of this firm's catalogs and that the prices below will prove of service to them.

MOZIAN'S 43RD SALE FEBRUARY 7

Now Preparing Copy for 44th Sale Which Will Well Be Worth
Your Consideration

Vahan Mozian, 125 W. 42nd st., New York City, held his 43rd Sale Saturday afternoon, Feb. 7th, Auctioneer Walter Scott in charge. The sale was mainly foreign countries, quite a few on the original covers. A cover with Romania 1862 30 para, two copies, went over double catalog at \$10.25; a very fine copy of the 20 para (25) sold for \$1.60 on original cover.

A cover bearing Sweden 1858 #6 and a pair of # 11a, catalog 62c sold \$4.25. A strip of 3 Timor 8 on 50 blue (39) on cover, cat. \$1.50 sold \$3.80. Tonga 1892 2½ p on 2 p. blue, cat. 75c sold \$3.30—a very good illustration what undisputedly postally used stamps of these countries will bring over the questionable copies. All through the sale original covers went considerably above catalog. Complete prices are given below:
